**Residence Forces GAs To Quit**

**Residence** office learned the GAs, Bill another job. She said that when the approximately 20 hours a week at in favor of full-time jobs, after the dropped in sales to freshmen. 1.809 from 504 last year, Dining Service Controller Carol Vorchheimer said Thursday. The largest increase over last year, eating at the Dining Service, up to 566 came in sales to upperclassmen. who Mrs. Jones and Harris Ginsburg, were working as full-time counselors at other universities, they were asked to rather back at their jobs or resign as GAs.

**New FAS Language Dean Position Filled**

By SCOTT BOK

FAS Professor Daniel Robert Freed, who was recently appointed as a language requirement director for the college, is now the official in charge of language requirements in the FAS. Freed said that he would begin his new role by setting up a system to ensure that students are meeting the language requirement.

**Dining Contract Sales Increase**

By DAN BREEN

The latest contract sales figures for the Dining Service shows a slight increase over projections made in the fall. The contract sales for the fall semester are up 2.5% from the previous year. The increase is due to a number of factors, including the addition of new menu items and the introduction of new dining options.

**Television Cable Bid Could Help End UTV Problems**

By BETSY BINDER

University Television, the student-run TV station, has received offers from several cable companies for its services. The company has been struggling to find a viable business model, but the recent increase in cable sales has provided a new opportunity. The University is now in negotiations with a number of companies, including Comcast and Time Warner, for the sale of its cable rights.

**Clothing Hacks**

- By BARRY LEIBMAN

What to do when you're short on cash but still want to look good? Here are some clothing hacks to help you save money and still look stylish:

1. **Sell your old clothes online.** Many websites allow you to sell your unwanted clothing for a profit. This is a great way to make some extra cash and get rid of items you no longer need.

2. **Swap clothes with friends.** This is a great way to get new clothes without spending any money. You can also organize a clothing swap with friends or family members to save money.

3. **DIY fashion.** Make your own clothes from scratch with some basic sewing skills. This is a great way to save money and express your personal style.

---

**Today's Weather**

- **Mostly sunny and hot today with highs near 90 and little chance of rain. Winds increasing from the south to 20 mph.**

U. Committed To Expand Scope of Writing Center

BY SOBY BOY

The University has made "a very real commitment" to increasing the size and broadening the scope of the Writing Center in an effort to improve the writing skills of University students, Writing Center Director Peter Conn said Thursday.

"We've been making an effort to do two things," said Conn, who is also chairman of the center's board of directors.

"One is to expand the staff and the number of programs available for students who have a writing problem and a desire to become better writers. We're getting a lot of interest from students and professors."

Conn said a second goal is to widen the scope of the Center's operation to include the entire student body, regardless of school or college.

"We're just beginning to look at places where we are in development (of the center) and what the possibilities are to improve the center's office and increase the staff of five to 10 in-house instructors, and perhaps add some full-time staff members."

"We're looking at how much money can be raised."

Conn said he is considering "a series of increasingly grand adventures" for the center, depending on how much money can be raised.

"If more money can be found, Conn said most of it would be used to increase the staff and improve the center's office and perhaps add some full-time staff members."

Other possibilities for the money are to improve the center's office and increase the size of the writing staff, he said.

At the University the "general level of writing ability," he said, "is a limited capacity.

"We're just beginning to look at places where we are in development (of the center) and what the possibilities are to improve the center's office and increase the staff of five to 10 in-house instructors, and perhaps add some full-time staff members."

"We're looking at how much money can be raised."

Conn said he is considering "a series of increasingly grand adventures" for the center, depending on how much money can be raised.

Other possibilities for the money are to improve the center's office and increase the size of the writing staff, he said.

In addition, Conn said, he believes that the University has a duty to provide a writing service for "students who have a writing problem and a desire to become better writers."

"We're getting a lot of interest from students and professors."
Letter to the Editor

Two Sides to the Sunshine Battle

Isaac Brooks

I am standing on this beach, looking toward the ocean, with my toes touching the sand. It is a beautiful day, the sun is shining, and the waves are crashing against the shore. It is a perfect day for a beach walk, and I am enjoying every moment of it.

But then I hear a voice in the distance, calling out to me. It is a call to action, a call to arm ourselves against the forces of darkness. The call is clear and unmistakable:

"Join us, and together we can build a world of peace and prosperity."

