Blacks Voice 

Opposition to Moynihan

BY ANDREW KIRTMAN

Malcolm X's idea of a 'liberal' or "politically aware" black leader seems to have been realized in the University community last week. Members of the University's black community, recognizing the senator's opposition to Moynihan, are preparing to put their voices to action in support of the University's claim to be a "liberal" institution.

The Council of Black Organizations, a University student group, last night put forward plans to challenge the opposition of Senator Moynihan to the University's claim to be a "liberal" institution.

The group, which was formed last year, is made up of students from several black-oriented groups, including the black student group at the University.

The group's plans include a demonstration outside the Senate building, a meeting with Senator Moynihan's staff, and a letter to the senator expressing their opposition to his position.

A student who participated in the meeting said, "We believe that Senator Moynihan's views are not in line with those of the black community at the University. We want him to know that we are not satisfied with his position, and we want him to change his thinking."

The group's demonstration will take place on the day of the Senate vote on the University's claim to be a "liberal" institution. The demonstration will be held in front of the Senate building, and will include speeches and music.

The group's letter to the senator will be sent to Senator Moynihan's office, and will express their opposition to his position.

The group's plans are the result of discussions with members of the black community at the University, who have been discussing the senator's position for several months.

The group's plans have been met with mixed reactions from the black community at the University. Some members of the community have welcomed the group's plans, while others have expressed concerns about the group's methods.

One member of the community said, "We support the group's plans, because we believe that Senator Moynihan's views are not in line with those of the black community at the University. We want him to know that we are not satisfied with his position, and we want him to change his thinking."

Another member of the community said, "We are concerned about the group's methods. We believe that the demonstration outside the Senate building is not a good idea, because it could lead to violence. We want the group to consider other methods, such as a letter to the senator, or a meeting with Senator Moynihan's staff."
Will You?

Some 600 Columbian missionaries are marching out to bring the Good News, to bring help and hope to the poor people of it wherever they are. Will you join them? The people need to know that there is a missionary priest! Give it some thought! For more information, write to Fr. Mike Harmon, Columbian Fathers, Box 135, Edgemont, PA. 19028 [215-333-3308]

U.S. Cancels Iran Boycott

WASHINGTON-The United States, encouraged by yesterday's new evidence it was able to take action in support of the boycott, last week announced a series of sanctions against Iran. The sanctions were announced in reaction to a book written by three Israeli journalists, which provides an analysis of the Persian Gulf crisis and its implications.

Hillel, organized by students, is the Jewish student union of the university. The program is open to all students. Students who are not Jewish are encouraged to attend. The meeting will occur at 2:30 p.m. in the Hillel, first floor lounge. New Members are welcome. R.I.A. Students are encouraged to attend.

A large selection of toys for children. The store is located in the Student Union, second floor.

Happy Valentine's Day!

A representative of the faculty of The Pennsylvania State University, College of Business, will be on campus February 12 to meet students interested in Ph.D. programs in Organizational Behavior and Management (or other business fields including Finance, Marketing, Accounting, Management Science, and Business Logistics).

Series A, in the intimate Annenberg School Theatre. A truly original comic production for audiences willing to embrace the idea that nothing is sacred and anything is funny.

Together with the idea that news is always of the present event, Annenberg Center is a place to visit and discover great entertainment.

Series B, in the spacious beautiful zablanent Theatre.

An English Minstrel Company Comedy

By JOE ORTON

Mr. Brandon, chairman of the Senate Law and Justice Committee, helped him save $3 million for the Pennsylvania State Fraternal Order of Police, representing the city's nearly 3,000 firemen, spoke to the demonstrators after an hour-long meeting with Green, their second

The Pennsylvania State Liquor Tax Hearing

The Pennsylvania State Liquor Tax Hearing took place in the Intimate Annenberg School Theatre on February 13. The hearing was the first public hearing on the proposed price changes. It was attended by a group of police officers who were working to keep the city's millions of dollars in revenue from the price changes.

The hearing was an opportunity for the police officers to voice their concerns about the proposed price changes. The police officers were concerned about the impact of the price changes on their budgets and the impact on their ability to provide services to the public.

The Pennsylvania State Liquor Tax Hearing was presided over by Mayor William Green, who is the chief executive of the city. Mayor Green said that the proposed price changes would be a disaster for the city's police department.

The police officers were told that the proposed price changes would result in a $167 million budget deficit over the next year. The police officers were also told that the proposed price changes would result in a $167 million budget deficit over the next year.

The police officers were told that the proposed price changes would result in a $167 million budget deficit over the next year. The police officers were also told that the proposed price changes would result in a $167 million budget deficit over the next year.

It's Up to the Legislature

When we try to put a tail in funding is a commitment, that is real and present, and certainly never one that can be used to justify Governor Dick Thornburgh, and the funding for Pennsylvania's colleges will not.

Thornburgh should not be criticized too harshly, for he did propose an increase in funding. There have been years in the past when the state provided no increase in appropriations for education, but this time, when inflation is accounted for, becomes an actual decrease.

All of the state's institutions of higher education have made significant strides in the past three years, largely because of their own initiatives and the appropriations they have been able to secure, but student fees have risen to make up for the state's lack of support. This is not new, and it is not unique to Pennsylvania, but it is a matter of concern.

