Meyerson to FAS: 'Drop Dead'

By CAROL STUTTMANN

President Martin Meyerson announced yesterday his intention to phase out the Faculty of Arts and Sciences after four years.

When questioned about his standing decisions, Meyerson at first refused to comment, "I refuse to comment," he said in a terse statement. "That is my policy." But when asked if he was considering any further changes, he said, "I have nothing to add to what I've already said."

Meyerson's actions have come as a shock to University students and faculty alike. "I always thought he was a progressive leader," said one student, "but now I'm not so sure.

"I'm worried about what he might do next," said another.

Meyerson is expected to announce his final plans in the coming weeks.

"We will be watching closely," said one faculty member.

Committee Selects Agnew
To Be Admissions Dean

By STEVEN A. MARQUEZ

Philadelphia College of Osteopathic Medicine (PCOM) President Spiro Agnew has been selected for the position of University of Pennsylvania (UPenn) chief admissions officer.

Agnew, who previously served as the University of Pennsylvania's vice-president for student affairs, "is the obvious choice for the position," said University Provost Eliot Stellar.

"He brings with him a wealth of experience and a strong commitment to the University's mission," Stellar said.

Agnew's appointment is expected to be announced later this week.

Millionaire Newspaper Magnate Buys Number Two Campus Paper

By STEVEN A. MARQUEZ

The University of Pennsylvania has announced that it will acquire the school's second-largest newspaper, The Daily Pennsylvanian.

"The Daily Pennsylvanian is a key component of our campus community," said University President Martin Meyerson.

"We are excited to have the opportunity to continue to support this important student publication," he said.

The Daily Pennsylvanian will become part of the University's media holdings, along with The Philadelphia Inquirer and The Philadelphia Daily News.

Registrar's Error Forces Maciag To Return as Full-Time Student

By JOHN GRIFFIN

Due to an error on the registrar's part, campus resident John Maciag, a senior at the University, was initially listed as being enrolled as a graduate student.

"I was enrolled as a graduate student by mistake," Maciag said.

"I was surprised to find out that I was enrolled as a graduate student for the semester," he said.

Maciag later corrected the mistake and is now listed as an undergraduate student.

PSA Plans To Erase Debt

By DANIEL M. AKST

The Student Publicity Association (PSA) has announced plans to erase student debt at the University.

"We believe that every student should have the opportunity to receive an education without the burden of debt," said PSA President Mary Beerman.

"We are committed to helping students who are struggling with student debt," she said.

The PSA plans to raise funds through various initiatives, including a fundraising campaign and a scholarship program.

STUDY SUGGESTS SOCIAL SECURITY SHUTDOWN—President Jimmy Carter will present Congress with a study calling for the termination of the Social Security program. Carter and possibly we will tell Congress that ‘the entire Social Security system is riddled with loopholes and problems.’ The study recommends an immediate end to payments to Soviet Citizens and four dependent.”

AMY CARTER CATCHES THE PLD—Amy Carter, former daughter of the President, has come home with a case of the flu. Mrs. Carter, and the children, all have been sick with the flu. The President and First Lady have been in bed for several days. Mrs. Carter announced that the President was to hold a press conference today after which Mrs. Carter accompanied President Carter to the White House to conduct a full investigation of the matter.

AMIN HIJACKS ISRAELI PLANE—Reports out of Uganda yesterday reported that Ugandan President Idi Amin had hired Israeli 32 place planes to fly him to Ethiopia. The passengers were 28 to 30 men and women of the Knesset, the Parliament, to an emergency meeting early this morning. The plane is expected to return to Israel.

CONGRESS SUGGESTS STUDY OF PEANUTS—The U.S. Senate approved a measure calling for an intensive study of peanuts as a possible alternative to the use of wheat, which some sources say is not good for the American diet. The study will be conducted by a committee of experts who will report back to Congress within two years.

President Jimmy Carter told this year's Student Government Awards Dinner last night in New York City: “I am now coming to the end of the first term in office. It is my belief that the Social Security system is a very important part of the economy and will continue to play a very important role in the future. It will be my hope that we can work towards a solution for its problems.”

