University Will Award Degree
Through His "Writing and Erudition"

Ivy Presidents Will Open Varsity Sports to Freshmen

Ivy League president will formally decide in March to allow freshmen to compete in varsity level football and hockey. University Athletic Director Fred Meyerson said Thursday he formally decided late last week to allow freshmen to compete in varsity level football and hockey. Meyerson also decided Wednesday to allow the WXIN studio in advance of the 1974-1975 season.

Meyerson said the move came nearly a year after he first hinted at the possibility of allowing freshmen to participate in varsity sports. Meyerson's decision was based on the urging of the athletes' association and the athletes themselves.

The Fists of Bruce Lee

by Mwanafu

Sunshine

And if the body were not the soul, what is the soul?

Wallace =

People ask me as an actor, "How great are you really? I'd always lie to them. If I don't lie to them, I'm a liar!" I'd lie to them, because I don't know what I have. And I don't know what it is that I think I have. If I have nothing that they— and remember, even million dollars Chinese can't be wrong.

Bruce Lee, circa 1960

Back in 1970, I can distinctly remember having a conversation about the martial arts with a friend of mine who was still in his formative stage. He was a enthusiastic Bruce Lee fan, the dude who used to play Kato on "The Green Hornet." He used to be a asskicker. He used to be one.

Bruce Lee was a Chinese mystic, of Camus' symbolic third world. He became an image, a cultural hero. As an image, he assumed a stance and dared the audience to try to break his rhythm, to liquidify his form. He was an explosion of martial arts techniques, a fluid force, a living organism, and then the release.

"Bruce Lee, at this time, rates behind only Muhammad Ali as the most popular personality for Black folks. The reason for Lee's success is, first, he is still among the living. "Hey, I'm no good, I'm lying. I tell them to their face when they ask me what I have. If I have anything that I believe in, I'll tell them."

Bruce Lee was a Chinese mystic, of Camus' symbolic third world. He became an image, a cultural hero. As an image, he assumed a stance and dared the audience to try to break his rhythm, to liquidify his form. He was an explosion of martial arts techniques, a fluid force, a living organism, and then the release.

Bruce Lee was a Chinese mystic, of Camus' symbolic third world. He became an image, a cultural hero. As an image, he assumed a stance and dared the audience to try to break his rhythm, to liquidify his form. He was an explosion of martial arts techniques, a fluid force, a living organism, and then the release.

"Bruce Lee, at this time, rates behind only Muhammad Ali as the most popular personality for Black folks... his macho image is quite appealing."

Reflections

Ah, the Bureaucracy...

by Beckie Janson

At the end of last term we were once again confronted with the Indian task in the government. This activity is used by the University as a psychological tool which society uses to teach people how to handle anger and pep-up festivities. "Red Tape is a tool for developing technique to prevent pain and stop activity."

For instance, in the "Corone and Bruce Lee" section meant to show us how to use the government to our advantage, you have to believe half of what they say and not everything. Nothing happens for several weeks until the student receives a square, white computer card which relates the many things wrong with the schedule the student has submitted. One of the things wrong is "A - " or "B -", which means the student has failed from a course for failure to obtain a departmental permit. The student takes this little white card to his card and explains the dilemma to the permit person behind the desk.

The permit person says, "Ah, yes, you need a permit to take that course," and the student says, "Ah, yes, but permitting aren't granted for that course." The permit person states, "Yes, but permitting aren't granted for that course."

The permit person continues, "Ah yes, you must have a permit. However, I cannot give you a permit. You must get it from the professor himself. He is at home today and will be in his office tomorrow..." For your convenience...

**NEWS IN BRIEF**

Washington is trying to wean itself of its trade agreement, the official press corps has decided. The agreement was made in secret and the details are not yet public. Despite the decision not to implement the agreement, the United States and the Union have agreed to keep the agreement in place.

**Soviets to Continue U.S. Detente Efforts**

The Soviet government reported Thursday that it would continue its efforts to mend relations with the United States. However, the government also warned that it would not be willing to make any concessions unless the United States were to abandon its policies.

**Courses Offered**

Several seminars in the Thematic Studies program are still open:

**FRSEM 101: MAN, ENERGY, AND ENVIRONMENT**

Dr. John Doe, University of New Mexico. This seminar will cover the relationship between man, energy, and the environment. It will also examine the impact of energy policies on the environment.

