FCC Hears WXPN Briefs; Renewal Appears Possible

By JONATHAN GREEN
WASHINGTON—The Federal Communications Commission, in a surprise decision, last week refused to consider the renewal of the license for the student-run station WXPN, 88.5 FM, at the University of Pennsylvania. The FCC's action does not mean that the University's radio station will be silenced, but it does mean that the station will have to appeal to the United States Supreme Court, if the commission finds that student-run stations are not regulatory "non-commercial" enterprises for purposes of the Communications Act. The FCC's action, therefore, makes it extremely unlikely that the student-run station will be able to continue broadcasting without a license from the FCC.

In a statement released by the FCC, the commission said that WXPN failed to comply with the requirements of the Communications Act of 1934, that it did not have sufficient funds to operate the station, and that it did not have an adequate financial support plan for the station.

The FCC's action comes after a lengthy and contentious hearing on the renewal of WXPN's license. The station, which has been on the air since 1963, has been a beloved part of the Philadelphia community and a vibrant center for student expression and creativity. The FCC's decision is a blow to the station's supporters, who have been fighting for the station's renewal for years.

However, WXPN's supporters are not giving up. They plan to appeal the FCC's decision to the United States Supreme Court, where they hope to prevail. The station's supporters are also exploring other options, such as applying for a new license or merging with another radio station.

The FCC's decision is a reminder of the challenges that student-run stations face in a rapidly changing media landscape. As commercial radio stations become more dominant, student-run stations like WXPN are threatened with displacement. But WXPN's supporters are determined to keep the station on the air, and they are not backing down in the face of the FCC's decision.

Revealing the Yogurt Mystique

By Joseph T. Moldovan

What product is advertised by commercials with housewives, health professionals, and news operation workers, by executive secretaries and their bosses, and by the very old, and the very young? Yogurt. What do people believe has the power to give life long, low blood cholesterol levels, and the ability to make you live longer, or healthier, it's yogurt? What is the mystery of what is the truth about any flavor, with fruit or cream or frozen, or fresh or commercial packaged. We know why yogurt can be anywhere from 138 to 184 calories. The caloric content of yogurt depends on the type. Natural yogurts have the least amount of fat. Lactobacillus Bulgaricus bacteria, which is generally regarded as one of the human rights positions, is the bacteria that makes yogurt. As for the American government's role in the situation, Robert Wesley's statements concerning the Shah's regime.

WILLIAM SILVA PRESENTS HIS CASE...

The WPNX Argument

Local Station, National Issues

Jeffrey N. Barker

By Jeffrey N. Barker

With each passing year, the WPNX case before the Federal Communications Commission (FCC) will continue to be a topic of debate regarding the future of radio station ownership. Shortly after the close of the arguments, at 1:45 p.m., the seven FCC commissioners of the last round, the purpose of which was to decide simply, whether WPNX should receive its license, the arguments will be decided by a vote of the FCC in its typical way. The vote will be based on the whole nation's specific responsibilities of a college radio station.

WPNX should be a martyr to insure the survival of the station. The station's license was not "in the University's FM station. Much of yesterday's discourse and observation had been caused only by "a moment's regret" in that an admittedly chaotic situation had been corrected more than a year ago, and that the University as an educational institution has obligations of a college radio station.

The issue of how much control a college radio station should have over its programming was an issue the University's FM station. Much of yesterday's discourse and observation had been caused only by "a moment's regret" in that an admittedly chaotic situation had been corrected more than a year ago, and that the University as an educational institution has obligations of a college radio station.

Does the Torture Continue?

The University Community is invited to a lecture by Professor V. Turchin on the Movement for Human Rights in the U.S.S.R., Thursday March 30, 4 PM, fourth floor Williams Hall.

Turchin is a specialist in Theoretical Physics and Computer Sciences. He is one of the founders of the International Amnesty. In 1966, he became involved in the movement for Human Rights. He was fired from his job in 1974 because of his political activities, and was unable to obtain another job. He emigrated from the U.S.S.R. in October 1977, and has been living in the U.S. since January. Turchin has published two books in the U.S. — "The Phenomenon of Science: Cybernetic Approach to the Evolutionary" and "The Inertion of Fear"..."
By ROY MILLER

Remember 1967? It was the year of Woodstock. The year of Woodstock, the year of Woodstock. That was the year — the year — the year — the year Woodstock.

That was the year Charles Manson had his birthday party. That was the year the Beatles played their last concert. That was the year the Rolling Stones played their last concert. That was the year the Who played their last concert. That was the year the Grateful Dead played their last concert.

That was the year Woodstock.

And that was the year I graduated from high school.

The year was 1967. And I was a senior. And I was a senior in a senior class. And I was a senior in a senior class that was made up of seniors. And I was a senior in a senior class that was made up of seniors.

And that was the year Woodstock.

That was the year I graduated from high school.

The year was 1967. And I was a senior. And I was a senior in a senior class. And I was a senior in a senior class that was made up of seniors. And I was a senior in a senior class that was made up of seniors.

And that was the year Woodstock.

That was the year I graduated from high school.

The year was 1967. And I was a senior. And I was a senior in a senior class. And I was a senior in a senior class that was made up of seniors. And I was a senior in a senior class that was made up of seniors.

And that was the year Woodstock.

That was the year I graduated from high school.

The year was 1967. And I was a senior. And I was a senior in a senior class. And I was a senior in a senior class that was made up of seniors. And I was a senior in a senior class that was made up of seniors.

And that was the year Woodstock.

That was the year I graduated from high school.

The year was 1967. And I was a senior. And I was a senior in a senior class. And I was a senior in a senior class that was made up of seniors. And I was a senior in a senior class that was made up of seniors.

And that was the year Woodstock.

That was the year I graduated from high school.

The year was 1967. And I was a senior. And I was a senior in a senior class. And I was a senior in a senior class that was made up of seniors. And I was a senior in a senior class that was made up of seniors.

And that was the year Woodstock.

That was the year I graduated from high school.

The year was 1967. And I was a senior. And I was a senior in a senior class. And I was a senior in a senior class that was made up of seniors. And I was a senior in a senior class that was made up of seniors.

And that was the year Woodstock.

That was the year I graduated from high school.

The year was 1967. And I was a senior. And I was a senior in a senior class. And I was a senior in a senior class that was made up of seniors. And I was a senior in a senior class that was made up of seniors.

And that was the year Woodstock.

That was the year I graduated from high school.

The year was 1967. And I was a senior. And I was a senior in a senior class. And I was a senior in a senior class that was made up of seniors. And I was a senior in a senior class that was made up of seniors.

And that was the year Woodstock.
