The PLO and Free Speech

By Peyton R. Helm

I refer, of course, to the letter of Monday, October 11, by Robert M. Sayegh, published in Friday's issue of The Daily Pennsylvanian. As I hope the DP understands, I have been highly publicized. Sayegh has not been the slightest with any regard to the PLO's point of view or to the DP's or their right to express it. He is also, I trust, in this column's purpose to defeat or attack the DP's popularity. If he had any other goal, he might have done his job better.

Harry Operators, and this applies to any group that crosses the University's barriers. From the standpoint of the DP's audience, it seems altogether unnecessary to point out to students the unpalatable fact that the PLO's move was in fact a political action.

The fact is that there were no students in the Skyline building. The fact is that there were no signs that the students' presence was either requested or desired by the PLO's leaders. The fact is that those students who remained after the demonstration took place did so in order to maintain decorum and to conduct an orderly and effective protest of the PLO's actions.

On the other hand, the fact is that the PLO's actions were not in keeping with the DP's standards of free speech. The fact is that the DP has the right to express its views on any subject it chooses, and that the DP has the right to express its views in such a way as to gain the support of those who share its views.

The DP has the right to express its views in a way that is consistent with the DP's own standards of free speech. The DP has the right to express its views in a way that is consistent with the DP's own standards of free speech. The DP has the right to express its views in a way that is consistent with the DP's own standards of free speech.

The DP has the right to express its views in a way that is consistent with the DP's own standards of free speech. The DP has the right to express its views in a way that is consistent with the DP's own standards of free speech.
Steady Rhythm Helps Hypertension

By SUSAN MURRAY

Metronomes can be too close to reasoning for some people's comfort. Piano lessons or madness, the metronome means comfort. Far from the dreaded Chinese water torture. For others, specifically hypertension patients at the Hospital of the University of Pennsylvania, metronome means combat. From music lessons or madness, metronome-conditioned relaxation is a measure of lowering those blood pressure levels.

The beat of the ticking is associated with muscle relaxation, with a metronome cassette recording of instructions for treatment. This treatment was first used successfully to treat hypertension, or high blood pressure. Studies have shown that the regular metronome-conditioned rhythm is administered to people between the ages of 18 and 55 who have no major medical problems and only mild to moderate blood pressure.

Developed by University professor of psychiatry John Brady, metronome therapy was first used successfully to treat hypertension patients at the Hospital of the University of Pennsylvania, metronome means comfort. For some people, specifically hypertension patients, the metronome treatment is administered to people between the ages of 18 and 55 who have no major medical problems and only mild to moderate blood pressure.

For 30 minutes each day, the patients listen to the recording and attempt to relax. Studies have shown that the regular metronome-conditioned rhythm is administered to people between the ages of 18 and 55 who have no major medical problems and only mild to moderate blood pressure.

Klenk Campaign Race

(Continued From Page 1)

Winners of the three-way race, Republican Matt Coppolino and Consumer Party candidate Lee Oswald, and Democrat Lee Prisegal, are moral opposites—Republican Matt Coppler's and Consumer Party candidate Lee Oswald. But then, when Democratic registration in Philadelphia is nearly 50 percent, maybe it really isn't necessary.

Klenk's favorite for his campaign is currently being reviewed by the district attorney at the request of his opponents. Recent stories in the Philadelphia Bulletin have cited inaccuracies in the recording of the campaign which may be in violation of election laws. Klenk's finances for his campaign are under scrutiny by the district attorney at the request of his opponents. Recent stories in the Philadelphia Bulletin have cited inaccuracies in the recording of the campaign which may be in violation of election laws. Klenk has replied that he does not know anything about the matter.

An Exclusive Biography!

Marina & Lee

by Priscilla Johnson McMillan

A fascinating profile of Lee Harvey Oswald as a secretive, habitual liar, a man who frequently beat his wife and at other times was tender and loving to her and their children, who was a loner with increasing symptoms of mental aberration.

Pa. Bill Could Hurt U. Research

Davies, however, claimed there was no way to interpret the amendment
in that manner because it is "vague...and so
personal in the way of psychopathology and psychologists."

Gross said that the provision was "not ambiguous about what it pertains to"
and that "anyone who tried to twist and turn the provision to include teaching
would be misinterpreting its meaning."

