City Appoints Wells To Crime Task Force

By I. PETER CANELO

The city of Philadelphia's new crime prevention director, Wells, has already announced his intention to make safety a top priority for the task force.

Wells, who is also a member of the Mayor's Commission on Women, said that the task force will address issues of concern to women. "One of the Commission on Women's priorities is improving safety in the public transit system."

News In Brief
Reagan To Bolster Aid to Israel, Egypt

WASHINGTON — Israel and Egypt, the largest recipients of U.S. economic and military aid, are due to receive hefty increases, Administration officials said, as President Reagan has his way. Still, neither is expected to get as much aid as it requested, in line with Administration judgments.

Reagan plans to boost military assistance to Israel, at least $10 million, to a total of $8 billion, while Egypt’s defense aid would be raised $400 million, to $1 billion, in the fiscal year that starts Sept. 1.

The increases, which are to be decided on the basis of such factors as the current military situation, are subject to the same limitations as before. The annual economic aid is expected to be $1.7 billion.

The aid to Israel has been increasing proportionately faster in recent years than the aid to Egypt, which has been level.

The two countries also receive substantial amounts of economic aid. For Israel, that amounts to $400 million in the current fiscal year, for a total of $1.2 billion over the past 10 years. Egypt’s 1981 budget is about $4 billion, for a total of $19.6 billion over the past decade. U.S. officials expect Mubarak’s plans to reach the Petrodollar boom.

U.S. officials expect Mubarak to reach an agreement with the Free Press in the near future, according to reports from the Middle East.

The Misconception: All Penners are skinny, very skinny.

The Truth: None of the Penners fans—except for the many fans who were concerned about the lack of Penners personnel at the Big 5 showdown—had ever heard of such a notion. But among the many fans of the team, no one had ever heard of such a proposition. It was an idea that had been condemned by one with a great deal of authority.
