Students Decry Lack Of Input In Inauguration

In ROBERTS...
Student leaders have voiced their frustration over the perceived lack of student input in President Sheldon Hackney's upcoming inauguration, as well as over the site of the event.

They have also changed the traditional Inaugural Ball, which contributions to the center of Penn.

In a letter last week to the inauguration committee in Irvine, Schilling said: "Only 10 students have been invited to the inauguration ceremony in Irvine. Andrea should be granted...•...the goal of this celebration cannot be achieved."

On cost from the very beginning...the Ukraine to the future in such a positive way, but it is imperative that the inductees... exclude things that are sectional, excessive."

The most important thing is that final say for new markets produced in Pennsylvania."

"We're living money from that end and have to make it to the authorities," said "for the president's finding of the students' inclusion in the next Penn."

"The most important thing is to find new markets for products produced in Pennsylvania," he added. "We're seeking new markets for products produced in Pennsylvania."

U. Helps State

"Don't mourn - organize" is the theme of this year's Moderates' Labor Day event on Monday, the People's Day of Poland. The event was organized by the People's Union and the National Union of Students, which is currently discussing with the government a proposal for a national holiday for workers.

The People's Union, a coalition of trade unions, peasant organizations, and pro-government parties, has been pushing for a national holiday to be established in Poland, with the aim of strengthening social solidarity and promoting workers' rights.

The proposal includes a day of national mourning and a demonstration to be held in the capital, Warsaw, and in other major cities across the country. The organizers hope that the event will bring together workers from all walks of life and promote a sense of unity and solidarity.

"We are calling for a day of reflection and action," said Krzysztof Kowalski, a spokesperson for the People's Union. "We want to honor the memory of those who have fought for workers' rights in the past and to demand better conditions for today's workers."

The Importance of a Vital Space Program

By Scott Kellerman

Among the many problems the Reagan administration has to face, the budget for the space program is one that is much discussed. There are several important reasons why the budget for the space program is warranted. It is important to note that the budget for the space program is not a idle concern. It is a matter of national security.

The space program is vital for a number of reasons. First, it is essential for national security. The United States must maintain a strong military presence in order to protect its interests abroad. Second, the space program is necessary for scientific research. The United States has made great strides in the field of astronomy, and the space program has been instrumental in this progress. Third, the space program is essential for economic development. The space program has created many jobs and has contributed to the growth of high-technology industries. Fourth, the space program is important for international cooperation. The United States has used the space program to foster cooperation with other nations.

The space program is not just a matter of national security, but it is also a matter of economic development. The space program has created many jobs and has contributed to the growth of high-technology industries. The space program has also been used to foster cooperation with other nations. The United States has used the space program to foster cooperation with other nations.

The space program is not just a matter of national security, but it is also a matter of economic development. The space program has created many jobs and has contributed to the growth of high-technology industries. The space program has also been used to foster cooperation with other nations.

Wharton Holds Computer Fair

DE MAUDE'S RESIDENCE

The Wharton Computer Center held its annual computer fair recently. In attendance were students, faculty, and visitors. The event featured exhibits and demonstrations. The fair was open from 8:00 a.m. to 6:00 p.m. on the day of the event.

Besides computer exhibits and demonstrations, the Wharton Fair featured demonstrations of the personal computer, which has become a standard tool in Decision Sciences programs. David Cossen, the University's director of decision sciences, told SAB about the personal computer's role. "A look at Why Computers Are Prodigies Like Rabbits" will appear on Wharton's March issue. TAB recently acquired the溃疡 "sick" of computer analysis, which has become a standard tool in Decision Sciences programs. Indochinese Share Arts at Show

Br. JUDIS ABE

Tony Vong Ung worked by his table to display Cambodian currency, musical instruments, silver crafts and silk objects. The Indochinese refugee was proud of the objects on his table, since he was free for the first time in two years and able to show his wares to the people of the University.

Vong Ung is one of the 8000 Cambodians, Laotians and Vietnamese refugees who came to Philadelphia two years ago after being displaced by the wars in Southeast Asia. And at Indochinese Share Arts, which opened yesterday in the lobby of the College of Arts and Sciences, events will help collect the Cambodians’ symbol of beauty.

Cambodian Art Work was held to take place on a stage setting. On completion, the carving will be sold in the College of Arts and Sciences.

Cambodian designer presented a display of Cambodian crafts and silk objects. Vong Ung hoped to help other refugees to come to the country.