Inventor Given Alumni Award
At Gathering

Jan Rajchman, a former vice
president at RCA Laboratories, was
given the University's Harold Pender
Alumni Award at a dinner and reception Thursday.

Rajchman was honored for his contributions as a research
engineer and administrator and for his contributions as a research
member in the creative arts and humanities.

Or a nasty tempered miser?

Committee on six government
relations, said Thursday that the provision was "not asking anything
but the University doesn't already do" and that "any commitment to research
would be more than balanced by the preservation of the
rights of the student."

U. Council

On central values of this University
community as to be beyond reasonable question," Calks charges,
however, that "the brief is con-
tradictory, so attuned to the differing views of the University's various
curiosity and lack of reasoning.

Calks pursues the administration for filing a brief that "is representa-
tive only of the people issuing it."

Backyard.
Alas, at the meeting, the Council will
have to deal with the charge given to a
committee on allocations that was established to study the University's
relationship to agencies of the U.S.

A nother, however, claimed there was no way to interpret the amendment
in that manner because it is "vague...and so
personal in the way of psychopathology and psychologists."

Gross said that the provision was "not ambiguous about what it pertains to"
and that "anyone who tried to twist and turn the provision to include teaching
would be misinterpreting its meaning."

The University's state ap-
propriation was rejected in the State
Senate by two votes on October 18.

Goff said that deficits are usually
oversold, but added, "Temple's funds would
come under the constraints of the
Appropriations Committee again.

**Tigers Drop Stickers**

By SHERI FINK

"I came very much that we’ll make the playoff now," said Fred and Blue football coach, Aroo Sagna, following Friday’s 1–1 loss to the Princeton Tigers. "If we do it, we’re going to win it all."

The game was hard-fought, with both teams relying on defense to keep the other from scoring. Both teams used a 4–4–2 formation, with the Defensive formation featuring Fred’s defense stopping the ball, and Princeton’s offense trying to break it up.

**Booters**

(Continued from page 4)

The Tigers got the break they needed when a penalty for a roughing the passer was called against the Quakers. The penalty gave the Tigers a first down at the Fred 28, setting up short yardage for a potential touchdown.

**Princeton Stalls Frosh**

By GREG STONE

There are games when the final score isn’t indicative of the way the game was played. The Quaker frosh team played hard, but couldn’t put it all together to win.

The game was close, with Princeton leading 13-10 at halftime. However, the Tigers were able to build on their lead in the second half, eventually winning 21-10.

**WINNER IS SERVED—The Penn volleyballers (right), shown here heading Princeton, was the Ivy league title single last fall against the big boys. The Tigers put up the stiffest competition before drifting to 3-15-4, 6-6-2.

By RICH BRYMANN

The Tiger backfield has been led by quarterback Kirby Ixickhart, a senior and the team's top rusher. Varsity club backfielder Bill Ehrlich stepped in when the starter, Denys Grosvenor, was injured. Ehrlich compiled a solid game, running 24 times for 130 yards, with his longest gain being 25 yards. His 4.6 yards per carry average was the highest on the team. He was also an effective receiver, catching 3 passes for 28 yards. Ehrlich's presence as a dual threat gave the Tiger offense a new dimension.

In the receiving corps, senior wide receiver Kevin Blake was the top target, catching 14 passes for 204 yards and 3 touchdowns. His speed and agility made him a key playmaker for the Tiger offense. He was also an effective punt returner, returning 17 punts for 223 yards and a touchdown. Junior wide receiver Chuck Gress also contributed to the receiving corps, catching 9 passes for 126 yards and a touchdown.

The Tiger defense was anchored by senior linebacker Dave Horowitz, who led the team in tackles with 68. He was complemented by senior defensive end Bob Casciola, who had 10 sacks and 14 tackles for loss. The Tiger secondary was led by senior cornerback John Stockel, who had 3 interceptions and 13 pass breakups.

The team had a solid season, winning 8 games and losing 2. They came close to making the Ivy League playoffs, finishing in second place with a record of 6-2-1. The team's performance was highlighted by a 35-20 win over the then-unbeaten Princeton Tigers.

The team went on to compete in the Ivy League Championship against the Penn Quakers, where they lost 14-7.

In conclusion, the Tiger football team had a successful season, showcasing their talent and efforts on the field. With the departure of several key players, the team will look to build upon their success in the upcoming season.
