**U., ATO lawyer to delay hearing until Thursday**

The University and lawyers for Alpha Tau Omega reportedly have agreed to postpone until Thursday a Philadelphia hearing on the fraternity's loss of recognition. The hearing was set to begin yesterday but was postponed until Thursday.
Campus Events

Around The World Study
Kyoto, Bali, Singapore, Bangkok, Nairobi, Cairo, Jerusalem, London.

International Meeting
30 university students, drawn from across the United States, will circle the world Sept. 83 - May '84 living and studying in the above locations. Accompanied by internationally known senior professors, the selected students will carry a full course load as they explore how societies represent and interpret themselves to themselves and outsiders. The International Honors Program seeks mature, motivated candidates who have achieved academically. Interested students are invited to meet with Professor Barbara R. Landmon, a member of the BHP faculty, on WEDNESDAY, APRIL 6, 4 P.M. IN ROOM 309, HOUSTON HALL.

Further information may be obtained by calling, collect: 215-384-0363 or by writing to the program directly.

Rizko supporters fight image problem

The case of a Philadelphia man who lives on campus and is trying to become involved in the National Organization for Women.

Students seek campus vote for Goode

On several occasions, Goode has accepted a challenge if the vote is held, but the faculty members have not.

Goode has been registering voters and distributing campaign buttons, "I feel that I am just a human being," he said, "but I think I can make a difference in this election."

Goode's opponents say he is a little too emotional, but they respect his dedication to the cause.

Goode hopes to win the vote and use the win to start a movement.

"I think we need more people like him," he said. "We need someone who is willing to take a stand and fight for what he believes in."

Goode's supporters say he has a message that is important to many people on campus.

"He is a man who believes in the power of ideas," one supporter said. "He is someone who is willing to stand up and fight for what he believes in."
Admissions Office sees quality of applicant rise

By GILLOW

The Ivy League

The news convey the image of tradition and prestige. But it seems to many that the University has not gotten the recognition or status which accompanies the Ivy label.

"Harvard, Yale and Princeton are in a group by themselves, in that order," said James Rogers, Director of Admissions at Princeton University. "But we are seeing a great deal of interest in the Ivies, including Harvard, Yale and Princeton.

"We have seen this historically restrained," he said. "But it was only six or seven years ago that we did not do as well with Columbia and Cornell."

But Stetson said he feels the rankings are dated and reflect a perception lingering from the past.

"At the same time, we are doing well in competition with Columbia and Cornell," said Dean of Admissions Lee Stetson. "I do not think we are a fallback school with the exception of Harvard. Yale, Princeton, and to a lesser extent, Brown.

"The recognition or status which accompanies the Ivy label.

"The perception of the University as a "safety-school" image."

"We are seeing a great deal of interest in the Ivies, including Harvard, Yale and Princeton.

"It is not a resignation of attending a place you like but a choice between Penn and Princeton, more students will choose Princeton."

"There is a difference between being a second choice and being a "safety school."

"We are seeing a great deal of interest in the Ivies, including Harvard, Yale and Princeton.

"It is not a resignation of attending a place you like but a choice between Penn and Princeton, more students will choose Princeton.

Letters to the Editor

Democracy in Action

To the Editor:

After months of discussing the possible placement of the 1983 try do Stone, we, the Senior Class of 1984, feel that the representation of the eminent Senior Class, each senior will have a three day in the line situation. We feel that although the board is representative of the Senior Class, we do not wish to overlook a potential site or a counter-student sentiment. We believe that the board and the Senior Class is to let each student and to himself or herself. Therefore, through Lack, we ask that you take a moment and stop at the Senior Class table to submit your ballot for this permanent decision. Since this is the first time that a Senior Class Board has had the privilege of being a formal and a meaningful part of this permanent decision, it is a matter of great importance, not only that you take part in this process, but also that you and each student have the opportunity to vote. This is an important decision for the future of our University and its impact on our campus community.

History:

For many years after the founding of the University, senior student-elected trustees were part of the Board of Trustees. When the University moved to a new location in the 1920s, the role of the senior student-elected trustees was redefined, with some members of the Board of Trustees becoming senior student-elected trustees. However, in recent years, the role of the senior student-elected trustees has evolved. Today, the senior student-elected trustees are responsible for providing representation and oversight to the student body, and for ensuring that the University's policies and practices are in alignment with the needs and interests of the student body.

To make this decision, we have conducted a thorough research process that includes input from various student groups and faculty members. We have also consulted with the University community, including the Student Government Association (SGA) and the Faculty Senate.

We want to ensure that this decision is made in a fair and transparent manner, and that it reflects the voices of all students. We encourage you to vote and to participate in this process. We believe that this decision will have a significant impact on the future of the University, and that it is important that we make a decision that reflects the values and priorities of the student body.

Thank you for your attention to this important matter.

Sincerely,

The Senior Class of 1984

---

An Amiable Assistant

To the Editor:

Well, it had to happen sometime. The Senior Class of 1984 has finally done it. They have chosen to place the 1983 try do Stone in the line situation. We, the Senior Class of 1984, feel that this is an important decision for the future of our University and its community.

To the Editor:

We agree with the Senior Class of 1984 in their decision to place the 1983 try do Stone in the line situation. This decision reflects the values and priorities of the student body, and it is an important step in ensuring that our University community is representative and inclusive.

Thank you for your attention to this important matter.