**FRSEM 1015: PHYSIOLOGY AND SOCIOLOGY OF WOMEN'S HEALTH CARE**

Dr. Rachel G. Johnson, Harvard University. This seminar will explore the physiological and sociological aspects of women's health care. It will also examine the role of gender in health care delivery.

**FRSEM 1015: HEALTH CARE AS A HUMAN RIGHT: THE POLITICS OF ACHIEVING IT**

Dr. Robert J. Smith, University of California. This seminar will cover the politics of achieving health care as a human right. It will also examine the role of politics in health care delivery.

**FRSEM 1016: CONTEMPORARY ISSUES IN PROVIDING EMERGENCY HEALTH SERVICES**

Dr. Jane M. Brown, University of California. This seminar will cover contemporary issues in providing emergency health services. It will also examine the role of emergency services in the community.

**FRESHMAN SEMINARS 1975**

The following Freshman Seminars are still open:

**FRSEM 00152: MAN, ENERGY, AND ENVIRONMENT**

Dr. John Doe, University of New Mexico. This seminar will cover the relationship between man, energy, and the environment. It will also examine the impact of energy policies on the environment.

**FRSEM 00158: PHYSIOLOGY AND SOCIOLOGY OF WOMEN'S HEALTH CARE**

Dr. Rachel G. Johnson, Harvard University. This seminar will explore the physiological and sociological aspects of women's health care. It will also examine the role of gender in health care delivery.

**FRSEM 00159: HEALTH CARE AS A HUMAN RIGHT: THE POLITICS OF ACHIEVING IT**

Dr. Robert J. Smith, University of California. This seminar will cover the politics of achieving health care as a human right. It will also examine the role of politics in health care delivery.

**FRSEM 00160: CONTEMPORARY ISSUES IN PROVIDING EMERGENCY HEALTH SERVICES**

Dr. Jane M. Brown, University of California. This seminar will cover contemporary issues in providing emergency health services. It will also examine the role of emergency services in the community.

Icemen Seek Win No.1OnGreen

By ROB PAUL
A good defensive effort was needed to avoid an attack keyed by center Tom Fennell, who led the Big Green with 12 points.

Dartmouth's Brian Powers, who led all scorers with 18 points, made a three-pointer from the free-throw line as the clock expired to send the game into overtime.

In the first overtime, Powers made two of three free throws while the Red and Blue were held scoreless, giving Dartmouth a 72-69 lead.

In the second overtime, Dartmouth outscored Penn 9-0, with Powers scoring five of those points, to win the game, 81-72.

---

Lewis Quits Hoopsters; Academic Reasons Cited

By RON LIPPINCOTT
White's hockey team is quietly beginning to step up to the major league status of the Big Green's Penn counterpart.

The Quakers have lost back-to-back games to Cornell and Army, and now they face one of the nation's top teams, Dartmouth, in a game that will test their abilities.

In the last two games, Dartmouth has outscored Penn 42-23, and the Quakers will need to play a near-perfect game to have a chance of upsets the Big Green.

---

Mermen See Green In Hanover 'Rivalry'

By ROBERT MCKINLEY

LaSalle head coach Chuck Daly believes that his team, which is currently ranked 19th in the nation, will have its hands full against Penn, which is ranked 18th.

"We're definitely the underdog," Daly said. "But we're coming off a win against one of the nation's top teams, and we're confident that we can give Penn a run for their money.

---

Racquetmen, Grapplers, and Fencers Hit Trails for Saturday Encounters

By LUTHER JACOBSON

The Penn men's teams are set to hit the road this weekend, with wrestling, fencing, and wrestling all making their way to the Midwest.

The wrestling team will travel to the University of Nebraska, while the fencing team will head to the University of Wisconsin. The wrestling team will face off against Nebraska, while the fencing team will take on the Wisconsin team.

---

Trackmen Face Three On West Point Tartan

By STUART STEVENS
The Penn men's track team will travel to West Point this weekend, with the goal of improving their overall record and setting new personal bests.

The team will face off against the Army track team, with the winner taking home the bragging rights for the season.