The day was not only for those who enjoyed looking and tasting. People filled into Hopkins Auditorium of the College of Arts and Sciences.

Asian women dressed in traditional costumes of their countries once again, which told the people of their cultural heritage, the family, the husband and the children who were left behind. They are people in a mission of expressing their feelings, after having been forced to leave their homes and begin their lives again.

The event, which was part of the promotion of the Institute of Southeast Philosophy, consisted of the play, a drama, which was adapted to “Americanized” to understand it, in accordance with the Cambodians, who are Lao, who are Vietnamese, who are Thai, who are Vietnamese, who are Thai, who are Vietnamese.

Kevin Kenney scored two goals -- the first one, as well as the winning one -- in the 80th minute as the Hawks raced past Pennsylvania, 2-0. The latter was from about 30 yards, uncontested, and unchallenge.

He scored what was a different sort of goal in the 17th minute, a penalty kick. After receiving an unassisted shot from his teammate, Kenney put the ball into the goal. The Quakers had yet to produce another shot on goal, and in the first ten minutes of play, another Quaker striker had scored on the Hawks.

Although St. Joe's tallied twice in the first half, the Red and Blue won the game. The second goal occurred in the second half, as the Quakers' defense collapsed and Pennsylvania lost, 1-0.

Kevin Kenney and the Pennsylvania soccer team improved their record in the Philly Session to 4-4 with Friday's victory over St. Joseph's.

W. Harriers Place Second In Princeton Invitational

THAT BARELY

The Princeton women’s cross-country team got off to a strong start this season, but faced a disappointing weekend. Last Friday, in its first meet of the season, the Quakers came in seventh place with a time of 31:11. Princeton’s Mike was one of the strongest runners, coming in 10th with a time of 25:50. Although the team did not score as well as expected, they showed that they still have the potential to be successful in future meets.

Karen Nemer and the women’s tennis team improved their record to 2-0.

W. Spikers Lose Three of Four at Temple

When the Princeton women’s volleyball team went to Temple University to compete in the Temple Invitational this past weekend, it was the first time in several years that the Spikers had faced such a tough opponent. Despite the difficulty, the team managed to pull out a victory.

The women’s volleyball squad was led by a strong performance from Brian Schulte, who finished with 17 points. The rest of the team also performed well, with several players scoring double-digits.

Karen Nemer and the women’s tennis team improved their record to 2-0. The team won both of their matches this weekend and are now looking forward to their next tournament.

Netwomen Top Trenton, Mark Now Stands At 2-0

The women’s cross-country team did not fare as well in the Princeton Invitational, but the women did accomplish what they set out to do. In the women’s race, the Spikers’ margins of victory were narrow, but they still managed to come in first.

Sarah Holmes and Arleen loin, contributed to the Spikers’ victory. Holmes ran a strong race in the 10K, while Arleen loin contributed to the team’s success by placing strongly. Holmes finished third with a time of 31:40.

The team is currently ranked at 2-0 and is looking forward to their next meet.

Scarlet Knights Nip Sluggish Stickwomen

By JOHN DELEDDA

The Lehigh Quakers' eighth game was one of the first signs of the young season. The Quakers entered the kicked-off with a 5-0 lead on East Carolina, and their remaining opponents would not be much easier to face. Despite the Quakers' troubles, they were able to win against a team that was expected to be strong.

Big Apple Trip Turns Rotten For Harriers

By DAVE GOODMAN

The Penn Holders' trip to New Jersey this weekend was an exciting one. The team was able to win over the Scarlet Knights, but they were defeated by the Lehigh Quakers. The trip was full of emotion, and the players were able to bond over their shared experiences.

It Was One Of Those Days: 58-0

It was one of those days: 58-0. The Lehigh Quakers crushed the Quakers 58-0. A high racket up 578 yards in the half. The Quakers didn't even score in the first half.

Penn Took The Field And Lehigh Took Over

The Penn Holders' coach told his team, "The teamwork that we need just isn't there. The ball was bouncing a lot, but we didn't put it together." The team was not satisfied with their performance, and they are confident that they will improve in the future.

Big Apple Escape With 3-2 Victory Over St. Joseph's

The Big Apple Escape With 3-2 Victory Over St. Joseph's was an exciting game. The team was able to outscore the Quakers 3-2, and they were able to advance to the next round of the competition. The game was full of emotion, and the players were able to bond over their shared experiences.
