Teach-In Panelists Debate Merits of Capital Punishment Legislation

By DAVID POLI

Parochial in its conception of capital punishment, the social gospel campaign criticized Monday night.

The Social Gospel Committee, an old institution of the School of Social Work, considered the relation of determinism and discrimination in the death penalty. This is a line of the teaching. The conference was the first of the season to feature Social Work and Frank Goodman of the University of Chicago. The meeting was sponsored by the Committee Against Racism and Social Work and Frank Goodman of the University Law School. Panelists participating in the teach-in were Dr. Marc Riedel of the School of Social Work and Frank Goodman of the University Law School.

"There is very little evidence to show the inverse correlation of the death penalty and the economic level of society. It is a fact that in the last 30 years the poor have been sentenced to the electric chair more than the rich. This is a contradiction of a bill ingenting capital punishment in some cases and the Penal Code states that in the "bail statute it is not to be followed."

"In the capital of Great Britain, a constitutional law known as the Yard trial in 1881 in which the capital punishment for theft was abolished. This may become more common.

Jim Lomax, who represents a private non-profit organization on crime and violence, has developed a plan to encourage the killing of policemen, armed robbers and killers of witnesses to the prospects for an earlier end to the gasoline rationing crisis.

The American Automobile Association, in its weekly survey of gasoline usage, appeared to be the tightest since the beginning of the rationing program. The AAA, which sponsored the American Automobile Association, in its weekly survey of gasoline usage, appeared to be the tightest since the beginning of the rationing program. The AAA, which sponsored the complaint, said that the price of a gallon of gasoline in the United States and its refineries would drop sharply after the Friday night meeting of the Middle East oil ministers in London. A meeting of the Middle East oil ministers in London was scheduled to begin Tuesday. Since the opening of the conference, critics of the rationing system have been calling for an early end to the rationing program.

**Music**

**Laine Promises Encore Concert**

By EUN A RAE

Lona Laine and John Dankworth, whose first appearance at the Brandenburg was an overwhelming and rewarding performance for the faculty and students who attended, are scheduled to perform again on March 6 and 7.

Laine, who has combined both press and production work in her capacity as a contemporary opera director and conductor, will be accompanied by John Dankworth and his band. Their performance will be a blend of glee and the art of classical music.

**'Dance' Set Designer Likes 'Gloomy Romance'**

By PEGGY FINN

Santo Loquasto, at the age of 29, has been described as one of the most successful and dynamic young set designers in the country. His work has been seen in productions ranging from Broadway to the Shakespeare Festival in Central Park.

Loquasto's design for the recent production of Shakespeare's "The Dance of Death" at the Astor Place Theater, in New York, has been widely praised. According to Loquasto, his design is based on a "piece of music" that he composed himself.

Loquasto's work is characterized by its inventiveness and innovation. "I try to create something that is new and different," he said. His designs often incorporate elements from various styles and periods, creating a unique atmosphere for each production.

Loquasto's work is also known for its technical expertise. "I want to create a world that is as real as possible," he said. "I believe in the power of imagination, and I try to use it to create a world that is both real and magical."

**Rental Increase Shocks Reader**

The recent rental increases in University housing were, to say the least, unexpected. The Housing Department has announced drastic increases that will affect roommates in all University housing. The increases are the result of an audit that revealed that the University was not covering its costs. The University has decided to increase the room rates in order to cover these costs.

**How to Deal With MOVE**

By Peter Ginsberg

Members of the work Philadelphia-based MOVE have spread across the University community in a very threatening manner. Despite MOVE feeling sure of itself and always based on delusions, the group's threats and actions are not to be taken lightly.

Although denial of accusations being made in recent University newspapers and statements about MOVE's alleged crimes do not add to reality, MOVE has threatened to take action. Current situations at the University do not yet appear to favor MOVE, and their threats and action are causing a great deal of concern. The University community must stand together and not allow MOVE to gain any ground.

The University administration is not backing down, and the move is being treated as a serious threat. This is the right response, and it is to be hoped that MOVE's actions will not escalate.

**Prose for Our Time**

By Mike Silver

Forget all those Consequence speakers, now everyone turns out for strikers. (*It takes out the fun*)

Jeff Chodorow

**Letter to the Editor**

The recent rental increases in University housing were, to say the least, unexpected. The Housing Department has announced drastic increases that will affect roommates in all University housing. The increases are the result of an audit that revealed that the University was not covering its costs. The University has decided to increase the room rates in order to cover these costs.

**This righteous stand can only serve to further stifle the open exchange of ideas that is so essential to a free society.**

**The MOVE appearances will not stop unless a solution is found to this very difficult and intricate problem.**

The disruptions have left the audience feeling short-changed, angry, and perhaps ready to fight back.
Wilson Picks New British Cabinet

News in Brief

Minority coalition cabinet. that would have pledged him to voting on a Labor Party resolution in Parliament. although he was in political odds with Prime Minister and other labor disputes.

Monday evening and was asked to setting Monday after failing to form a government—the first crisis he inherited from Heath, the crippling nationwide coal miners' strike that helped lead to the downfall of the Hume Minister.
Harvard Brown Top Ivy Frosh; Look to Aid Varsity Next Season

By MIKE PRESENT
First of a Two-Part Series

As Harvard's basketball team hits the road this weekend, Coach Bill Rackley will be looking forward to meeting his two points, and another narrow defeat at Brown. The Bruin record is 11-12 and the Harvard varsity is 1-6 in Ivy League games.

The Crimson did well enough in its opening game to win 62-58 at Penn. The Crimson's main asset was point guard Andre Williams whose 26 points included a six goal performance in the 200 Backstroke. Williams' backstroke time of 1:53.80, and 1.91 was one of the better freshman performances in the league during the last four years. The Crimson's main asset was point guard Andre Williams whose 26 points included a six goal performance in the 200 Backstroke. Williams' backstroke time of 1:53.80, and 1.91 was one of the better freshman performances in the league during the last four years.

Frosh Icemen Complete Ivy Log; Brown Once Again Leads Circuit

By Bob Williams

In reviewing the various freshmen basketball teams in the Ivy League, few schools have a better collection of talent than Harvard. The Crimson varsity on the other hand will send up to the varsity two ex-freshmen mentors can be considered. Against New York University, Mike Haley and Joe Stewart contributed 12 and 11 points, respectively, with (Iilligan picking up another three.

The Crimson's main asset was point guard Andre Williams whose 26 points included a six goal performance in the 200 Backstroke.
