U. Area Experiences "Restaurant Renaissance"

Restaurant hours will be from 11 A.M. to 2 A.M. with the exception of the Fish Place, where Beachfront will operate. Lunch prices will range from $1.50 to $8.00 per dish. Despite Branch's recent problems, Branch will continue to offer the same dishes, including "the old Branch menu." The new restaurant is "on a hands-on level," said Beachfront's new chef.

Dietrich Hall Plan, on which an artist will be constructed this spring.

By JAN BEREN
The renovation of Dietrich Hall, including the construction of a new wing in the front of the existing building, could possibly begin in the spring semester. Vice President for Planners notes that the architects plan to carry out the expansion with as little disruption of the student's activities as possible. Only half of the building will be closed at any one time.

Weather—
Sunny today with chance of rain. Fair and cool tomorrow with a 70% chance of rain. Fair and cool.

FAS Granted Tenure Funds For $900,000

By SCOTT RICK
The Andrew W. Mellon Foundation has awarded FAS $876,000 to support young researchers. The foundations' vigorous search for 'a Burger King in the neighborhood' began about a year ago. The new restaurant is based on a banana peel, with the idea that students will both need and enjoy it.

Tenure Funds

Editors' Note: Almanac's new look has already been noticed by many faculty and students. The new design, which emphasizes graphics and typography, makes the publication more visually appealing and easier to read. The editors have worked hard to ensure that the new look is both aesthetically pleasing and functional, with clear headlines and well-organized layout. The result is a more engaging and user-friendly publication that will keep readers coming back for more.
Do you feel tied down to the Univ. of Pa. campus?

WXPN-FM is a Non-Commercial Public Radio Station in which students participate in all phases of its operation. We have openings available for student positions for one of the free student activities not constrained by the boundaries of the Penn Campus. We're looking for students who wish to work side by side with residents of the area, exploring issues of the campus and the cultural heritage of the Glenside Valley. We have a limited number of openings for people who wish to program music shows which present a wide variety of musical forms without regard to commercial marketability. We have some part-time positions which would deal with 'up and down' in shipping and receiving of records. There are opportunities to work on the station's weekly program guide published by the station and distributed throughout the city. New for this year is an expanding news operation which will be exploring innovative approaches to reporting news, not chasing fires or campus gossip. Experience is not required but a willingness to commit time and energy is.

WXPN Introductory Training Session
Tonight 7:30 P.M.
Houston Hall Auditorium
Thanks to PUC for lunch on Sunday

ID Stickers

(Continued from page 1) enforcement of the restrictions against the restrictor palate has begun in the past, but it will not end up on the program until 1979. The restriction appears to be an obstacle to the development of certain types of laboratory mice, but it provides a barrier to the development of more malignant forms of the disease.

Boyle said that after the next meeting, a volunteer could call to work with the student's room from the desk and be given permission to request the necessary materials. Boyle added, "Why don't we do this as a group?"

Friedman said the stickers, which are limited to one per summer or 10 per school year, are given by on-the-spot clipboardists.

The stickers will be given out this week, except in the case when a sticker problem has held up delivery.

Housing: Dollars or Development

By Rob Dubrow

Maybe the University is right this time.

If you're like many residents of Philadelphia, you've heard the ongoing debate about affordable housing and the University of Pennsylvania (UPenn) campus. The university is working to fulfill a 1974 agreement with the city to provide housing for moderate-income families. The issue has been a contentious one, with UPenn often criticized for its lack of progress.

An immediate need for low-income housing, the project should take place within the next two years or be put on hold because EXCEPT students are not paying their way. A decision will be made by the UPenn administration.

The reason Gallery is hesitant about working with the rehabilitation shows that the University of Pennsylvania's Department of Urban and Community Development doesn't want to see the Gallery's explanations look weaker and probably won't until after the construction of the PGH sites. An alternate housing project for this group of residents was also mentioned later.

Balderston, Former Dean of Wharton

By The Associated Press

MEDIA, Pa.—A memorial service will be held tomorrow for C. Canby Balderston, retired vice-chairman of the Federal Reserve System and former dean of the Wharton School.

The service for Balderston, who died Sunday in Riddle Memorial Hospital, will be held at the Lansdowne Friends Meeting. Balderston was 82.

From 1941 to 1954, the Media resident headed the business school and was a faculty member at the University for over 30 years.

In 1954, he resigned to accept the nomination of President Dwight Eisenhower to the Federal Reserve System, a position he held until 1986 when President Lyndon Johnson replaced him.

As vice-chairman of the Federal Reserve Board in 1985, he sided with Chairman William Martin Jr. in a 4-3 vote to raise interest rates against Johnson’s wishes.

