Meyerson to Propose Hikes In Graduate Schools’ Costs

By BETHE ROSEN
President and University will ask University Council for hikes in graduate schools’ costs, resulting in a $1.3 million increase in the budget, Mr. Meyerson said. He added that the hikes will raise tuition and fees for graduate students, resulting in a $1.3 million revenue increase, as well as a $3 million budget increase.

Funds generated from tuition and fees will be used to support the University’s graduate programs, Mr. Meyerson said. He also added that the hikes will be used to increase the University’s financial aid budget, which will be used to support graduate students.

University of California

A proposal to keep the deficit made by the University of California will result in a $1.3 million increase in the budget, Mr. Meyerson said. He added that the hikes will be used to support the University’s graduate programs, Mr. Meyerson said. He also added that the hikes will be used to increase the University’s financial aid budget, which will be used to support graduate students.

Scoop Surveys Primary Stakes In Pennsylvania

In Philadelphia—Henry Jackson said Sunday he’s not giving up the strength of Hubert Humphrey in Pennsylvania because Jimmy Carter’s pattern as a Democratic frontrunner seems reestablished.

The Washington Senator, appearing on WIP-FM radio Sunday, said he was encouraged by previous polling in Philadelphia, said union officials and members whom he talked to who back Humphrey will vote for Jackson in the April 20 Democratic primary. The Minnesota Senator is on the ballot.

"This is a very important state, the prize of the recyclers," Mr. Humphrey told the Democrats. "If you lose in Pennsylvania you’re washed up."

Jackson, without being asked, launched into an attack on Carter for "all those speeches, those anecdotes, those jokes, those gags and that black intrigue."

I think Jimmy Carter has run into some serious problems as a result of rather automatic remarks he has made...I think his posture has to be corrected to brighten to light. But I don’t see him carrying Pennsylvania."

SWISSAIR’S SCOOT-AROUND.
Get a Lambretta, and travel all the Europe you want.

O nly Swissair offers you roundtrip airfare to Zurich, ownership of a Lambretta 200, and Europe. All this for about the same price the Scooter alone would cost at home.

When you land in Zurich, your scooter is waiting for you, already equipped with European license plates and properly insured. So you can take right off and explore Europe to your heart’s content, even if you’re on a budget. In Switzerland alone there are 17 youth hostels where you can stay for $1.50 a night, and hundreds of friendly student cafes where meals are good and very inexpensive. And, since the scooter seats two, bringing a friend. Splitting expenses makes Swissair’s Scooter one of the cheapest vacations per mile in the world.

For full details and conditions, send for our booklet. Write to Swissair, 606 Fifth Avenue, N.Y. N.Y. 10019. Or call your local Swissair office.
Meme to the President
The Need for More Campus Police

The following is an open letter to President Harry R. Paul of the Pennsylvania State University from students Chris Kean, Tony Probasco and Steve Roop.

Dear President Paul,

We write you as students who are deeply concerned with the growing problems of crime on your campus.

We would like to express our support for your recent decision to increase the police force by 25 officers. We recognize the need for additional security on our campus and believe that this is a step in the right direction.

However, we feel that this increase is not sufficient to address the current situation. There have been numerous instances of crime on our campus in recent weeks, including vandalism, theft and assault.

We urge you to consider increasing the police force further to ensure the safety and security of all students, faculty and staff.

Sincerely,

[Student's Name]

LEBANON FIGHTING ERUPTS—Lebanon’s 27th truce collapsed in fierce fighting across the country yesterday after leftist parties denounced what they charged was a Syrian army invasion and warned of further bloodshed unless the fighting stops. "This will be the last truce if nothing is done," warned the National Front leader, Joseph Quinlan, in turn off the registratar that has kept his alive since last April 14.

POSTAL RATES TO INCREASE—The Postal Service will begin next Sunday charging up to one third more for special delivery, registered and insured mail and other special services. The Postal Service said the new rates, which are aimed at increasing revenue, are the result of the Federal Postal Rate Commission’s decision to increase rates "pending approval of the Postal Rate Commission." They were proposed to the Commission last Jan. 5.

Cost Hikes

(Continued from page 1)

Inflation for graduate students in the College of Engineering, The School of Social Work and Nursing from 1975 to 1976. Strout said the large hikes resulted from "two being adjusted to pay the cost of services for different student constituencies." In the past, Strout explained, the increases were not paid for an unrepresentative share of student services. "This year we're making a deficit in student services," Strout said, "for next year we've attempted to see that cut.

The Trustees will also be asked to approve a proposal to allocate more than $2 million for the development of the purchase of land adjacent to the Hospital's Center City facilities. The proposal is "essentially the same" as a financing plan the Executive Committee refused to approve at its last meeting, Vice President for Student Affairs Thomas Laughton and trustees said Monday. According to the Committee's report the proposal is "well on its way to getting off the ground." The development allow the University until mid-1980 to decide if it wants to purchase the $800,000 parcel of land.

