U.S. Supreme Court Rules

Washington, D.C. — The U.S. Supreme Court ruled on Monday that the federal government cannot prevent states from permitting abortions after viability. The court's decision was a 6-3 vote, with Justice Samuel Alito writing the majority opinion.

The case, Whole Woman's Health v. Hellerstedt, involved regulations in Texas that required abortion providers to have admitting privileges at local hospitals and to have surgical facilities that met the standards of ambulatory surgical centers. These requirements were challenged by abortion providers who argued that the regulations were unconstitutional because they had a chilling effect on the provision of abortion services.

In a dissenting opinion, Justice Elena Kagan wrote that the regulations were a direct attack on a woman's right to make her own reproductive choices. She criticized the majority's decision as a “corrosive victory for the abortion opposition.”

The Supreme Court's decision is likely to be challenged in Congress by abortion rights advocates who plan to introduce legislation to overturn the decision and restore the right to abortion. However, the Court's ruling is final and cannot be appealed to a higher court.

Lest We Ever Forget

By Michael Friedman

Even though the name of Thomas Jefferson, the author of the Declaration of Independence, remains on the cornerstone of the University of Pennsylvania, his later life is not as well known as his contributions to the early development of the United States. Jefferson was a remarkable man who had a profound impact on American history.

Jefferson was born in 1743 and grew up in Virginia. He attended the College of William and Mary and then enrolled at the University of Pennsylvania in 1762. He graduated with honors and went on to become a lawyer and a politician.

Jefferson served in the Virginia legislature and later as a delegate to the Continental Congress. He was one of the leading figures in the American Revolution and played a key role in drafting the Declaration of Independence. After the war, he was appointed as the first Secretary of State under President George Washington.

In 1789, Jefferson was appointed to negotiate the Louisiana Purchase, which doubled the size of the United States. He went on to serve as the third President of the United States from 1801 to 1809. During his presidency, he launched the Louisiana Purchase, founded the University of Virginia, and established the Lewis and Clark Expedition.

Jefferson's legacy includes his contributions to the development of democracy, his emphasis on education, and his belief in the importance of science and technology. Even though he died in 1826, his ideas continue to influence American politics and society.

Letters to the Editor

Dean Protests Choice of Ford

At a press conference on April 26, Students for a Better Environment (SBE) requested the President show his support for the environment by choosing an environmentalist for the post of Dean of the College of Arts and Sciences.

SBE's request was in response to the announcement of Dr. Albert Ford as the Dean of the College of Arts and Sciences. SBE contends that Ford's lack of environmental awareness makes him an unsuitable choice for the position. SBE has been advocating for an environmentally conscious dean to oversee the College of Arts and Sciences, which is responsible for over 100 courses that have an environmental component.

SBE's members have been calling for the appointment of a Dean who is committed to environmental sustainability. They believe that Ford's inexperience in environmental issues makes him an unqualified choice for the role.

What Makes a Qualified Doctor?

By Humphrey Storl

The following quote was discovered by Professor Storl during his research for an upcoming seminar on the ethics of medicine. It provides a thought-provoking perspective on the nature of a qualified doctor.

"The best doctor is the one who doesn't need to be. A doctor's work is done when the patient is well, not when they die. The goal is to prevent illness, not to treat it." - Dr. William Still, 21st Century Medicine.

This quote highlights the importance of preventive care and the need for doctors to prioritize patient health over merely treating illnesses. It suggests that a qualified doctor is someone who not only has the necessary skills and knowledge but also has a deep understanding of the patient's well-being and is committed to promoting health and wellness.
"Godfather" Wins Oscar

LOS ANGELES (AP) — The "Godfather Part II" has won the Oscar for best picture, becoming the second film in a row to take the top prize. The film also won for best director, best supporting actor and actress, best art direction, and best sound.

The film, directed by Francis Ford Coppola, tells the story of the Corleone family in the 1940s and 1950s. It was the first film to win the best picture Oscar, a title previously held by "The Godfather." The film's success was attributed to its powerful storytelling and cinematography.

"Godfather" director Francis Ford Coppola said, "We are all very happy. This is a great moment for all of us." The film's success was also celebrated by the cast and crew, who were all on hand to accept the award.

The film also won for best director, best supporting actor and actress, best art direction, and best sound. The film's success was attributed to its powerful storytelling and cinematography.

Council to Hear Move to Create Review Board

By LUANNETRACEY

The University Council will consider a proposal to ensure faculty and student participation in administrative decisions concerning budget cuts and "modification of ..." at its afternoon meeting today.

The Council Steering Committee's proposal, prompted by the recent controversy concerning the future of the Law School (LS), would require University administrators to consult with a special faculty-student review committee whenever major budgets and program changes are being considered.

Calling the proposal "a controversial document," Steering Committee Chairman Philip Delacy said Tuesday it appears "there will be some criticisms of it and some amendments proposed at the meeting on Thursday.

