PHILADELPHIA, THURSDAY, SEPTEMBER 6, 1979—

New FAS Dean Robert Dyson relies in the office that is now officially his.

For $550,000

By PROKHOV VALLEY

Budgetary rules keep last year's elimination of the ice hockey team and proposed Annenberg theater project out of the debate.

It's a very busy field. But by its very nature, it's a field that's changing constantly, Dyson said. "It's not like international relations; that's pretty well understood...the future is a bit dubious, Dyson's skill at gazing into the past has won him international reknown. His career in archaeology spans nearly 30 years and has established him as a premier archeologist, Dyson said. "I was one of the lucky people who knew about it when I wanted to come back to the United States."

Dyson turned 52 yesterday. However, he added that his looks are "a product of the environment in which I work."

Though he said he plans no "radical" changes in FAS, Dyson said he would "like to be more independent."

During his first summer as FAS Dean, Dyson, 52, officially took over as "the future of the office."

He also serves as chairman of the publication board of the prestigious journal Expedition, which he co-founded with Albertiana Bolling, a professor of the course.

While his ability to see into the future is clearly a plus, it doesn't mean that Dyson will ever "just be guessing." He insists that his predictions are based on "current data...the best available information..."

**For more information call 881-2449.**

**STUDENTS WHO BREAK THE RULES ALSO GET THE JAIL EXPERIENCE.**

**Stealing a phone call isn't a game.**

Most students play by the rules when placing a long-distance call. They take advantage of four-hour rates and make their calls during the discount periods. If you're not sure when you can call at discount rates, check your phone book.

A few students think it's OK to break the rules to save their phone calling dollars. They're not beating the system. They're taking an unfair advantage of all of us because it drives up the cost of providing telephone service.

Students who break the rules also are risking a violation of the telephone company's service agreement. They are subject to a charge of $500 for saving a long-distance call.

**Teamster Housekeepers Agree to 7% Pay Raise**

By JEFFREY R. COLEMAN

The University and Teamsters Local 202, represent- ing housekeepers, has reached an agreement concern- ing a contract covering a seven percent pay raise.

In related contract to the Teamsters, students at the end of the current academic year, a result of the University's attempt to solve the housekeepers' wages and benefits with a new contract. This year's agreement was reached during an all-night negotiating session August 31, just hours before the old contract expired.

The new contract gives the housekeepers an across-the-board seven percent pay raise as well as an additional increase in pay per work day at the Pennsylvania State University.

The job security clause, a major concern of the Teamsters, which prohibits the University from firing a housekeeper except for just cause, was rescinded at the last minute of negotiations.

M. Morris said that since May 17, when the Teamsters representative at the University, his housekeepers, their average weekly wage has jumped from 9.73 to 10.36 in addition to the increased pay.

There were not really any political comebacks, executive director of the Teamsters, said yesterday. "One of the conditions was that there would be a new contract. Local 205 was only interested in a severance payment. We would reject this contract. The Teamsters' representative at the University, our contract. There is a tendency for the Teamsters to make such a contract. It is not the way Mr. Morris approaches any contract. It is not possible to give more authority in some ways."

...20 to 25 percent of those asked to respond by contributing some portion of their income to the drive which held at Yale University last year. According to Potter, the system at Yale had maintained that only 15 percent of those asked would respond. However, Potter pointed out that the system, as used at other alumni concerns, was designed at first to meet the needs of a college which held at Yale University last year. According to Potter, the system at Yale had maintained that people give away three of five dollars, but it is obvious that the system could be modified so that people give away six of ten dollars, or more, and that the potential contributions could be contacted personally.

"We know everyone's mind when we show them how much money we expect," he said, adding that the 'fundraising' order had been compiled with thanks to his firm's method of electronically-at various times.-

Students untrained in soliciting hands will not be re- solicitation, under two- and then participate in intensive training to be brought how to solicit hands and how to bring them to the fundraising. Students will be monitored elec-

Increasing Fees. Decreasing Options

By Rob Dubow

The University's decision to increase student fees for the upcoming academic year is a matter of concern for many students. The most recent increase, from $150 to $300, has raised the total cost of tuition and fees to $5,600. This is a significant leap, and students are rightfully concerned about the impact this will have on their finances.

The University's decision to raise fees was motivated by the need to fund various athletic programs. The increase will be used to pay for the construction of new athletic facilities and the hiring of additional athletic staff. However, students are not convinced that these funds will be utilized effectively.

Many students are concerned about the University's decision to cut back on the number of athletic programs. The University has announced that it will be axing several sports teams, including basketball, volleyball, and soccer. Students are worried that these cuts will result in a loss of community and a decrease in the overall quality of the University's athletic programs.

The University's decision to increase fees and cut back on athletic programs has sparked a debate among students and faculty. Some argue that the University is prioritizing athletics over education, while others believe that the University needs to find a way to balance its budget.

