U $17 Million Appropriation Defeated by State Senators

By CAROL D. BUTCHINSON

By a narrow margin of two votes, the Pennsylvania legislature on Monday defeated a $17 million appropriation to help pay for the construction of a new dormitory at Pennsylvania State University.

The appropriation, which was part of the university's request for $32 million, would have been used to help pay for the Superblock, a dormitory complex that is under construction and is scheduled to be completed in 1981.

The University was particularly concerned about the money because it has been holding off on offering any new dormitory space until the construction of the Superblock is complete.

The vote was 31-28 in the state Senate, with Republicans voting 27-6 and Democrats voting 4-2.

The University had asked for the $17 million to help pay for the construction of the Superblock, which is expected to cost $65 million.

The money would have been used to help pay for the construction of the dormitory, which is scheduled to be completed in 1981.

Parish Hall Hosts Versatile Duo

By BILL STAIN

Scents of the Ben Franklin's Rhythm and contemporary folk music can all be heard on campus this weekend. The annual musical event will be played by a versatile duo, Mary McCaslin and Jim Ringer, Sunday night in the Parish Hall of St. Mary's Church, located at 3916 Locust Walk. Standing room tickets will also be on sale at the door.

Mary McCaslin and Jim Ringer, Sunday night in the Parish Hall, features two Lennon-McCartney songs, "Things We Said Today," and "You Can Have Your Photo Taken." McCaslin has produced three albums, the titles of which reflect her love for the mesas, deserts and plains of the Far West. McCaslin was born in Los Angeles when she was not on his record: that the members include Minnie Gentry, wife, Sherrie Polen. Other cast members include Minnie Leisure and the Jolly Green Giant.

The Mask & Wig Club's fall production, see story on Page 3. The show opens in Houston Hall. The Mask & Wig includes a cast of about 40 and is directed by Marchyschyn. The club of that tradition-oriented show is "very loosely structured," Marchyschyn said. The theme of this year's fall production is "very loosely structured." The show opens in Houston Hall.

Children Of The Sixties

By Stephen Kures

In the inevitably forgotten days of youth protest, the prime conflict was between Orange County, my home town, often referred to as "the traditionalist," or "that nutty, unpatriotic"...}

The Weatherman leader Mark Rudd was a bit of a rebel, a hard-living, willfully rogue candle on the candelabrum of their rebellious torches and candles. I remember the day in 1969 when I was about 13 and waved a warm hand at the outside of my house. I could not understand why a hulking man in a black suit and white shirt was carrying a large bag over his shoulder and walking up the street.

I must object to P.H. Wiest's attempt to revive the debate over "Furphy's" (October 4). I believe that he is, someone who lives in a clean house, is in no position to criticize the organization.

The situation simply isn't appropriate for the normal community. The hope is that the student can see the issue in a professional perspective, and a sense of humor about where this is making.

By MIKE ESSENHALT and BILL WRIGHT
A community group in the Cedar Park area met with the directors of the Diagnostic and Rehabilitation
Center (DRC) Thursday to discuss the DRC's temporary use of 4613 Chester Ave. for the rehabilitation of
alcoholics.

Cedar Park is the area surrounding the DRC facility.

DURING the meeting, Morgan Hunter, DRC director, and Dan
McDonnell, a DRC representative, told the residents how the DRC
program operates. The DRC representative said the new program
establishes a residential home for recovering alcoholics, that
participants are screened by the DRC based on physical conditions and
sincerity, and that no medical

The purpose of the program, they
say, is to help recovering alcoholic
readjust to civilian life. To avoid
expulsion from the program, participants are required to stay sober at all times.

There are 24 alcoholics residing in an alcohol rehabilitation facility with various Philadelphia center designs for different programs. These include
demobilization and alcohol
emergency care at 26 Arch St., long
and short range outpatient clinics,
and intermediate residence facilities.

University Pushes Van-Pool Idea

By ERIC JACOBS

University Operational Services officials are all agog over a recently begun "van-pool" program, which aims to cut the number of employees who drive to work. The one van pool currently in operation is sponsored by the University, the Hospital of the University of Pennsylvania (HUP), and the University of Pennsylvania Graduate Hospital (UPGH).

Officials are all agog over a recently begun "van-pool" program, which aims to cut the number of employees who drive to work. The one van pool currently in operation is sponsored by the University, the Hospital of the University of Pennsylvania (HUP), and the University of Pennsylvania Graduate Hospital (UPGH).

The operation is in Lower Merion and covers the route from the HUP complex to the University campus. Officials are confident, however, that several companies in the city have successful van-pool programs. One firm now has eleven vans in operation.
