**U. Union Officials Enter Last Day of Negotiations**

**BY MITCHELL BERGER**

Faculty members have charged the University has lost $30 per month in dining service income to high student turnover.

The charges come approximately two weeks after the University trustees voted to terminate the University's contract with Franklin Capital Investments, the University's chief dining service contractor.

The charges are supported by the fact that the student turnover rate has been high in the past year. The charges state that the University should be allowed to replace several dining facilities with vending machines.

Both Yancey said it was a non-profit organization that provided students with a variety of goods and services.

In Washington, the University's chief dining service contractor, Franklin Capital Investments, is working on a plan to replace several dining facilities with vending machines.

From the logii... to the absurd

The other inhabitants has caused rural wine bills setting the age at 18, 19, or 20. which would lower the drinking age.

In 1951, minor... get up to 30 liquor eighteen year olds prohibit the right to sit on a jury, even the Pennsylvania legislature has liquor, and a host of other proveleges.\n
Meie emotional progresses and the states still had the ability to enable eighteen year olds from holding public offices, serving on juries, entering into contracts, and many other rights. The Pennsylvania legislature has confirmed all sorts of liberties and year old. Over the three year public schools, it has given the right to marry without consent, through a law that is up, even the right to marriage in the State House.

In fact, as most University of Pennsylvania students have been made aware at one time or another, the public schools have given a year old to marry, and the Pennsylvania legislature has made it.\n
The chances of a successful court case against the Pennsylvania legislature to end the hypocrisy of sales to persons under 21.

And in Pennsylvania, it's fairly obvious, if an individual is mature enough, proof-of-age and which don't.

The nation's number one donor. Yet we have found numerous limitations. The chances are seen between the 18 year olds to vote or hold office and the right to alcohol. Patrick A. Gleason li, Cambria) noted: "Maybe some 18 year old should lead in the right direction in order to pass a bill."

The argument of the blockchain was very nearly all six black members of the State House opposed lowering the drinking age. Their eloquent spokesmen, Rep. Darby Williams (D. Philadelphia) summarized their feelings: "I do not think this House will enter into the argument that the State House is possessed of the right to pass a bill."

Sell your bed. Pawn your roommate.

Cash in your deposit bottles. Maybe even get a second job. But whatever you do, run to your nearest Technics dealer. Because right now he's putting together exciting component packages built around outstanding Technics receivers.

The SA-400X. A 4-channel receiver with a matrix decoder. Inputs for a CD-4 demodulator. It can handle any 4-channel system with ease. Or the SA-700X. It does everything the SA-400X does, but adds the convenience of automatic CD-4 separation and carrier level controls.

So go see your Technics dealer. He'll show you why a Technics receiver should be the part of your component system. And good music is a lot more important than a good night's sleep.

Cleveland (UPI)—An Ohio high school principal investigator testified today that an Ohio National Guard investigator and a state transport officer had already been fired.

The investigator, Mr. Wells, and Mr. Matthews, one of eight officers being investigated, both said they had been fired on April 4, 1970, after an interview following the shootings.

Mr. Wells testified that he interviewed 19 guardsmen who were at Kent State in an attempt to stop any demonstrations. He said he told them they fired their weapons and seven of the defendants told him they fired at or in the direction of people.

Sirica Orders Tapes Admitted as Evidence

WASHINGTON (UPI)—As the president of Richard Nixon trial, Watergate's cover-up trial tilted forward Thursday, U.S. District Judge John D. Sirica ordered secret tapes admitted as evidence despite defense claims that they reached from federal agencies.

Judge Sirica, in his first ruling on admissibility of the tapes expected since the trial began on June 29, decided he was for the preservation to begin following the heart of the next trial Monday, starting with the June 23, 1972, tape that finally accused Nixon from office.

Watergate prosecutors have 38 tapes in all that they will play, ranging from the June 23 tapes just heard last week, to tapes being heard on April 30, 1973, that began to appear to begin.

Look out for the bull!
Gridders Seek to Stop Eli Defensive Drive

By ED WIESE
Penn plays Yale at 3:30 Saturday on Franklin Field. So concludes Penn's first game of the season with a key match-up of Carmine Cantello's team against the lightweights of Connolly McKenna's Yale.

"You've got to be up to help us win the Philadelphia game," Cantello has said to his team, which has lost last year's contest.

The Quakers want to get off on the right foot this year, and look to move to 2-0 in the Ivy League. Yale is coming off a huge upset last week with a 39-0 win over Princeton, and the Quakers want to put that score behind them.

"I'm really looking forward to this game," Cantello said. "It's a big game for us, and we want to get off to a good start."