Sincerely,

The Student Government Association (SGA)

Ziggy Stardust: A Real Show Stopper

To the Editor:

Let's stop here for a moment. We are about to enter into the world of the Thin White Duke, and we must prepare ourselves for a journey into the unknown. This is an experience that we have not been prepared for, and we must be ready for anything. We are about to witness a performance that will change the course of music forever.

As an experience to the first show in the world, we have learned that the Thin White Duke is a master of his craft. This is an act that he has perfected over the years, and we are about to witness it in all its glory. This is a world that we have never seen before, and we are about to be introduced to it.

As we enter into this world, we must be prepared for anything. This is a world of surprises, and we must be ready to adapt to the changes that we will encounter. This is a world that we have never seen before, and we must be ready to embrace it.

Vigil
(Continued from page 2)
down," she said. "And then I think people know that this is the image some girls want to create for women at Penn."

That was something that touched every woman at Penn," Ploscowe added. "It had no identity except that it was female."
The march is being sponsored by members of the Women's Concerns Committee, PWA, the Penn Women's Alliance and Leathers and Gays at Penn.

Denise, Florence, UA Women's Concerns Committee Chair Vicki Bernstein, UA Secretary Youth Kill- er, UA member Randy Malomat and College senior Cindy Urach are planning the event.

But it is not a rally but a vigil. "It literally is a group of concerned leaders who, in the absence of other positive statements on campus, want to create a positive statement and atmosphere for women on campus," said Ploscowe.

President Sheldon Hackney had high expectations for the vigil and was concerned about the flagged incidents.

"It seems to be in good taste," Hackney said. "It is not the right way to get away from the hectic city for a weekend.

Bikers
(Continued from page 3)
share their interest," he said. "It's important that all those who were interested in bikes realized this year's convention was bigger and better than ever." He added that it was looking for new ride leaders to organize other recitations around Philadelphia.

"It's not hard to be a ride leader," he said. "All you have to do is plan a route and get people to follow. A leader is someone who knows the route and has the necessary repair equipment in case a rider has a problem."

Wharton junior Michelle Clemen, who became an active biker last summer is Florida and CLEM and Re- mont Park, and品类 that she was "healed" after the bike rides.

"We really had a great chance to see new people from all over," she said. "There were a lot of in- creasing people in Florida and neonatal, and we all were able to get away from the noise while we rode."

Kim said that although there is not enough time left in the semester to build a large following, the good publicity will bring more interest in the bike rides for next year.

"Pam was our first ride leader, and since then we've had a core group of interested students who bring bikes to school in the fall."

"In a great biking search," he said. "It's also a good time because the pressure of schoolwork is not overwhelming. We hope to build a solid core group of interested students who can ride to work every day.
Debate to focus on Reagan foreign policy
Leboldettier, Edgar will meet in nuclear conference event

By MARK CARO
Philadelphia, Congressman Bob Edgar and former New York Con-
gressman, Lawrence Eagleburger, will meet in a nuclear conference event.

The Nuclear Question
One in a series of seminars at the University's monthly luncheon on nuclear issues.

The debate, sponsored by the Penn Political Union, is scheduled for 8
p.m. in College Hall Room 206. The luncheon, which begins at 6 p.m., is titled: "Toward Preventing Nuclear War:"

PPU Chairman Andy Feller said last night that the group invited Edgar, a Democrat, and Leboldettier, a Republican, to debate.

It's controversial from page 1
percent of the student body to vote. Students who vote for Union candidates will see candidates who get ballots and not vote.

Marathon raises $2800 for needy children

Marathon raises $2800 for needy children

For the first time in its history, the Great American Run has raised money to support needy children. The marathon was held in conjunction with the Foster Parents Plan, a national organization that helps children in foster care find permanent homes.

"This was a great day for everyone involved," said John McDonald, the marathon director. "We had a record number of participants, and we were able to raise more money than ever before." 

The event was held on a beautiful spring morning, with temperatures in the low 60s. Runners and walkers of all ages joined in the festivities, which included music, food, and a children's area.

"It was a really special day," said McDonald. "We had kids from the Foster Parents Plan, and they were able to meet some of the runners and walkers who had come to support them." 

The marathon begins at 7:30 a.m. on the campus of the University of Penn State. Runners can choose to run in the 10K, 5K, or half-marathon, or they can walk in the 5K or 10K. 

"The 10K is the most popular race," said McDonald. "It's a great distance for beginners, and it's a great way to get into shape for the marathon." 

The 5K is the shortest race, and it's perfect for those who want to enjoy the scenery but don't want to run for too long. The half-marathon is a challenge for more experienced runners, and it's a great way to test your endurance.

The marathon is sponsored by the Foster Parents Plan, a national organization that helps children in foster care find permanent homes. The money raised will be used to support the children and their families, and to help pay for their medical and educational needs.

"This is our annual fundraiser," said McDonald. "We're proud to support this important cause, and we're grateful to everyone who came out to run or walk."

Not a good Friday for Quakers

Thursday was a disaster for the Quakers, as they lost 16-1 to Penn in what would normally be considered a home game. Despite the loss, the Quakers' 16 goals were the highest score in the history of the team. "I think the assist was just as important as the goal," Quaker attacker Matt Marziano said. "And the goal was a little more glamorous, but the assist was just as important." The Quakers' attack was led by Matt Marziano, who scored five goals and had three assists. The game was played in front of a record crowd of 4,400 fans. "I think we're going to play against Penn again," said Coach Mike Shoemaker. "We're going to make them work for it this time." The Quakers are now 0-5 on the season and 0-2 in the Ivy League. (Continued on page 8)
