U. Puts Bias Code to the Test

After last spring’s incident, the final statutes and rules entered in the books, and non-discrimination guidelines that had been avoided for the duration of The Book season, the Penn football team made a true sign of life as its own men entered the homecoming on Saturday afternoon.

The Quakers running out to greet the crowd after Saturday's football game.

aged campus stereotypes and go the Pre-Professionals Study Options for the Future

Petals into graduate programs and gel to be accepted to the most competitive. Students have chosen to ignore such financial considerations. "Economically more secure professionals," one student said, "feel it is the general consensus."

"Most people I know who were pre-med when they went to medical school," said another, "kept their options open for other careers. There is a lot of money in a business major, but..."

"I wanted to be a pre-professional," she said. "But no matter what the reasons are, there is a lot of risk in being pre-professional."

"I'm still young, I don't want a pressure filled as you are in med school," said another. "I don't want to give up my social life," she continued "And it's better to go to law school because there is some security in doing that."
Special Bulldog Edition

The University of Pennsylvania Football Team continued its spiritual march toward the Ivy League into the Homecoming Weekend and its doing made believers out of the largest crowd of alumni and parents at Franklin Field in more than a decade.

Not everyone believes.

The writers of this column see a different game in the history between the twenty-year-olds, but they didn’t make the decision. The writers at the time, in this case the Bulldog, do that. They are the largest crowd in the history of Penn, that is, a phenomenon. The writer of this column is not the only one who made the difference.

But the truth is that they are not only the ones who deserve congratulations. Alumni and parents, dressed to kill in red and blue sweaters, ties, and jackets, returned to the field in more than a decade to watch the game. The Ivy League didn’t change, but the players did. It wasn’t the only game the players had that day, but the crowd was a very good one for the University.

Editorial Chairman,

“Too Early for Sensitivity”

Too early for sensitivity? Perhaps not, but when it comes to the question of the DP’s position on the freeze, we have one opportunity more than the others: the opportunity to express our views on this issue.

The DP’s position seems to be that the freeze is a necessary step in the peace process. It is clear that the freeze is a necessary step in the peace process. It is clear that the freeze is a necessary step in the peace process.

In the meantime, let us work towards a peace that is based on justice and equity. Let us work towards a peace that is based on justice and equity. Let us work towards a peace that is based on justice and equity.

Hardy Williams

U. Grad Runs for State Senate

By KENNY HIRAMURA

If foe "New" Hardy Williams is elected to represent the 19th District, he would become the first
member of this state to be a person well in public re-
nound.

Williams, 45, was born in the Philippines, is a
independent," and has earned the reputation of being a "progressive" Democrat. Although he is a relative of his party's past leaders, he is also working for reform.

"I was really surprised when a lot of people in the Democratic Par-
ty supported Williams," said one.

Campaign '82

Williams, who wanted a "silent majority," and is concerned about crime, "There are five hundred times more fighting crime," he said. "We should attack it."

Williams's office is "very busy," and is involved in many activities. "Our 16-week preceptorship program for new graduates offers you the opportunity to work in a highly professional environment with medical experts."

"We welcome applications from senior nursing students and new graduates," said one.

According to the candidate, an "expedited, in-cure network" would be an effective tool against crime. "We should attack it from the root cause," he said. "We can decrease the demand by addressing the need of the youth." Williams believes that the political debate in his campaign is "just to say," and that it can increase the quality of life for the people in the state.

Williams worked his way into the law enforcement system in the state. "I'm still trying to help those people," he said. "We don't want to give am

The pain accepted me," Williams said. "It's not as simple as that. We don't want to give am

The government wants credit," Williams said. "It's not as simple as that. We don't want to give am

The government wants credit," Williams said. "It's not as simple as that. We don't want to give am

Professors from the Medical School and School of Public Health were among the 10 speakers who addressed the meeting of the Harvard University Council yesterday on "Health Care at the Crossroads." The event was the morning session of a day-long conference entitled "Health Care at the Crossroads: Public Discussion Toward a New Direction." The conference was sponsored by the Harvard University Council, the Medical School, the School of Public Health, the School of Nursing, and the School of Dental Medicine.

The meeting, which was held at the Harvard Fitness Center, featured discussions on a variety of topics related to health care, including health care financing, quality of care, and the role of government in health care. The conference was aimed at promoting a public dialogue on the future of health care in the United States.

The speakers included experts from various fields, such as medicine, economics, law, and policy. The discussions were moderated by Harvard University President Lawrence Summers and were attended by faculty, staff, and students from the University.

The event was also highlighted by the presentation of a keynote speech by Dr. John M. Craig, a leading expert in health care policy. Dr. Craig discussed the challenges facing the health care system and the need for innovative solutions to improve access to care and reduce costs.

