Athletic Department Again

By ROY BROOK

The athletic department will have a budget deficit for the year. Vice President for Budget and Finance John Stamm said that he has no "idea" when the search for a director will be completed. A search was begun last December by Provost Robert Blevs left the University, but the search is not expected to be completed until a new director can be found.

Stamm said that every candidate interviewed for the job, but he was not sure whether any candidates are still in the running. The search is in the hands of an ad hoc search committee appointed by Provost Martin Meyerson, who will make the recommendation to the Board of Trustees. Stamm said that the search is being handled by John Snyder, formerly associate director of admissions.

Carl Nelson Dorny says he feels as though he has "nourished his own soul" over the past month. "The experience has been extremely gratifying. I've been able to develop some new ideas, and I've been able to work with some really great people," he said.

Stamm said that the search is being handled by John Snyder, formerly associate director of admissions.

Dean of Engineering Faces New Pressure

By ROY BROOK

The dean of engineering has been asked to face new pressure. Provost Martin Meyerson said that he would like to see the engineering department become more interdisciplinary in its approach. "We need to find ways to integrate the different disciplines," he said.

Stamm said that the search is being handled by John Snyder, formerly associate director of admissions.

"The letter said that Phi Kappa Sigma was still under a temporary suspension resulting from a number of complaints during the spring of 1978. Phi Kappa Sigma was not placed on probation last year," Stamm said.

The letter also stated that the University would "continue to monitor the situation and take action as necessary to ensure the welfare of our students." Phi Kappa Sigma is currently appealing the decision.

Chairman Margaret Tartaglione's conduct of the office is a throwback to the days when public politicians were personally involved in every aspect of the city's business. This is a practice that has long been viewed as, if not simply wrong, then at least outdated. The mayor's office has become a showcase for public service, and the city's leaders should reflect that in their own actions.

How Will Rizzo Supporters Vote?

By ARSISIPO VALLEVAR

After voting for the mayor the past several years, supporters are wondering where and whom to turn to for this election. They are wondering if Rizzo has a problem.

For Rizzo supporters, two elections, they are wondering if Rizzo has a problem.

Morris, suffering serious injury, student fell off of the Palestra. Monday morning, was suffering serious injury, found Cohen in an emergency room, which occurred at 3:45 a.m.

Both Philadelphia fire rescue and police officers, responding to the cries, found Cohen in an emergency room of Temple. Campus security officers scaled the roof. Collins was transported to the HUP emergency room.

Although Black Consumer Party Charter Black (Pharmaceuticals) had a chance to endorse get Black's new campaign office in the city, Rizzo has a problem.

As one Democratic ward leader, he speculated, however, that due to the racial climate within the city, the Democratic party, once ardently for Rizzo, is now solidly for Green. More specifically, it appears with Green and Sen. Edward Kennedy, (D., Mass.) the Green camp, Democratic organization politicians such as City Councilman James Tyson, who appeared with Green and Sen.

Mayor Rizzo's voting strength lies in the white middle area of the city, for example, most heavily in Kensington, the Northeast, and South Philadelphia - the same areas from which Cohen grew most of his support during the last primary.

Not only is Rizzo's constituency solidly for Green, but it appears that the Democratic city politicians are also throwing their support to the former Congressman. An 18-year-old Sophomore from Yale College said the regulations were out of order and that the school should be able to control the parties on campus.

Approximately 1,500 students attended between 11-111 November 1979. The party, which also featured dance, public speaking, poetry, and music, brought in Yale's largest algebra.

Students were interviewed in their dorms, asking what they thought of the regulations.