"It looks like the appeal is still to be decided," Laughton said. "However, it was said, the hospital would need control of the land in order to pursue the construction project.

Arts Festival

(Continued from page 1)

attempts to "branch out. A lot of things will be happening, not just theatrical productions." The program was developed "on short notice," Stout said. The added events of the program this week include six weeks with an all of interests student members and interests Director Catherine Marshall. Most of the events will take place within the Center or on Annenberg Plaza. The union's executive in the University that had been invited to be part of the festivities. A flyer has been prepared to list the dates and places of all events.

Union

(Continued from page 1)

January have already been put to practice although the final contract remains unsettled. The union's current pay rates, for example, were set at flat rate and have been adhered to. An associate professor was the union's first year package, which includes a minimum of $7500 a year in July and 1 percent next January.
Tennismen Drown in Depths, Rebound to Single out Green

BY ALAN PFEIFFER

The key factor in Monday's triumph against Harvard was depth. Penn coach, Al Molloy, commented before the match, "Harvard's very strong in every position. They have was depth. Penn coach, Al Molloy, commented before the match that was all Molloy's. His team's performance was as a whole startling, and the men's team played well in the dual match that was without a doubt a much better match for us.

"Krieger was in three sets at 6:4, 6:4 against Harvard's bully Blackwell. Although Krieger dropped the first set, he played the double winning match against the opponents pair.

Treading in matches at 42 the Quakers needed to sew up the remaining two matches to defeat Harvard. The first men's team ofMercer and Rachel Eastman was in three sets against a formidable Harvard duo, but the Quakers had both winners and third doubles, and consequently the results.

"Saturday the Red and Blue defeated Harvard 6-3 in a very exciting match. We were able to sweep five of the six singles match wins on both Full and Lewis. The Blue G-Men captured all five victories.

With a tough Penn State squad invading Wednesday, the Quaker women coasted for nine straight points through the lineup, without any upsets in the doubles competition.

Window on the Weekend

Varsity Crew Wins Freak Show

The choppy current of the Ruraus House and several rushing strokes performed on Saturday afternoon, but Penn's varsity lightweight crew team barely possess the foresight of nature and opened the season with a victory over Franklin.

Strong started in the freshman eight, where the water was as in the second freshman boat it was its task. But turned to wave in the junior varsity race. Equipment troubles on the half hour, yet during the run the Quakers had all the problems. Molloy said to A. Y. and Yevon at last Wednesday. One would expect the errors to go down as the season progresses, up.

All my top, Tom Wood led the team with a 71, followed by Tim Thomsen and John Cline with 72. Ted Raftery shot a disappointing 81, most likely due to a score of 81 against a match as good as my team could show. The results are self explanatory.

The freshmen eight is in good shape to improve their rowing ability in the freshman match against LaSalle and GPS that this weekend. The LaSalle 8 is 3 times in 19, while the teams have 1 for 1 the score against Colgate.

The Quakers made a good showing against Army, although they lost. By a very healthy margin in the last match. It was a very exciting race." claimed Leonard. "Both crews rowed very well, I felt happy with the running of the training match was a very exciting race," said Leonard. "Both crews rowed flawlessly." Prized for what he has achieved.

Approach spring with a negative attitude.

The Nature Shoe offers one of the most positive ways to work towards spring training in a negative way. No matter whether you know if it would be sunny in the past, The Nature Shoe makes this happen. It is made of a thin sole and has a wide range of natural foot types. Inside every Nature Shoe the foot is supported by leather lining and perforated inner sole made of natural latex. Plus the support in the back makes it easier to wear for longer periods. The Nature Shoe is a beautiful thing.

RA Bob Finke Is New Coach of Penn Hockey

By DANIEL SHERR

The Penn athletic department is expected to announce shortly the selection of Bob Finke as the new hockey coach. Finke, a former assistant coach at the University of Michigan, was named to the position after a nationwide search. Finke, who played at Penn from 1971 to 1974, has been an assistant coach at the University of Michigan for the past five years. He was also an assistant coach at the University of Minnesota and the University of Wisconsin. Finke has also worked as a hockey scout for the New York Rangers and the Philadelphia Flyers. Finke has been involved in the sport of hockey for over 20 years and has a wealth of knowledge and experience. He is a respected coach in the college hockey community and is expected to bring new energy and enthusiasm to the Penn hockey program. Finke is a native of住棚itan and a graduate of the University of Pennsylvania. He is married to Mary Finke and they have two children, Ben and Emily. Finke is a member of the Pennsylvania Hockey Hall of Fame and is a past president of the Pennsylvania Hockey Association. He is a popular figure in the hockey community and is expected to be a strong presence on the Penn hockey team.