The conference concluded with a panel discussion featuring representatives from government agencies, nonprofit organizations, and private sector entities. The panelists shared their perspectives on the current state of health care and the steps that need to be taken to ensure a sustainable and equitable system for all.

The meeting was part of a broader initiative by Harvard University to engage the public in a conversation about the future of health care in the United States. The University believes that such a dialogue is critical to developing effective policies and strategies to address the country’s health care challenges.

Rubin pointed to the "importance of our role in the health care system. Our growth is limited by the number of patients we can accommodate. We must be careful not to cut costs at the expense of patient care." Rubin noted that the goal of the conference was to bring together health care professionals and policymakers to discuss the challenges facing the health care system and to identify potential solutions.

Rubin also highlighted the role of government in health care. He noted that government policies can have a significant impact on the health care system, and that it is important for government leaders to be engaged in the conversation about the future of health care.

Rubin concluded his remarks by emphasizing the importance of public dialogue in shaping the future of health care. He urged the audience to continue the conversation and to work towards a system that is sustainable, equitable, and responsive to the needs of all Americans.

The event was well-attended by both faculty and students from Harvard University, as well as by local residents and representatives from health care organizations. The conference was praised for its thought-provoking discussions and for its commitment to fostering a public dialogue on the future of health care.

The organizers of the conference expressed their gratitude to the speakers and to the audience for their participation. They emphasized the importance of continuing the conversation and urged the public to stay engaged in the dialogue about the future of health care.

The conference was recorded and will be broadcast on Public Television. The recording will also be made available for download from the Harvard University website.

The Faculty of Arts and Sciences announces the Ira Abrams Memorial Award for Distinguished Teaching to two members of the standing or associated faculty. Recipients of the Ira Abrams Memorial Awards are expected to embody standards of integrity and fairness, to have a strong commitment to learning and to be open to new ideas. Winners will be awarded $10,000, receive a certificate, and will have their names inscribed on a plaque near the Dean's Office. Guidelines regarding nominations may be obtained from the Dean's Office, 116 College Hall or the College Office, 100 Logan Hall. Nominations must be submitted to Linda Keoms in the Dean's Office, 116 College Hall, by December 1st. Announcements of award winners will be made in early April.
Frosh Gridders Maul Marauders by 35-9

By HOWARD DUNER

Placed in 26th quarter position by
the Maroon team, the frosh grid
played well against Millersville State on Friday.

TheHomecoming was given purposes. The winning kitten was handled
by a York cat woman and Millersville State on Friday.

TheHomecoming was given purposes. The winning kitten was handled
by a York cat woman and

Millersville began the scoring with a 35-yard field goal, a kickoff field
on a Quaker punt gone out of bounds. The hold was off the
side of the field. Minutes later, running back Terry Alexander (52)
shaped up for a 33-yard Quaker drive after being held in line and
came from two yard line.

"I'm just a simple soul," said Terry Alexander. "I get a lot of
opportunities every year, and sometimes, I feel like I can't handle
them all. But I'm just a simple soul, and I'm happy with the way things are going.

The Bulldogs, however, gathered themselves and at the one-minute
mark, Paul Andre (29 carries, 185 yards) capped a 12-play, 90-yard
drive with a two-yard TD run.

"The score didn't affect us," said Andre. "We kept our focus on the game and
hit the ground running. We knew we could win this game if we played well.

Bulldogs' defense played well, including high-pressure pass-rush
and a solid run defense. The defense allowed only three points,
with the final score being 35-9.

Millersville began the scoring with a 35-yard field goal, a kickoff field
on a Quaker punt gone out of bounds. The hold was off the
side of the field. Minutes later, running back Terry Alexander (52)
shaped up for a 33-yard Quaker drive after being held in line and
came from two yard line.

"I'm just a simple soul," said Terry Alexander. "I get a lot of
opportunities every year, and sometimes, I feel like I can't handle
them all. But I'm just a simple soul, and I'm happy with the way things are going.

The Bulldogs, however, gathered themselves and at the one-minute
mark, Paul Andre (29 carries, 185 yards) capped a 12-play, 90-yard
drive with a two-yard TD run.

"The score didn't affect us," said Andre. "We kept our focus on the game and
hit the ground running. We knew we could win this game if we played well.

Bulldogs' defense played well, including high-pressure pass-rush
and a solid run defense. The defense allowed only three points,
with the final score being 35-9.
Netwomen Take Two, Finish Unbeaten

By BANNE ROBERTS

In convincing fashion, the netwomen completed their first fall season in style. For the second time in as many years, Penn's women defeated Old Dominion to win the NCAA title. The team went 2-0 in weekend dual meets and moved into a first place tie with their weekend opponents, the Old Dominion Monarchs.

The team capped their weekend with a convincing 5-2 victory over Old Dominion in a dual meet in Bethel Park. The Monarchs entered the meet with high expectations after their convincing victory over Harvard the previous weekend. However, the Quakers crushed their dreams with a decisive victory.

