Interim Report Freezes Athletic Budget

By DICK STEVENSON

The University, under pressure from student athletes, the faculty and the provost, has decided to freeze the athletic budget for the 1980-81 academic year. This decision is a significant step in the direction of increased financial support for athletics. The University has not increased the athletic budget in the past three years, and this year's decision to freeze it is a clear indication of the administration's commitment to the financial well-being of the University's athletic program.

The decision to freeze the athletic budget has been met with mixed reactions by the student body. Some students are pleased with the decision, as they believe that the athletic budget should not be increased in light of the current financial situation. However, other students are concerned about the potential impact of the decision on the quality of the athletic program. They argue that the athletic budget should be increased to ensure that the University's athletic teams are competitive at the highest level.

The University's athletic program has been facing financial challenges in recent years, and the decision to freeze the athletic budget is a response to these challenges. The administration has made a commitment to increase the athletic budget in the future, and this decision is a critical step towards achieving that goal.

The decision to freeze the athletic budget is a clear indication of the administration's commitment to the financial well-being of the University's athletic program. The University's athletic program has a long and proud history, and the decision to freeze the athletic budget is a clear indication of the administration's commitment to maintaining the program's excellence.

Gregorian Takes Over As Provost

By GREG MANNING

Vartan Gregorian plunged into the policies of his predecessor, the late Philip McFate, and the University's 25th president, its first minority president, took the helm today. Gregorian said that the decision to take over the University from McFate was made in consultation with the Task Force on Governance, and that the decision was made after a careful consideration of the University's needs.

Gregorian said that his first priority as Provost will be to continue the University's tradition of excellence. He said that he will work with the University's administrative staff to ensure that the University's policies are aligned with the University's goals.

A 1979 Spring Term Course
Wednesday 3:00 - 5:00
Conflct Analysis Ahd Decision Making
How To Prioritize Goals And Make Decisions With Multiple Criteria.
Instructor: Thomas Saaty
Courses are held with multiple objective decision making situations that are real situations. This course will help you develop decision making problems characterized by many variables, usually an important part of our lives.
An integral part of the structure of the course will be the process of understanding the problem and participating in the solution. Special arrangements will be made for advanced undergraduate students.
Requirements: Basics in algebra and interest in problems and their solutions. Further information contact the instructor X771 Room 432 Vance Hall.

Playboy: Another Image Problem?

By Dave Lieber

Here are a few thoughts about Playboy magazine, which has been criticized for its "unsuitability for women," and a suggestion for a better approach.

One can reasonably assume that the phrase "men's magazine" has always been associated with Playboy. This is not to say that Playboy has always been written for men but it has been considered by most people to be primarily for men.

In recent years, Playboy has published articles that have been critical of some aspects of society, such as the negative impact of television on society, the lack of opportunities for women in certain fields, and the need for increased gender equality.

Playboy's attempt to attract a wider demographic has not been entirely successful. Some readers have found the content offensive and have turned away from the magazine.

Nevertheless, Playboy remains a popular publication, and many readers continue to enjoy its content. In fact, according to a recent study, Playboy is the most read men's magazine in the United States.

The key to Playboy's success has been its ability to balance the interests of its readers with the values of society. By publishing articles that challenge the status quo, Playboy has helped to bring attention to important issues and has prompted change.

Letters to the Editor

Questioning Affirmative Action

We are not sure what the world "affirmative action" means. It seems to us that affirmative action has always been a part of American society, and that it has been an important force for progress.

We are not sure what the world "equal opportunity" means. It seems to us that equal opportunity has always been a part of American society, and that it has been an important force for progress.

We are not sure what the world "diversity" means. It seems to us that diversity has always been a part of American society, and that it has been an important force for progress.

We are not sure what the world "equality" means. It seems to us that equality has always been a part of American society, and that it has been an important force for progress.

We are not sure what the world "unfairness" means. It seems to us that unfairness has always been a part of American society, and that it has been an important force for progress.

We are not sure what the world "unfairness" means. It seems to us that unfairness has always been a part of American society, and that it has been an important force for progress.

We are not sure what the world "unfairness" means. It seems to us that unfairness has always been a part of American society, and that it has been an important force for progress.

We are not sure what the world "unfairness" means. It seems to us that unfairness has always been a part of American society, and that it has been an important force for progress.

What Multiprep Offers

14 sessions (88 hours)

Facsimile exams, each reflecting all aspects of the New MCAT: looks, format, same wording of directions, "realness" of the actual answer sheet, etc. All facsimile exams are professionally prepared (typed and printed booklets). Taking a Multiprep test is like taking the actual New MCAT.

Two full-length (8-hour) facsimiles of the New MCAT (PMCAT).

Scoring of both PMCATs, with equivalent score reports and percentile rankings. One PMCAT at the beginning of the program and one at the end enables you to evaluate your improvement.

Classes average 18 to 20 students. Six different instructors, each a specialist in a particular discipline (biology, chemistry, physics, etc.), conducting the program.

Video-tapes and tape-recording for review and make-up purposes. Video-recordings especially helpful for review of physics, chemistry, and quantitative sections.

Proximity and ease of access to our test-center from the University of Pennsylvania campus — 15-20 minutes by train from the 30th Street Station.

You may repeat our program for a re-registration fee of $45.

No refund policy. Voluminous home-study. Excellent material.

Call or write for our brochure today! Find out why we make the difference. Sessions will be held on the campus of University of Pennsylvania (International House) and at Bryn Mawr College. For further information, contact us immediately at 649-7245.

Jackson Searches for First Win As JV's Fight Troubled Season

By CHARLES FISK

There's a lot to learn from watching a basketball coach Dennis Jackson. If you watch him closely enough, you could see him as someone who feels a little left out, but he still has a tremendous amount of confidence in himself. He has been a MEETING this Wednesday at 6 p.m. for all those who are interested in participating.

The first shot-dunk in minutes on the evening, and it left well, it would have been a bit different.
