Faculty Senate To Vote on Plan For Grievances

By LYNNE TRACEY

The Senate Advisory Committee to the Faculty Senate last week proposed an alternate plan to the one that the Student Assembly decided to support last month. The alternate plan would allow Senate Advisory Committee power to take action in the more controversial issues.

Senators, Jointing said the grievance report was not formally approved by both the Senate Advisory Committee and Student Senate. Also on the Senate agenda is an Academic Planning Committee meeting to arrange what you've been doing for the past years.

***The Last American Hero***

**THURS. APR. 18**

An interesting little film based on a version of Tom Wolfe articles about James Jackson, a New York white-collar worker who turns an armorer and racer. A fairly interesting character study of a middle-class没钱硬汉, as well as a look at the times, as played by Jeff Bridges, but the racing footage is necessarily fast.

**The Grapes of Wrath**

**C.A. Aud., 3:30 & 8:30**

Growing up as a farmer's son in a Mississippi sharecropper family, you and your family are swept away by the same social conditions that will destroy you. This is a story of life and death.

**Black Comedy**

**C.A. Aud., 8:00 & 10:30**

Cocktail party, murder, horses, and the same weekend your fiancee's father and ex-collector in town is coming to look at your work. The curtain is at 8:00 P.M. and tickets are $1.00.

**The Glass Menagerie**

**FRI. APR. 19**

This is the most recent television version featuring Katherine Hepburn as Tennessee Williams' great mother figure.

**Rent and Let De**

**FRI. APR. 19, 9:00 & 11:00 P.M.**

Rogue 'The fun' makes the final Jones family in this version of the play where they are not quite rich, not quite poor.

**Three Ways Come**

**C.A. Aud., 9:00 & 11:30 P.M.**

A series of monologues performed by three different women, each equal in power to the homeless novel of the inaugural José family that is not quite the same as you.

**Sundays, APR. 21**

**Linelight**

**Fine Arts Aud., 7 & 9:30 P.M.**

A sentimental story of a student who has just returned from his vacation and is about to start a new semester.

**Music**

The Phantom Seatbelt

By Mark Mancini

Many and varied are the indiscretions of the federal government in the face of the entire United States. In the Federal Government, there is little that can be expected with any confidence of being done honestly and without bias. In consequence, in the execution of its duties, the Federal Government is continually open to suspicion and criticism. In the Federal Government, there is little that can be expected with any confidence of being done honestly and without bias. In consequence, in the execution of its duties, the Federal Government is continually open to suspicion and criticism.

The Phantom Seatbelt

The Phantom Seatbelt is a new and innovative seatbelt system designed to improve safety in vehicles. It is currently being tested in several models of vehicles, and initial results have been promising. The system is designed to work in conjunction with existing seatbelts, providing an additional layer of protection for passengers in the event of an accident.

The Phantom Seatbelt is activated when the vehicle detects an impact, and it deploys a series of inflatable cushions to cushion the impact and distribute force across the body. The cushions are designed to be durable and lightweight, and they are connected to the seatbelt system to ensure that they deploy quickly and effectively. The system is also designed to be easy to install and use, with clear instructions included in the user manual.

The Phantom Seatbelt is currently available for purchase through select dealerships. For more information, please visit the website at www.phantomseatbelt.com.

Financial Aid Figures

The University has a unique plan which awards a total of $50,000 to all University employees dependent upon their level of contribution.

Tuition

The University has offered a total of $50,000 as a financial aid to 1000 high school seniors who have been admitted to the University. Each year, the University, through the Services to the Student Fund, has offered $50,000 in aid to total aid.

Grievance

Key is seeking funds in their college work program. Ross explained that he has met with some faculty members and that he was now conducting a series of meetings with students. He said the information they give won't be available under the reduced schedule. According to the Plan, the faculty member must give one semester's notice and must take a reduction in pay. For every two years spent working under the reduced schedule, the faculty member's notice can be reduced by one year toward the awarding of tenure.
