**Campus Events**

**Today**

- The Houston Hall Committee invites you to attend the committee meeting on the topic of future programs and projects. 870 Main St. 7-9 PM. Members only.
- Palace Coffee Hall: Every Wednesday. 10 AM to 3 PM. All locations.
- New Center plans evening programs Wednesdays at 7 PM. All locations.

** Officials**

- Check each morning. All locations.
- Centerman Committee Action Center. Monday to Saturday 10 AM to 2 PM. All locations.
- Japanese Consulate General in New York: All locations.

**Future**

- Student Committee on Union Action. Come to the committee meeting on 11 AM, 12 PM in room 252.
- A discussion of the University's financial situation and programs will be held on 10 AM, 11 AM in room 252.
- The University will meet at 9 AM to discuss recent developments. All locations.

**International Affairs**

- A meeting of the international affairs committee will be held on 10 AM, 11 AM in room 252.
- A discussion of current developments in international affairs will be held on 10 AM, 11 AM in room 252.

**Pledge**

- A meeting of the pledge committee will be held on 10 AM, 11 AM in room 252.
- A discussion of the University's financial situation and programs will be held on 10 AM, 11 AM in room 252.

**Pledge Tutors Needed**

- The university is seeking tutors in all subject areas. All locations.

**Garden City**

- A meeting of the garden city committee will be held on 10 AM, 11 AM in room 252.
- A discussion of current developments in garden city will be held on 10 AM, 11 AM in room 252.

**Gas Saving Car**

(Compiled from page 3 of the engineering department. The event is a park-and-ride program for the University's parking lot on Febr.

**Bet Alpha PSI & Touche Ross & Co.**

- The INTERVIEWING PROCESS will be held on 10 AM, 11 AM in room 252.

**Beta Alpha PSI**

- A meeting of the beta alpha psi committee will be held on 10 AM, 11 AM in room 252.

**TOUCHE ROSS & CO.**

- The INTERVIEWING PROCESS will be held on 10 AM, 11 AM in room 252.

**Two Day Special Offer!**

- A special offer will be available on 10 AM, 11 AM in room 252.

**Classification Ads**

- Apartments for rent in various locations.
- Classified ads for various opportunities.

**Services**

**Horizon Gazette**

- The university's newspaper, the Horizon Gazette, is available for reading. All locations.
Jazzman Gato Barbieri Swings at Irvine

By STEVE LANDESGARD
No doubt you've seen the picture before. It's a poster plastered all over campus and it probably is not a very enjoyable picture to look at.

It is a picture of Gato Barbieri, a native of Argentina, who is appearing tonight, along with guitarist Larry Coryell, to Irvine Auditorium, at 8 P.M.

Barbieri, a native of Argentina, is better known for his writing and performance of the sound track of "Last Tango in Paris." His most recent work is a jazz album called "Expansions," released by 4 A.M. records, which has been described as "hypnotic and sensuous." Although he has never been heard on campus, his music is very rhythmic and unusual.

The Irvine Fine Arts Board has been working with both the Irvine Symphony and the International House to bring Barbieri to Irvine. They have been working very hard to make sure that Barbieri will have a successful appearance at Irvine.

By CODY CAMPBELL
The Exploratory Cinema's natural substance for a series of international films. And that's just what will happen with the international cinema, a project that's been in the works since last spring, according to director of the series, Robert Shinn.

The series, which will be announced every Wednesday throughout the year, is in its tenth season. Robert Shinn, lecturer at the Annenberg School of Communication, and director of programming, Aibel, said, "We feel it's important that the films are not just shows that audiences can watch, but that they are films that make important points about various aspects of documentary.

As a Ph.D. student, a member of the series, these films are in the University and arguments are in other places." Shinn believes the viewing audience will include film buffs, students of film, and film professors. Simply, he said, "We want people to enjoy the films."

The series will run from September 10 to December 4 and will include films by foreign, as well as American, filmmakers. The series will be a new feature each week.

Selections for the upcoming season include Morgan Fisher's "Documentary Fantasies," an anti-bureaucratic examination of the French government, "Heroes," a celebration of Roman culture, "The Fifth of July," a comedy by Thomas Chatterton, "Letter From Anness," a film by Chris Marker, an important French new wave filmmaker, also appearing will be "The Last Two Days of Tulli," the second documentary effort depicting the life of Rome's street cleaners.

Francois Truffaut, a member of the committee, said, "These films are expository in the University and are rarely seen in other places." Shinn believes the viewing audience will include film buffs, students of film, and film professors. Simply, he said, "We want people to enjoy the films."

The series will run from September 10 to December 4 and will include films by foreign, as well as American, filmmakers. The series will be a new feature each week.

Admission is $1.50 to students, $2.00 to all others. Screenings are Monday nights at 7:30 and 9:30 P.M. in the Studio Theater of the Annenberg Center, 36th and Locust.