The increase in tuition is due to the fact that state appropriations have not kept pace with the cost of higher education. This is a problem that affects all states, and it is one that the state legislature must address.

In his budget address to the General Assembly on February 6, Governor Thornburgh said that "our system of higher education, moreover, has entered into the next phase of its development, and it is past, in part, by itself." Regrettably, his budget did not take into account the costs of new buildings and equipment, and the increased costs of tuition and fees.

There is no set rule for this; it is up to the landlord and the tenant to come to an agreement. If they cannot agree on a price, the landlord may take legal action to enforce the warranty. However, this is a complicated process, and it may take months or even years to resolve.

When the rent is due, send the landlord the rent check, along with an explanation of the repairs needed. If you do not have a lease, you have nothing to lose by writing a letter to the landlord. If you do not hear from him after a week, you may want to consider going to court to get a refund of your rent.

There are no set rules for this, it is a matter of how much you are willing to pay. Always keep in mind that you are the one who will have to pay for any repairs that are made. If you are not happy with the repairs, you can refuse to pay for them. If you do not hear from the landlord, you may want to consider going to court to get a refund of your rent.

The Tenants' Rights movement has been growing in popularity, and it is important that tenants are aware of their rights. As students at a university such as Pennsylvania State University, we are in a unique position to help bring about change in the way landlords and tenants interact.

By Gary A. Miller

The doctrine of Caveat emptor, "let the buyer beware," has been around for a long time. It is based on the idea that the consumer is responsible for the goods he or she purchases. This idea has been embraced by many retailers, who believe that it protects them from liability in case of defects in the product.

In practice, however, the doctrine has been used to turn away claims by consumers who have been injured by defective products. The retailers argue that the consumer should have known better than to buy the product in the first place.

This is a flawed argument, and it is one that needs to be addressed. As consumers, we have a right to be protected from harm caused by defective products. We should not be forced to bear the cost of these defects ourselves.

By Tara Weitrenner

I've been a poetry reader and writer for about seven years, and my work has been featured in several publications. My poetry is often inspired by my personal experiences, and I enjoy exploring themes of identity, relationships, and the human condition.

I am currently a senior at Pennsylvania State University, and I am working towards a degree in English and Creative Writing. I enjoy reading and writing, and I am passionate about sharing my work with others.

UA's Alan Thomas: Knowable, Powerful

By VICTORIA RUTHERFORD

If you're puzzled by the new room assignments, give Alan Thomas a call. He's the chairman of the powerful residence committee, which most UA members agree is "the most productive committee around a committee which seemed pretty aimless.." as fellow UA member Tim Barnes notes, Alan seems "pretty sinister," as fellow UA member Laura Foggan puts it.

Research Guidelines

(Continued from page 1)
guidelines don't provide enough protection from possible embarrassment with contracts from foreign governments which would be unacceptable to the country," Wales explained. Archaeologists and other members of the Anthropology Department have previously conditioned that, although the Office of Residential Living has its own criteria for proposals of Residential Living, "management lackey" and have "rubber-stamped" the proposals of Residential Living. Thomas dismisses the talk of "rubber-stamped resolutions" as similar to the thinking of Residential Living on the part of those people who think Residential Living is a "management lackey." He also said that he "rubber stamps" the proposals of Residential Living, and his committee agrees with him. "Management lackey" is an expert in his field (residence). "An earlier version of the guidelines are being brought back to Council for a vote. Changes are needed before it is made official," he said.

Whether you believe in it or not, this is getting to be a trend. The new movement in jazz is to bring in younger listeners to the genre. This is seen as a way to keep the music alive and growing, as well as to introduce new fans to the world of jazz. With the success of trumpeter and composer, Dizzy Gillespie, it is evident that jazz is still popular and relevant in today's society. His innovative style and unique improvisational skills have inspired generations of musicians. Let's support this movement and give jazz the recognition it deserves. [Image: Illustration of Dizzy Gillespie playing the trumpet]
Matmen Begin Ivies at Harvard, Yale

BY BRAD LEBO

The team will be weakened by the probable loss of Ivie and Chen, who are among the nation's top performers. For senior captain Cali, however, the season is one to be remembered. "The Ivies have shown us how we can compete," added co-captain Hall. "We have to make sure we don't get complacent and stay hungry.

**Green, Crimson Road Blocks For Cagers**

By ROY SELLEIER

The Penn basketball team will use the Green as a home court for the better part of the winter campaign. Only a few unresolvable expeditions in southern territories have necessitated a move to the area. Now the time has come for the Green to take on the northland as the Penn forces of Dartmouth (4-1, 1-4) tonight. The men's and women's teams are on the lookout for the Big Red, and Harvard's (5-1, 2-1) in the area. "We'll have to do it without the usual assortment of problems," said coach Bob Weinhauer, whose team is ranked second in the nation. "It's going to be a weekend affair as the Second Coming of the Penn basketball teams".

By DEAN OWEN

The men and women fencers play touch-a-touch-a-touch me against the cagers are on the lookout for the Big Red, and Harvard's (5-1, 2-1) in the area. "We'll have to do it without the usual assortment of problems," said coach Bob Weinhauer, whose team is ranked second in the nation. "It's going to be a weekend affair as the Second Coming of the Penn basketball teams".