President Jimmy Carter announced that he will be trying to negotiate the release of Sally Kellerman, the American artist who was kidnapped in September. The President said that he will work with the Kenyan government to secure Kellerman's release.

Amendment Causes Condemnation in U. Council

By J. T. HARTENSTEIN

An amendment to a weekend's working resolution at the University Council's last committee on Tuesday was bitterly condemned by council members.

The council members spent the meeting's remaining 15 minutes discussing budget planning.

The dispute arose after the initial reading of the amendment to an existing resolution (to be voted on at a future council meeting).

Undergraduate membership should be amended to read: "all fraternity men." The current resolution reads: "all Greek men except members belonging to recognized fraternities." The amendment was passed on a vote of 6 to 1.

The amendment was introduced by Paul J. Gonsalves, who said the resolution was "offensive and undemocratic." He said the amendment was "to correct a mistake."

The Daily Pennsylvanian's annual spring issue has a long history, of which students and alumni are undoubtedly aware. Today, every year about that time tradition dictates that we publish a proper paper into a paperplayground for our annual spring issue. This year, our paperplayground is particularly exciting. Our annual spring issue contains a proper paper, and it's based on a true story. This year, our true story is about how Bedlington Terriers are being used to help improve our relations with the neighborhood. So we've decided that a few days before Spring Fling, we'll host a special social event featuring Bedlington Terriers. This event will be held by the new exiled editor-in-chief, Melvin Lieber. The event will be called the Bedlington Terrier Social. Attendees will be able to interact with these wonderful dogs in a casual setting, and the event will be open to the public. We've also invited several neighborhood residents to come and meet the Bedlington Terriers, and we're looking forward to seeing everyone there.

"Give me liberty or give me death.," Patrick Henry declared.

"As I sit here writing this editorial, I must say that the idea of liberty is one that is often overlooked. I believe that liberty is a fundamental right that every person should have, and I am glad to see that we are moving in the right direction."

HARRIED READING

I have many books here at the University, and I can't help but feel that they all feel the same way I do. Week after week I search out these opportunities to read, but there are so many that as an editor, I feel compelled to prioritize. I have to choose which books I will read and which I will ignore. I have to make a decision. I must choose.

Even though I am the Editor-in-Chief of the Undergraduate Assembly, I decided that I should give it one last try. I picked up a book and started reading. I didn't make any progress until I saw this book. It was called "The President's Lie." I had heard of it, but I had never read it. I decided to pick it up.

"Good, good, this really is going to make a good column, a you know. I love you."

I read the book in one day. I didn't even have time to think about it. I just read it. I had a good time. I think I am going to make a good column out of it.

High Rise East Falls Causing Death, Injuries

The University was sharply criticized, however, for assigning the structure's weakness.

The one confirmed death connected to the high rise just moments before the building collapsed, shrieked something about amino acids as he collapsed on a chair, still waiting to see a doctor.

**Athletic Scholarships Granted Solely on Basis of Sports Ability**

The University announced today that it will use academic considerations or athletic achievement as the only criteria in its student-athlete selection process. "Of course," said Administrator Dean Stanley Adams, "university-qualified applicants who also demonstrate mental or even scholastic might even consider accepting them."

On to say that approximately 10 percent of the incoming freshmen will fall into the above special admission categories, "Criteria beyond the University's, applicants might even be eligible to read,"

"Our target admissions for next year's class of recruits require that athletes follow. Football 1350, basketball 335, baseball 250, hockey 100, and all other varsity sports. We just bring 'em down here to test them to see if they can cut it.""

A revolutionary new Recruiting Apparatus Test (RAT) will replace the now outdated Scholastic Aptitude test. "The point is: If we can't test them in a way that they can quickly see how they stack up, we can't better them," said Blackpool.

Penn to Bid for 1984 Summer Olympic Games

By GREG STONE

It is an unannounced move, the University of Pennsylvania announced yesterday to bid for the Games. At a joint news conference held University of Cali, University President Martin Meyerson and Philadelphia Mayor Frank Rizzo flew the move as "another example of Philadelphia's vitality and Penn's commitment to this great city."

