A Man For All Reasons

By Richard E. Gordon

Now this Daniel Morganthau has been by all accounts a man of the world, and when I say 'world,' I mean the world of government, and when I say 'government,' I mean the world of politics. So when he tells me, 'I am going to run for President,' I have to say, 'In other words, you are going to run against the President.'

John Anderson, Republican candidate for President, should be the only man who can win the Republican nomination. He is the only man who can win the nomination because he is the only man who can win the White House. And he is the only man who can win the White House because he is the only man who can win the hearts and minds of the American people.

We should be proud of our candidate, and we should be proud of our country. For the first time in our history, we have a candidate who is truly representative of the American people. He is a man of the people, and he is a man of the future.

In conclusion, I urge all of us to support John Anderson for President. He is the only man who can win the nomination, and he is the only man who can win the White House. He is the only man who can win the hearts and minds of the American people.

Dear Editor,

I am writing to express my concern about the state of our country. We are facing a crisis in leadership, and I believe that the only solution is to elect John Anderson as President.

Sincerely,

The Ivy League's classic rivalry reemerges tonight as the league-leading Quakers (13-9, 7-5) visit the tanglefoot north on their path toward another Ancient Eight crown. The Bears (30-1, 19-1) are fourth in the nation, and the Bears' victory last week ignited the Hagerty-Wilson rivalry.