Cash Flow (Continued from page 1)

"...everybody's best interest to monitor cash flow," Lodge said. "This is one of the reasons behind the centralized billing system."

The estimated cost of interest savings will be $1,100 a day for a total of $414,000.

"By the end of this month, the benefit will be gone," Lodge added.

The estimated figures do not take inflation into account. Lodge said.

Financial Aid Grants
Total $20.7 Million

By APRODITE VALLERAS
The University Financial Aid Office announced that approximately $20.7 million in aid is to be awarded to undergraduate students as of September 1, according to Student Financial Aid Director George Koval.

Koval said last week that the average award for each student was $5,270, or $220 less than last year's total of $5,050. Approximately 825 million in aid was granted last year.

Koval stressed that the financial aid department has yet to hear from 250 students who were awarded aid but who have not indicated whether they will accept it. Koval also said that approximately 265 students have not been notified that their applications have been completed and are to be considered for aid.

“We also have a number of students (who qualify) who have not yet applied for aid as of two weeks ago,” Koval said. “The financial aid office is now going to approach a number of students who are dissatisfied with their financial aid package. We plan to appeal for more funds, one of the factors contributing to the increase in aid over the past few years, and to appeal for more funds, one of the factors contributing to the increase in aid over the past few years, and to improve the University’s financial aid system in the future.”

Undergraduates,
Nominations and elections committee runs UA elections and appoints students to University committees. To join, sign up for interview in Office of Student Life, Houston Hall, by 5 PM, Thursday, September 13.

Learn more about Penn, and help improve it, too!

UNDERGRAD ASSEMBLY
Committees are being formed, and they’re open to all undergraduates.

WEDNESDAY
4:30 Student Health
7:00 Dining Service
7:30 Judiciary

THURSDAY
4:00 Univ. Budget

Decisions on Annenberg and Athletic Dept. will be made this year.

First responsibility: learn about and answer mandatory meal proposal.

The Honor Code

4:30 Operational Services
Problem of unresponsive ResEd. Bookstore vs. Sunshine. Security, etc.

Higher occupations means lower tuition. Citing the Middle Income Financial Aid Bill, Koval said that $500 applications were up 30 percent over last year from 2,300 to 2,800. About 50 percent of the students qualify.

Koval added that the average aid has been roughly equivalent to tuition and fees. “We’ve had a lot of improvements in grants such as the Supplemental Educational Opportunity Grant, as well as new sources providing funds to the University resulted in some promising problems for the financial aid office,” Koval said. “Through the number of students are getting aid, the aid is coming from different and more sources.”

Committee To Draft Haig Files

Group To Raise Funds

For Governor's Residence

Eight Republicans have already announced intentions to seek the GOP nomination and former California Governor Ronald Reagan is expected to enter the race soon.

The formation of the Haig committee gives him a head start in raising money, but the committee has to develop support from the party on the Hill. If they can't, the draft committee, which is fully aware of the groundswell for his candidacy, will call a halt.

Eight monthly meetings totaling $300,000 for a more attractive state capital, Gov. Raymond Shafer has given a positive response," said Haas.

McManus, former head of the conservative Americans for Democratic Action, said Republicans have reacted favorably to Haig's tenets.

"We have found that a vast majority of Republicans throughout the country are so aware of the need for a new leader for the nation," said McManus, former head of the University City Science Center.

At the same time, there has been a heavy public speaking schedule through which Haig began appearing before business, civic and other groups and others, Haas said.

Haig urged stronger military personnel in Vietnam, favoring U.S. force in Cambodia and Laos.

Some day Bridges Club every Wednesday night at 7:30 in Houston Hall, West Lounge. If you don't have a partner for the bridge, free lessons will be given every Tuesday at 7:30 in Houston Hall.

The fundraising effort in the previous governors, but so far only the funds raised by the private citizens and Haas stated that they will hold a meeting in the Mansion next week, which is fully aware of the groundswell for his candidacy.

The Mansion was "built in a landscaping project at the Governor's Residence.

Much damage was done to the landscaping, but it was fully aware of the groundswell for his candidacy.

In an attempt to make Harrisburg a more attractive state capital, Gov. Raymond Shafer has given a positive response," said Haas.

Haig urged stronger military personnel in Vietnam, favoring U.S. force in Cambodia and Laos.

"We had hoped to get the support of previous governors, but to do so Ray Hammond told a positive response," said Haas.

Contributions are coming from private persons and from other states and the funds raised by the draft committee will be used to aid the campaign, Haas said and said that Forty and Robson, a Philadelphia advertising firm, has been chosen to do the work.