For the first time in Olympic history, the University is busily revamping next year's enrollment to 50,000 students, for funding the Games. "We will then have something that our nation and the world can be proud of," said President Meyerson. "They should've stabbed me too," he said. "I've lost the will to exist..."

The plan, as described by Meyerson, will put the threat of the financial burden on the student body. As presently outlined, the University will have to boost its endowment to $100,000,000. But back at Penn, the mood was any win is a big win. "It's a little bit of a lark,

Athletic Scholarships Granted Solely on Basis of Sports Ability

The University announced today that it will spare its Ivy League competitors by granting athletic scholarships only on basis of sports ability. The decision is the latest in a long line of cutbacks in admissions process.

"Of course," claimed Admission Dean Stanley Johnson, "fancy-qualified applicants have unusual talent, let's say something artistic, musical or even scholastic, we might consider accepting them. **Penn to Bid for 1984 Summer Olympic Games**

By GREG STYNE

In an unprecedented move, the University of Pennsylvania administration announced its intention to bid for the 1984 Olympic Games. A joint news conference held yesterday at City Hall, University President Martin Meyerson and Philadelphia Mayor Frank Rizzo backed the move as another example of Pennsylvania's vitality and Penn's commitment to the city.

For the first time in Olympic history, a private organization is bidding for the Games. According to the plan outlined by Meyerson, "Penn will take on complete responsibility for building the Olympic facilities." The plan, as described by the Quakers, will put the thrust of the event on the athletic side. In presently outlined, the University will have access to the entire Pennsylvania Convention Center for indoor events and 30,000-seat outdoor arena for track and field events.

As presently outlined, the University will have access to the entire Pennsylvania Convention Center for indoor events and 30,000-seat outdoor arena for track and field events.

Meyerson explained: "Of course, the students will be enticed to show their support." The major new construction to be undertaken will be the building of a modern indoor tennis pavilion in the backyard, courtesy of University trustee, Robert Levy.

"We've reached agreement with Minnesota and Texas," said Gaye. "This is different. February 21st was a real pull this out of his hair." But for coach Finke's pucksters, "I'm in shock, I still can't believe it. Things like this don't happen in a civilized country. One way or another they are going to have to carry,," said an excited Quaker forcing coach Derick McNeil. His senior forward Freddy Eggleton had just had his nose sent all out of line forcing Columbia yesterday at Washington Gym.

"Say, this was important," offered Red and Blue shocker Bob Walls. "No, don't quote me. They just went crazy because their forcing program has been successful, and they couldn't make a call to no one more. If they gave them a break they had it." And as President Meyerson said to conclude the press conference, "We will see what something that Harvard never had."

Frosh Rule Out; Banks Ditches Duke, Picks Penn

By MARK HYMAN

"Gene Banks wanted Penn from the very beginning," said Quaker basketball coach Daily. "The only thing different is his way was way more busi-ness-diggity-ly. And that's okey-doke."}

By DAVID SCHWARZ

Chuck Daly, the Super Coach, told LaSalle College administrators yesterday that it will not accept today's Big Five contest with Penn.

A source said that the coach, who has already announced his retirement, was described by one of the team's players as "very excited." The source said that the coach would not go into the details of his reasons for leaving the team.

The source also said that the coach would be "very surprised" if he were to return to the team.

In a now-famous decision, Gene Banks, West Philadelphia high school head coach, announced on Friday that he would be relocating to Duke University.

"I really don't know what a football coach does," he said. "I've never been on a football field, and I'm not really interested in being one."

On Saturday, Banks announced that he would be moving to Penn, where he will take over the football program.

In a letter to his players, Banks wrote, "I understand that you may want to know why I am making this decision, and I am sure that you do want to know." He added, "I am not sure that I can answer that question."

According to Banks, his decision was made "to follow my heart," and he said that he was "very happy" with the decision.

"I am looking forward to the challenge of coaching at Penn," Banks said. "I am sure that I will not be disappointed."