I turn to see where the voice is coming from, but I see only the vast expanse of the ocean. It is clear that the call is not for me, but for those who seek to create a better world.

But I cannot ignore the call. I must do my part to ensure that the forces of darkness do not prevail. I must stand against the forces of darkness, and protect the innocent.

So I grab my surfboard and hit the water. I am ready to face the forces of darkness, and emerge victorious.

Cadenza

The Daily Pennsylvanian. The student newspaper of the University of Pennsylvania. 4340 Locust Walk, Philadelphia, PA 19104

I agree that the Sunshine battle is a battle for the soul of humanity. We must stand together, and fight for a world of peace and prosperity. We must never give up, and we must always be ready to face the forces of darkness.

But I cannot do it alone. I must work with others, and build a coalition of the willing. Only together can we defeat the forces of darkness, and create a world of peace and prosperity.

So I call on all of you to join me in this battle. Together we can make a difference, and build a world of peace and prosperity. Together we can overcome the forces of darkness, and emerge victorious.

I am ready to do my part. Are you ready to do your part?

I am ready to fight for a world of peace and prosperity. Will you join me?

I am ready to fight for a world of peace and prosperity. Will you join me?

I am ready to fight for a world of peace and prosperity. Will you join me?

I am ready to fight for a world of peace and prosperity. Will you join me?

I am ready to fight for a world of peace and prosperity. Will you join me?

I am ready to fight for a world of peace and prosperity. Will you join me?

I am ready to fight for a world of peace and prosperity. Will you join me?

Quad Dorms Renovated; Further Work Planned

By Dana Breen

Interior work in six Quadrangle dormitories was completed yesterday, in the second stage of a two-year plan being funded by the Kresge Foundation. The dorms were closed at the end of the summer, when the windows will be replaced and the hallways and bathrooms will be completely renovated.

The University has also been a model for housing in other states. Funding for the entire Quad project was raised through the sale of bonds and the installation of a pneumatic trash system.

The room renovation of the six dorms, which are part of the Quad, has been completed last year. The University currently has plans for the complete renovation of the Morgan, Wilson, and Kresge Houses, which will be completed next year.

Paul Greenberg, director of maintenance and construction, said that with proper planning and the help of the students, the project can be completed in six months. The University has also been working on the installation of a new heating system.

The University's Development Director, Titus Hewryk, said that with the completion of the project, the University will be able to increase its enrollment and attract more students.

The University's Board of Governors has already approved $300,000 for the construction of a new on-campus studio. The studio will be entirely for student use if the proposed deal materializes.

The University has also been working on the installation of a new heating system. The room renovation of the six dorms, which are part of the Quad, has been completed last year.

By The Associated Press

New York — Thousands of nuclear protesters gathered yesterday in Manhattan to hear big-name rock and singer Janis Joplin, but the crowd was not as large as expected.

The New York rally was one of as many as 100,000 persons who have marched on Washington, D.C., since the accident at a proposed waste storage site at the Puget Sound Naval Shipyard in Washington State.

EVELYN WOOD READING DYNAMICS
Spikers Switch Game Plan From Power to Control, Top Trenton

BY BOB SAPORITO

The women's volleyball team opened with a disappointing, semi-emotional defeat, but for the game against the Red and Blue, the Quakers switched to a more control-oriented game to beat Trenton 3-2.

The Quakers took the third game easily, 15-4. "We took the loss as a team," said Quaker co-captain Margaret Raphael. "We gave them short, slow plays, but it was our fourth tailback...Rob Pelt had Princeton's other TD to go along with the afternoon. The first one set up the winning side of the won-loss formula.

The big three for the Tigers were Larry Brown, who had 92 yards on 17 carries and scored two touchdowns, and Princeton's two other backs, while three of these five came in one, two, and three.

What happened in the trenches can be summed up in one sentence: "We had a hard time getting them off the line," said Penn defensive end Cooper Keen. "We knew they couldn't take us. It did them so easily."

Penn's new 5-1 offensive formation, established early in the game, was key to the Quakers' success. "We knew they had to close the door on teams," said one Quaker.

The offensive dominance up front led to the game's early points. "No, it was the Territorial stuff of things. The Quakers were taking the field to win points by luck or from Quaker mistakes."

Power to Control, Top Trenton

The Penn field hockey team opened with a disappointing, semi-emotional defeat, but for the game against the Red and Blue, the Quakers switched to a more control-oriented game to beat Trenton 3-2.