Coach Tammy Bahn congratulated her team on their weekend efforts and praised the team for their consistent performance. "We had a great weekend," Bahn stated. "The netwomen are really coming into their own."

The team's weekend started with a 7-3 victory over Old Dominion on Saturday. Penn scored the first two goals of the match, but Old Dominion battled back to tie the game. The Quakers responded with three straight goals, however, to seize the lead for good. In the second half, Penn scored two more goals to put the match out of reach for Old Dominion.

In the second weekend dual, Penn crushed the Monarchs 5-2. Again, Penn scored the first two goals of the match, but Old Dominion battled back to tie the game. The Quakers responded with three straight goals, however, to seize the lead for good. In the second half, Penn scored two more goals to put the match out of reach for Old Dominion.

Weekend of Mixed Results for Harriers

Men Overcome Lehigh

By DOUG MILLER

On a cool, clear Saturday morning, the Penn men's cross-country team kicked off its dual meet season in winning fashion, defeating Lehigh, 26-24.

Senior captain Charlie Schlein led the way, finishing the race in second place. Furthermore, his time of 25:11 shaved six seconds off of his previous mark to lead the Quakers in their dual meet against the Mountain Hawks. In addition, junior Brendan Haggarty placed sixth for the Quakers in the same race, completing the team's successful weekend.

Brendan Haggarty also gave a convincing performance in defeating Indian Hills in the team's final matches of the fall season. He placed second in both meets as the Quakers took the top two spots in each race.

Women Surprised by Rutgers

The women's cross-country team was surprised by Rutgers in the team's final match of the season. The Scarlet Knights defeated the Quakers 24-10 to end the season. However, the team remains confident as it prepares for the upcoming season.

The team's performance was highlighted by senior captain Judy Haggarty, who placed third in the meet. Judy's time of 21:05 shaved off of her previous mark to place third for the Quakers. The team finished second in the meet, ending their season on a high note.

The Quakers ran their victors to 12-0 on the season, tying the record for the most wins in a season. They finished second in the Ivy League championships. The team Image 0x0 to 907x1509
Gridders Are Bull-Dogghish on Yale

Penn Was Playing Chamber Music

The Quakers have been playing like a well-oiled machine, moving the ball and scoring with seeming ease. But when it came to defense, the Quakers were vulnerable, allowing Yale to score two goals on the night. Despite the setback, the Quakers remained confident, knowing that they would bounce back soon.

On the Sidelines

"The Quakers were playing like a well-oiled machine, moving the ball and scoring with seeming ease. But when it came to defense, we were vulnerable," said Coach Jerry Berndi. "The Quakers have been playing like a well-oiled machine, moving the ball and scoring with seeming ease. But when it came to defense, the Quakers were vulnerable, allowing Yale to score two goals on the night. Despite the setback, the Quakers remained confident, knowing that they would bounce back soon.

Stickwomen Dominate Yale With 2-0 Showing

The Quakers showed off their skill and control on the field, as they dominated the Bulldogs with a 2-0 win. The game was a testament to the Quakers' ability to control the ball and create scoring opportunities. The Bulldogs, on the other hand, struggled to keep up with the Quakers' pace and were unable to produce a single goal.

Booster Fall Victim to Late Surge by Yale

Quakers Blanked as Bulldogs Bite Twice in Second Half

The game was a thriller, with the Bulldogs scoring two goals in the second half to secure the win. The Quakers started strong, but the Bulldogs were able to capitalize on their mistakes and score two goals in the final half.

Spiller Claimed First in Penn Invitational

The Quakers were unable to claim the top spot in the invitational tournament, as they were bested by a rival team. However, the Quakers showed their resilience and determination, as they fought back to nearly force overtime.

Booters Fall Victim to Late Surge by Yale

The Bulldogs scored two goals in the second half to secure the win, as the Quakers were unable to hold off the Bulldogs' late surge. The Quakers had the lead early in the game, but the Bulldogs were able to capitalize on their mistakes and score two goals in the final half.

Quakers Remain in First After Beating Eli, 27-14

The Quakers were able to maintain their position at the top of the standings, as they defeated Yale with a convincing 27-14 victory. The Quakers showed their dominance on the field, controlling the ball and creating scoring opportunities.

BY BRYAN HARBUS

Quakers were off the mark on the first play of the game when Joe Dufek found Scottie Thomas for a 42-yard touchdown. The Quakers went on to score three times before halftime, as they dominated the Bulldogs.

Penalties were a key factor in the game, as the Bulldogs were penalized four times for 21 yards. The Quakers, on the other hand, only had one penalty for nine yards.

The Bulldogs scored two goals in the final half to secure the win, as the Quakers were unable to hold off the Bulldogs' late surge. The Quakers had the lead early in the game, but the Bulldogs were able to capitalize on their mistakes and score two goals in the final half.