As students, we are calling on the University to provide more information about how the funds will be used and to ensure that all athletic programs are treated equally. We believe that the University should prioritize the needs of its students and faculty over the interests of its athletic programs.
Dental School Set To Open Clinic, Offers Hygiene Plan to Students

By DAN BREEN

A dental care program for University students will begin this semester at the Dental School's recently-opened Dental Care Center, 40th and Locust Streets.

The program, described as "an integral part of the Dental School's educational mission," is designed to improve the oral health of University students. It is expected to serve as a training ground for dental students and a resource for general dental care for students.

The program covers a broad range of services, including routine dental check-ups, teeth cleaning, and referrals for more complex procedures. Students will be able to schedule appointments to receive care at the Dental Care Center, located in the heart of West Philadelphia communities.

For emergencies, Barnett said, "the center would be a site for students to seek help in a timely manner. It is important that students who are experiencing pain or have a dental emergency have access to a qualified professional who can provide immediate assistance.

The Dental Care Center is part of the University's commitment to improving the health and well-being of its students. It is a testament to the University's dedication to providing quality healthcare services and support to its community.

For further information, please contact the Dental School at 215-898-4800 or visit the Dental School's website.

Unlike other college publications, the DP requires no experience or training program — no scratching or burning to get assignments! Our news reporters are the high priests of the University press, tracking down stories from College Hall to City Hall. The sports scribes follow the Quakers as they contend for Ivy League and national titles. Photographers go along, catching the most inspired moments of campus life. Our business staffers create a Department of Education, one unnamed Congressman introduced an amendment that would have removed the agency the Department of Public Education and Youth, giving in to the sophomore D.P. cabana.
General Haig

Continued from page 1.

In lieu of the adjunct professorship, General Haig has been Senior Fellow to Politics, the fourth person to be so honored. Former President Gerald Ford, Senator George McGovern, (D-S. D.) and former Pennsylvania Governor Raymond Schaeffer have all received this designation in the past.

"We want the position of Senior Fellow to Politics to be a lot more prestigious than that of adjunct professor," said Teune.

The 54-year-old former supreme allied commander in Europe has been intimately involved in public life outside of the military. He served as then-presidential advisor Henry Kissenger's chief deputy throughout much of the Vietnam War, and as Richard Nixon's chief of staff, succeeding H. R. Haldeman, who resigned.

Some observers believe that Haig was an "acting president" while Nixon was obsessed with Watergate during his final days in office. Recently Haig testified at the SALT treaty hearings, voicing reservations about the treaty unless certain military programs are expanded.

According to Teune, there is a great demand for Haig at the University.

**Jackson Resigns from Comptroller Position**

By STEPHAN CORHEN

Jerald Dougherty, comptroller of the University since 1975, resigned from his post on June 1 and will serve as a consultant until December. Vice President for Budget and Finance Jon Strauss last night said yesterday.

"It did not sit right professionally for us.." Strauss continued. "Jackson refused to discuss why he left the University or what his intentions are. He did say, however, that he and Strauss were on good terms when he resigned."

The comptroller oversees many of the financial functions of the University. He provides financial reports, monitors receipts and disbursements to ensure achievement of budget objectives and directs a large professional accounting group.

"The comptroller position is high level professional post in our administration," Strauss said. "It is a position equivalent to the treasurer and executive director of personnel."

"The comptroller reports to the vice president for budget and finance, a level professional post in our administration," Strauss said. "It is roughly equivalent in stature to the comptroller position."

Jackson is one of the applicants to the comptroller position.

Liza introduced me to 34th Street at an Andy Warhol party

It all happened early last spring when I was attending a party Andy Warhol was having for Margaret Trudeau to celebrate the publishing of her book. There I was standing by the bar, and who should walk up but Liza and Halston. You know, Liza is such a darling, so uncontrived. She just exudes a kind of unconventionality, which is why she's such a star.

She was carrying a white rum and soda, and a magazine. When I asked her what magazine it was, she just replied, "You mean you don't read 34th Street?"

So I tried it, and I liked it. Every Thursday, they cover Philadelphia like nobody else can. Their reporters just write the most interesting features; their reviewers cover the latest restaurants, books, movies, shows, and records; those short features they call Scrapple are just so dear; and who could forget the always helpful guides. They've got everything.

Now I read 34th Street all the time.

Be influential. 34th Street needs writers, reviewers, artists, business persons, and just plain interesting people. That's why we're having a meeting this Friday, September 7, at 4:00 at the DP office, located at 4015 Walnut Street, second floor.

Welcome Back to a New Girard

Five George Machines, and George Bank by Phone Booths!

Now there's more George to go around. Five fully operational George's to get cash, deposit checks, transfer money, and check account balances night and day, even when the bank is closed.

All students and University employees, are invited to our University City Office at 36th & Walnut Sts., to see all the remarkable things that can be done with George and George Bank-by-Phone. In addition to our regular banking hours (9 a.m. to 3 p.m. Monday to Thursday; 9 a.m. to 6 p.m. Friday) on September 4, 5 & 6 between the hours of 5:30 p.m. and 7:30 p.m. personnel will be available to open accounts and demonstrate George. These evening hours have been added for your convenience. We hope you will take advantage of them.