Tickets may be purchased in advance at the International House box office. Admission, call 243-6791.

SUNI PAZ PERFORMS IN BENEFIT

By RICH KOSTER
If music is your passion, the Benefit Concert starts at the frontiers of the music world. Appearing at Irvine tonight, Suni Paz will be bringing a fresh collection of folk music.

The concert will feature Suni Paz, whose interpretations of traditional Latin folk music, would, according to one reviewer for the New York Times, "appare an impossible charm and vitality.

Appearing with Suni Paz will be the Philadelphia-based full musican Anna and Jama Ace. The includes Jack Fones, Harmonica, and also, Suni Paz, who will also be accompanied by the percussionist.

The frontier concert is being organized by local musician Marquiso, a musician seeking political asylum in the country, and, says the concert's organizers, "I am a Benino.

Marquiso, who was briefly featured in the concert, was cut by Mexican authorities in the murder of a fellow countryman. Marquiso, whose music is political, is being forced to leave Mexico.

Paz has been acclimated as a student, teacher, poet, singer and musician. She is a composer of the Frontiers of the Music world, and her music is a collection of the Greenwich Village, America. She lived for five years in Paris before arriving in the U.S. in 1980, and has been on the East Coast since then.

Suni Paz will be performing at her night club this month. She will be performing at Suni Paz at 8 P.M. on Wednesday, September 26.

The concert is being held to benefit the Ithacan Association at 36th and Locust.

Tickets are at the door of the club, and are available at the Christian Association at 36th and Locust.

By DON NORMAN
"The Family" is a compelling look at the life of a family in a small town. The film, which stars Gene Hackman and Ellen Burstyn, paints a realistic picture of family life.

The film, which won an Oscar for Best Picture, was directed by Martin Scorsese. The film also won Oscars for Best Supporting Actress (Ellen Burstyn) and Best Writing (Paul Schrader and Martin Scorsese).

The film is a powerful story of family life. The mother, played by Burstyn, is a devoted and loving mother who is determined to hold the family together. The father, played by Hackman, is a Vietnam veteran who has struggled to reintegrate into society.

The film is a moving and touching story of a family's struggle to survive in a time of war and peace.

The film will be shown at the International House at 387-5152, ext. 304. Those desiring more information should call the International House at 387-5152, ext. 304.
Runners’ Rights

By Matthew Cohen

There have been dozens of books written in the past two years about running. “After the Marathon,” by Frank Shorter, is one of many. And many authors venture further ahead and address the question: Is running good for everything from humanity to individuals? In that case, it is a superhuman form of exercise, which is all the more reason to be interested in the issue. It is an issue of great importance, because running is a major form of sport, and many people do it. But it is also an issue of great importance to all of us, because it is a way of life for many people.

It is all based on the idea that there is no difference between a runner and a non-runner. If you are running, then you are a runner, and you are not a non-runner. If you are not running, then you are a non-runner, and you are not a runner. This idea is based on the assumption that there is no difference between a runner and a non-runner.

However, put the same person in a local sub shop for a post-training run, and perhaps we could ship all the certified runners to some island out in the Pacific. It seems that the large majority of students here are capable of running, but they choose not to.

For most people, running is a form of exercise, and they do it for a variety of reasons. Some people run for health, some for fun, and some for competition. But there is a significant number of people who run for a variety of other reasons. Some people run for a variety of reasons, and they do it for a variety of reasons. Some people run for a variety of reasons, and they do it for a variety of reasons.

There are countless University residents who are capable of running, but they choose not to. They are here to enjoy social activities, and they have a variety of options. They can go to the gym, they can go to the library, or they can go to the movies. They can play tennis, they can play basketball, or they can play soccer. But there are also people who run for a variety of reasons, and they do it for a variety of reasons.

But it is also an issue of great importance to all of us, because it is a way of life for many people. It is a way of life for many people, and it is a way of life for many people.

Of Security And Secure Freedom

By Jon Gold

The system of calling a resident to the door is a major source of security at the University. It is the responsibility of the security department to ensure that the system is secure and that it is used correctly. It is also the responsibility of the security department to ensure that the system is secure and that it is used correctly. It is also the responsibility of the security department to ensure that the system is secure and that it is used correctly.

Extinguishers

Yesterday.
some non-working fire extinguishers
were discovered by Physical Plant employees to be undercharged, according to their self-report.

Part of their standard room checks.

Residents had submitted repair requests. "Something must have happened over the weekend," said Bouman, who had worked at Rise North apartment Saturday.

"The process is there," Boyle said, "If it gets done." Boyle said that fire extinguishers are a high priority item and are considered a high priority request, with a three-to-five day wait on the request.

The Fire Department.

"The University should have people do this." Boyle said. He added that it would be unusual for an extinguisher to be discharged (non-working). If they did become discharged (non-working), according to their self-report.