According to Delacy, the central aim of the proposal is "to permit a duly-constituted faculty and student group, as opposed to an ad-hoc group, to react to major proposals of this kind before they are put into effect." Delacy said an established review committee would have a "broader perspective" on University affairs that an ad hoc advisory group, and that the people selected for the ad hoc group were selected for their "own abilities toward the problem.

Hill Speech

(continued from page 1)

Hill emphasized his track record of support as a State Senator for both public and private education. I know the need for aid to Perm, he added. "You have to be realistic about the budget." he added.

Women

(continued from page 1)

Abraham urged her audience to "put together a call for a common cause. The only way women can change rules and regulations in this organization is solid front organization.

The courses will be related to political choice processes, organization theory, public policy analysis, naturalization and regulation of industry, non-profit institutions and information systems for public decisions.

The "drop and add" procedure can be used during Fall Term registration.
Women Crash Foes

Laxwomen Win First

Pompeo Women Vainly Think They's

Announced Instantaneous Trenton Tuesday, 12, making up for its disappointing 5-4 opening game loss to Middletown seven days before. The Quakers outscored the Trix in the first three periods and then had to work hard to hold off the second-half surge of the visitors. The Quakers' strength is in their defense.

The Quakers' second goal was a beauty. Natalie Johnston waited for the rebound after the Quakers had cleared the front of the Trenton goal. Johnston then calmly fired it into the net and then back to Johnston for a second goal.

The Quaker defense was very strong and hard to beat. The Quakers did not allow the Trenton offense to score until the last few minutes of the game. The Quakers' strong defense was led by Sarah Brown, who had two assists.

The Quakers' offense was led by Mary Smith, who had two goals and two assists. The Quakers' other goal came from Kim Richards, who had an assist.

T-'n'-T Explode at Fencing NCAA's

Golfers' Wavy Scores Yield Victory, Defeat

By MARK KIRKSTON

It was a very good golf day for the three Penn players who we're realK gung-ho about their chances in the NCAA's this year in a rain-soaked field. Penn's coach, Bob Yippichio, and Jeff Singsen, both Penn seniors, had the best pair of rounds in the tournament, with a 210 putting score. The other Penn player, Tony Koon, had a 216, and the two teams finished in third place, two strokes behind the leaders, Princeton and Cornell.

The rain-soaked field was perfect for golf, with a light wind blowing through the course. The weather was great, and the course was in excellent condition. The score total for the day was 394, with Penn finishing at 390.

Pitcher Partridge Primed for Pros

By BOB PAUL

New Jersey's Glassboro State took on in-state rival Princeton in a match that was anything but a walk in the park. Glassboro's offense was sparked by frosh outfielder Rick Sallanti, who belted a three-run home run in the first inning, and then drove in two more with a double in the third. Princeton's defense was unable to contain the Glassboro attack, and the Lions won the game 10-2.

The Game:
The game started with Princeton's second baseman, Tom Coyle, hitting a triple to right field, and scoring on a wild pitch. Glassboro's pitcher, John Leonard, then retired the next two batters to end the inning.

Second Inning:
Princeton's defense was unable to stop Glassboro's outfielder, Rick Sallanti, who belted a two-run home run to give the Lions a 3-0 lead. Glassboro's pitcher, Dave Haida, then retired the next two batters to end the inning.

Third Inning:
Glassboro added another run in the third inning, when Princeton's third baseman, Tom Coyle, hit a two-run home run to give the Lions a 5-1 lead. Glassboro's pitcher, Dave Haida, then retired the next two batters to end the inning.

Fourth Inning:
Glassboro's offense continued in the fourth inning, when Princeton's second baseman, Tom Coyle, hit a two-run home run to give the Lions a 7-2 lead. Glassboro's pitcher, Dave Haida, then retired the next two batters to end the inning.

Fifth Inning:
Glassboro's offense continued in the fifth inning, when Princeton's second baseman, Tom Coyle, hit a two-run home run to give the Lions a 9-3 lead. Glassboro's pitcher, Dave Haida, then retired the next two batters to end the inning.

Sixth Inning:
Glassboro's offense continued in the sixth inning, when Princeton's second baseman, Tom Coyle, hit a two-run home run to give the Lions a 11-5 lead. Glassboro's pitcher, Dave Haida, then retired the next two batters to end the inning.

Seventh Inning:
Glassboro's offense continued in the seventh inning, when Princeton's second baseman, Tom Coyle, hit a two-run home run to give the Lions a 13-7 lead. Glassboro's pitcher, Dave Haida, then retired the next two batters to end the inning.

The final score was Glassboro 13, Princeton 7. Glassboro's pitcher, Dave Haida, was the winning pitcher, and Princeton's second baseman, Tom Coyle, was the losing pitcher.

Partridge, normalK a righty for Pros, is one time early this spring appeared to have made some move toward the major league, but after hitting well before 300. On the other hand, the former Quaker's star has been unarticulated at the plate, especially in clutch situations, and has managed to average a respectable .280 since returning.
