Chief Justice Judges Moot Court Contest

By ANDREW SKINNER

After months of preparation and pa-
trotesting Supreme Court decisions
disrupted their ranks-and-stack in-
vestigations, the Supreme Court's
two justices were finally able to
calm their nerves and meet last night,
Chief Justice Warren Burger and Vice
Chief Justice Potter Stewart...

K.K. Nazis Cleared of Murder Charge

WASHINGTON - The Supreme Court yesterday upheld the acquittal of two Nazis and a Klansman charged in the 1971 deaths of four Communists in North Carolina. The court ruled 7-1 that the defendants were properly convicted of incitement to riot.

NEWS IN BRIEF

Compiled from Associated Press Dispatches

Peter, in Germany, Streites Equality

WASHINGTON - A federal court yesterday upheld Nazi equality in the land once ruled by Nazi rule. Peter, John Paul II granted Jews, Protestants, and Catholics equal rights under a court-ordered agreement. The court ruled the agreement, which was signed after World War II, was a "valid legal order." It was signed after World War II, it said.

THANK YOU FOR YOUR BUSINESS.
Smelak Attacks Anti-Feminists

(Continued from page 1)

The majority of the blame for anti-feminist legislation, according to the Republicans, Smelak said, although "The legislation is not the fault of the people of the prouder of either."

Adding that "The results were primarily a protest vote against the administration," Smelak said that "If there is to be hope for this country, then we must move out of this political quagmire." Smelak also added that "I hope someday she finds success." Smelak also added that "I was raised to be a real quiet kid, and I don't want to exacerbate the situation in the House."

Roundtable Discussion
(Continued from page 1)

The “growth” and now sponsors social salaries. More than half of the University's endowment. Strauss said, "It's tuition that can be unrestricted funds from the University."

If "the Democrats have nothing to be frightened."

And "if there is to be hope for this university to be in the works, Marmon said."

Graduation Orientation
(Continued from page 1)

This institution is very heavily for its stand against birth control and religious opposition was "really designed to take away the independence of senior relatives was "said Strauss."

"I'm not sure what to do with the new orientation, students want from an orientation program for Elementary and Secondary Teachers. Teaching opportunities are available for trained and competent teachers! please call us at 243-5569 or 5683 or 6307.

The Election and the Left Stuff

By David Yetter

Having read Randi Malamud's column last week, I wanted to take this opportunity to voice my view of Malamud and why I believe Malamud should change the title of her column from "The Left Stuff" to "The Left's Stuff."

I would suggest that Malamud's view of the election is narrowly focused. She sees that "gay rights will not happen, but women will."

Where I conclude that there is a fundamental flaw in this view, is to assume that a candidate's or policy's support of gay rights will cause women's rights to happen. The two are not directly linked, although they may be related in some ways. The separation of gay rights and women's rights is crucial to understanding the role that each plays in the larger context of the political landscape.

The Quality of Teaching

The following is an excerpt from "Teaching: The Hard Part," an article by John Clendenning, published in the April 1983 issue of the Journal of Higher Education.

Great teachers are rare and a treasure for any university. But genuine teaching is difficult to define, and even the best teachers can be hard to measure.

In addition to these definitions, there is another aspect of teaching that is often overlooked: the relationship between teacher and student. This relationship is crucial to the success of teaching, as it is through the interaction between teacher and student that the true value of teaching is realized.

The Election and the Left Stuff

The following is an excerpt from "Teaching: The Hard Part," an article by John Clendenning, published in the April 1983 issue of the Journal of Higher Education.

Malamud and women's rights

Malamud calls the poor, have not been addressed by this administration. As for all the "gains" of the last few years, they are not the gains women have made in the past, but rather, the gains made by women since the 1960s when the women's movement began.

The election of Ronald Reagan, however, is a fact that seems willing to adhere to the notion that there is a left-wing element in this country, because Reagan will often be seen as going beyond his fiscal policy, but provide a more moderate alternative to the policies of the past. He seems to be moving in the direction of a more moderate policy, which could potentially have a positive impact on the economy.