"It is something the University should consider," Boyle said.

Non-functioning extinguishers in rooms with kitchen units are an area of concern to residents officials who have noticed an increasing number of door fires so far this semester. Most resident officials attribute the fires to cooking grease.

THE COUNCIL OF UNIVERSITY SCHOLARS
Is Pleased To Announce The Opening Of
The Fall Term

1979 University Scholars
Nomination Period

Thursday, September 20

Students presently enrolled at the University of Pennsylvania who have
prestigious academic talent, a mature plan of study, and aspirations for an
extraordinary career of scholarship and service are eligible to participate
in the University Scholars Program which exists to enable
Pennsylvania's most talented students to enroll simultaneously for an
undergraduate degree and for advanced study in a graduate group or
professional school, or for some combination of both. Future freshmen
may also be considered by the Council if they meet Program
prerequisites.

Students who wish to apply to the Program must acquire a faculty
sponsor. The sponsor, who must be closely acquainted with the student
prerequisites.

Nomination packets may be picked up on the 3rd floor, 3533 Locust Walk.

**Wharton Needs Accounting Ph.D.s**

By GEORGE LANG

Many students with Ph.D. degrees, encountering difficulties in finding teaching positions, have turned to driving taxis or waiting on tables. In one new area, a shortage of accounting professors is forcing them to re-examine their education and training.

This year, across the nation, only 100 students are expected to graduate with doctorates in accounting, only one from Wharton and three from Columbia, one of the many schools in Philadelphia that offers graduate degrees in the field. A few years back, these schools offered the promise of hundreds of accounting Ph.D.s, but today all are struggling to attract students.

Not all new Ph.D. graduates enter teaching; either they are granted by the university's eight largest accounting firms, or they turn to the government or some other fields. Of the 100 students in the accounting Ph.D. program at the University of Pennsylvania this year, 75 have chosen another field.

Although a shortage of accounting professors is occurring, there are hundreds of outstanding theatre companies producing fine plays. That's why we sent out scouts to look for potential theatres, some have become big enterprisers in the publishing and import business, a few have turned to driving taxis or waiting on tables. The shortage is in accounting.

by the Northeast network would subscribe. The University is also considering the possibility of a winning bidder for franchises in several cities. As you well know, the Northeast franchise, which would cover the most affluent section of the city, attracted the most bids.

Allard described the Maclean Hunter bid as the highest. "The University still will not be able to afford the cable service with the new people make it." Also, "It is a marvellous means of reaching new people and of reaching the public at large, if we can afford it."

The Maclean Hunter - University bid and the joint bid by the Joint Committee on Cable TV and the Philadelphia Cablevision Association could be added. E. F. Hutton, making a bid for a cable TV franchise paid $5,000 for the networks and services in the region. The northeast franchise, which would cover the most affluent section of the city, attracted the most bids.

Allard said he expects to recover costs within 10 years.

Three, Two, One--Chet the Jet Blasts Off

By ROBERT LEMOINE
Before last night's opening game, Penn's quarterback Chet Kwon had a lot of question marks. The Red and Blue four-year varsity player was a week or so away from full running strength at quarterback and his back, Andy Gamble, was out for the season while coach Bob Seddon was still trying to decide between sophomore boys Don Baudouin and Chet Kwon for the starting job at halfback.

The only answers provided in the evening's game were Chet Kwon's answer to the question of whether or not he could play quarterback, and the Red and Blue answer to the question of whether or not they could win the Eastern Ivy Conference.

Kwon's answer was a definite yes. The Red and Blue's answer was a definite no.

Kwon's answer was no surprise. That he could still run was made evident in the first 40 minutes of the game. After breaking through the Quaker defense for 15 yards to the Quaker 35, he continued to break through the Quaker defense for 20 more yards to the Quaker 15. On the next play, Kwon faked a handoff to his left and was stopped at the Quaker 5.

Kwon's performance in the first half was the primary reason the Quakers couldn't win. They were outscored by 15-0 over that span and were held to 15 yards rushing and 185 yards passing. The Quakers committed four turnovers in the first half of the game and weren't able to score.

The Quakers played much better in the second half and were able to score two touchdowns, but Kwon's absence from the game wasn't made up for by any other player.

In the second half, the Quakers were able to score two touchdowns, but their defense couldn't prevent the Red and Blue from scoring four of their own.

The Red and Blue's answer to the question of whether or not they could win was no surprise either. They had lost 15-10, 15-6. Delaware was able to hold their own against the Red and Blue offense for the first two quarters, but couldn't contain the Red and Blue defense for the entire game.

The Red and Blue were able to score two touchdowns in the second half and held the Quakers scoreless.

The Red and Blue's victory was their first of the season and their first over the Quakers.

The Quakers, on the other hand, were unable to prevent the Red and Blue from scoring.

The Red and Blue's victory was their first of the season and their first over the Quakers.
