Cost of Sugar Drives Up Soda Prices

(Continued from Page 1)

Produce is another item which has been stable but it also is predicted to rise next month. "Produce has been a good buy," Brodbelt said, noting the price of fresh vegetables has remained stable through the season," he said, but predicted price hikes in other vegetables such as corn and tomatoes.

"Our produce prices are excellent," Abney asserted, explaining the Co-op's sales of fresh vegetables have increased dramatically over the last months. "High feed and grain prices will still have to be paid to the farmer. Brodbelt said he did not know how much the November increase would be, but said Wawa "will not put the retail price up until we see how much the increase is and what our competition is doing." In local stores, milk prices were down two per cent, while yogurt and milkshakes saw no gain.

Most prices in the survey were reduced by a couple of per cent, bananas up 12 per cent, hamburger up 11 per cent, and orange juice and milkshakes down one per cent and fresh furthers down 12 per cent. Brodbelt claimed Wawa deli prices have been "pretty stable" with furters down 12 per cent, bacon up 11 per cent, and cheese showed no gain.

Letters to the Editor

Abortion and Catholicism

Basic Misconception About Teachings

By Gerald Early

Dear Editor,

In closing, I would like to mention that the erroneous misconception about the Church's attitude on this matter is "one should make babies and therefore suit God." If you think about it, the Church has never taken such a position. In fact, it has always been pro-life. When a person is born, the Church sees it as a new soul being brought into the world. Therefore, it is not the Church's view that one should have babies to suit God. The Church's view is that one should have babies for the sake of creating a new soul in the world.

Sincerely,

Gerald Early

Doubting Woman's Facts

By Andrew L.

Dear Editor,

I would like to respond to Doubting Woman's letter. She states that the Church's attitude towards marriage and the family is "a way out" without sin. However, she is incorrect in her assumptions. The Church teaches that marriage is a sacrament that binds a man and woman together in a lifelong commitment. It is not a "way out" but rather a commitment to God and each other.

Sincerely,

Andrew L.

African Queen

Showtime: 8:00 P.M. 

Admission: Free!

BOGART FILM FESTIVAL

Every Tuesday in Oct.

Tonight's Feature:

African Queen

We'll be screening Bogart’s classic “African Queen,” starring Humphrey Bogart and Katharine Hepburn. This adventure comedy takes place in World War I era British East Africa and follows a hard-bitten, irascible captain (Bogart) and a headstrong spinster (Hepburn) as they navigate down the river in a leaky dhow to help the British forces in their secret war against the Germans.

For more information, please visit our website or call our box office.

End of Document
Deans Resumes Stand
Washington (UPI) - Reserve commission chairman John Dean, who has been absent from the Watergate cover-up trial after taking the stand to testify for the last straight day of testimony.

Prosecution questioning of Dean, the first witness in the case, is expected to last only a few hours on Tuesday, and the federal judge is expected to keep it that way.

One lawyer said the cross-

examination could last the next two weeks. The trial is expected to last the fourth week of U.S. District Judge John J. Sirica.

Dean, once White House counsel under former President Richard M. Nixon, is considered a leading guide to testimony in the case covered by the newsmen.

3 Kent State Jurors
Excused From Trial
Cleveland (UPI) - Chief U.S. District Judge Frank J. B征ter Monday dismissed three prospective jurors at the trial of eight former National Guardsmen charged in the Kent State shootings.

The jurors had indicated they could not completely dismiss from their minds sympathy or prejudice for the former guar-

dings. The defendants are charged with murder and assault in the deaths of four people who were killed and nine others who were wounded in a 3-

second burst of gunfire during a campus antiwar demonstration May 4.

Ford Holds Parley
With Mexican Leader
Magdalena, Mexico (UPI) - President Ford and Mexican President Luis Echeverria held day-

long Sunday to discuss a variety of matters, including drug smuggling, but the two presidents failed to agree on joint efforts to curb the border from Nogales, Arizona, to Mexico's state of Sonora.

With a friendly, chatty crowd of 300 in Ford's first visit to a foreign country as President began yesterday when Echeverria escorted him across the border from Nogales, Arizona, to his native city of Nogales, state of Sonora, and the two presidents proceeded to hear their national anthems and exchange pleads of friendship.

Nature of the Program
This is a program to enable some of our most talented students to enroll simultaneously for an undergraduate and graduate degree program. The experience is designed to facilitate the development of an integrated plan of study that links the undergraduate and graduate programs.

In order to qualify for admission, the student must be able to demonstrate the following:

1. A strong academic background in the area of study.
2. A commitment to pursue graduate study.
3. A demonstrated capacity for independent research.
4. A high school transcript; and

A. a dossier consisting of the following materials should be submitted to the faculty sponsor and the university:

B. a letter of recommendation from an academic advisor.
C. a letter of recommendation from a prospective graduate advisor.
D. a letter of recommendation from the director of the program.

How does one become a University Scholar?
Eligibility for admission is determined through a rigorous and competitive process that involves a personal interview with the faculty sponsor. The decision to grant the University Scholar designation is based on the student's demonstrated potential and academic performance.

What is the University Scholars Program?
The University Scholars Program is a unique and innovative program that provides opportunities for the most talented and motivated students to pursue graduate study in a supportive and collaborative environment.

Who should apply?
Eligible students are typically on the cusp of their academic careers and are looking for opportunities to engage in meaningful research and creative work. The program is open to students who have demonstrated exceptional academic achievement and a commitment to intellectual inquiry.

Eligibility requirements:
- A strong academic background in the area of study.
- Demonstrated potential for graduate study.
- A strong commitment to independent research.
- A high school transcript; and

A. a dossier consisting of the following materials should be submitted to the faculty sponsor and the university:

B. a letter of recommendation from an academic advisor.
C. a letter of recommendation from a prospective graduate advisor.
D. a letter of recommendation from the director of the program.

Benefits of the University Scholars Program:
- Access to a diverse range of resources and opportunities.
- Opportunities for interdisciplinary collaboration.
- Support for professional development.
- Access to a community of scholars.

For more information, please contact the University Scholars Program office at your institution.
Fans, Opponents Find Quaker LBs Easy to Identify

JOE GOLDMIRK

Imagining your surprise if one of your friends suddenly made up in your presence differences in opinion, when they turn out to be the same! Pros and cons have dropped out of sight in the open sunshine, and after they have been thoroughly homogenized by a bowlful of chocolate-mint ice cream.

Sarruda and Mandula - a rising young guard and center for the Penn football team - will be in action this Saturday, October 22, when the Quakers take on the University of Pennsylvania at Franklin Field. Their presence will be welcomed by the 2,000 fans who will be in attendance to watch the game.

Borozzi Bound to Booster Bowl

In mid-year Bid for Respectability

BY TOMY TERRA

Saint John Borozzi is back. After the Quaker football team was blown out, 22-0, by the New York University Violets last Saturday, Borozzi emerged as the hero in the locker room after the game. He is the only person on the team who has returned to the game this year after missing all of last year due to an injury.

Borozzi, who has been a key player for the Quakers, is expected to return to action this week against the University of Pennsylvania. His return will give the team a boost in morale and help them get back on the track to winning again. Borozzi is known for his hard work and dedication to the team, and his presence on the field will be much missed.