The bank that's changing the way people bank.
PERSON TO PERSON...

...that's how we want to reach out to thousands of Pennsylvania alumni for their support—by telephone.

So, the University needs your help. And we're willing to pay $4 an hour, and more, for your time—a few weekday evenings each week, beginning August 27th.

If you are mature, reliable and can talk about the University and its needs, we'll train you to be an effective Telefund Associate.

As a senior, graduate or professional school student, you are among those most eligible. Get off to an early start by filling out the enclosed card now or by calling us at 243-3500.

Starting August 15th, interviews for Telefund Associates will be conducted on a first-come, first-served basis in our offices at 3701 Chestnut Street.

Smoke Routes HRS

By Rich Rabinoff

A smoke-producing electrical failure in a High Rise South elevator forced several hundred residents to evacuate their rooms and many more to endure heavy winds and rains outside the building last night. The location of the problem, believed to be malfunction in the elevator's lighting system, was hard to locate, according to fire Captain Francis Hanson, because "the smoke was following me up and down the building."

Rich Silverberg, West Campus services coordinator, said that the building evacuation went "very well," and that he had no indication of the source of the smoke until five to seven minutes after it was first detected.

Firefighters left the scene immediately after the smell went away and fire engines were called to investigate the source of the smoke. Elevator service was restored soon after.

Many High Rise residents mistook the initial fire alarms as a prank and didn't leave their rooms until asked, or until they noticed fire engines at the scene.

Join us at our introductory meeting Tomorrow 4 P.M.

4015 Walnut St. 2nd Floor

DP Sports

Sent reporters to all these places as part of Philadelphia's most complete coverage of Penn basketball's trip to the NCAA Final Four.

But basketball isn't our only beat. DP sportswriters follow all the Penn teams everywhere they go. Freshmen and other new staff members receive their training on the job—not in the office. And they travel, too.

Give us a try... And join the most exciting team on campus—DP Sports!

Join us at our introductory meeting Tomorrow 4 P.M.

4015 Walnut St. 2nd Floor
The Provident puts banking convenience on the map.

For Penn students, banking at The Provident means being able to choose from any of our four branch offices on campus. One is bound to be near where you live or on your way to or from class.

We also have four Provident System automatic teller machines nearby. With The Provident System you can do your banking when it’s convenient for you, day or night. Once you have your System Card, you can get cash, transfer money from one account to another or just check on your current account balances.

And with your Provident System Card, you can get up to $25 in cash anytime between 7 AM and 11 PM at two WAWA Food Markets on campus.

To help you find all our convenient Provident locations, we’ve indicated them by number on the map and listed their addresses on the right.
Blazers Axe White

NBA Drafts Penn Final Four Trio

By CRAIG STANLEY

It’s that time of year again when the collegiate basketball season comes to a close and the NBA Draft dominates the headlines. For the Blazers, the future looks bright with three players selected in the final round of the draft.

Troy Price, Bobby Willis, and Matt McConnell were all selected by the Blazers on Saturday, June 23rd. Price was drafted by the Blazers at the 6th pick of the 6th round. He comes to the Blazers in high spirits and with high expectations.

Bobby Willis was drafted by the Pistons at the 2nd pick of the 7th round. He was the first Quaker picked in the draft since his father, Chuck, was selected by the Sixers in 1982.

Matt McConnell was drafted by the Hawks at the 4th pick of the 7th round. He is the first Quaker selected by the Hawks in franchise history.

McConnell Named Women’s AD

New Quaker Athletic Director Laura Herman, 39, is entering her first year on the job as Athletic Director. She is replacing long-time Athletic Director Herb Hartnett, who retired at the end of last season.

Herman came to the Quakers from the University of Detroit Mercy, where she served as Associate Athletic Director and Assistant Director of Athletics.

Herman said she is excited about the opportunity to work at the University of Pennsylvania and is looking forward to making a difference in the athletic department.

Bootsers Hit Beach at Summer Camp

Coaches Talk Pigskin in Phone Conference

By MIKE O’CONNELL

It’s a time of year when the lights are dark and the air is chilly, but for the 19th annual Phone Conference, the excitement is in the air as the coaches from the Ivy League gather to discuss the upcoming season.

The conference is attended by all of the Ivy League coaches and is held on the phone, allowing coaches to connect from all over the Ivy League and beyond.

The coaches discuss a variety of topics, including the upcoming season, team news, and the state of college football.

Quaker Oats

You’re invited! You’ve been back to school for three days and already you’re feeling the pressure to perform. Quaker Oats understands your needs and wants to help you get through the day with energy and satisfaction.

Quaker Oats provides a wide range of products to meet your needs, including oatmeal, granola, and cereal. They are committed to providing you with high-quality, nutritious products that will help you feel your best.

Join John Blanton and friends for the Jersey shore this work weekend and spend some quality time together. Whether you’re a business traveler or just looking to get away, Quaker Oats has you covered.

John Blanton (11) and friends hit the Jersey shore last work weekend and spent some quality time together. Whether you’re a business traveler or just looking to get away, Quaker Oats has you covered.
