House: Cut off CIA aid to Nicaragua

WASHINGTON — A House divided House yesterday voted to cut off Central Intelligence Agency funds for Nicaragua.

The 27-19 vote, lengthy after papa was, was the first in a series of cuts for more than a year. Like the first cut-off proposal, the one now is seen as unlikely to win approval in the Republican-controlled Senate.

There were 29 Democrats and 10 Republicans voting for the cut-off proposal.

The House vote came after a series of cuts for the fiscal year that ended in March. The cuts included the total amount of aid to Nicaragua.

The Debate Over Pornography

Karen Glass: PUC President

The Daily Pennsylvanian: How do you view student response to the issue of providing a benefit to the Women's Alliance, considering the opposition by Women's Alliance to the showing of the film? How do you feel about student response to the issue of providing a benefit to the Women's Alliance, considering the opposition by Women's Alliance to the showing of the film?

We have been on this campus for almost 10 years and have seen that there was an X-rated movie being shown. Maybe they knew in the back of their minds that they got around but they were not alone because it was not a priority at that point.

In response to the question of whether we should have continued with the plan, I say we should not. We have a lot of students who are involved in groups and they can't do anything we don't allow.

DP: That simply means that most of these movies are porn, right? Women's Alliance is very concerned with this issue.

Women's Alliance: We are concerned with pornography and the Penn Women's Alliance held an event to discuss it at length at different points. The difference between erotica and pornography is that erotica supposedly shows women in a sexual manner whereas pornography is considered to be a work of art. It is a much more offensive form of art, for example, because James Bond is this hero figure who treats women like objects — the exemplifying hero figure who treats women in a very different way than in pornography, where the people are somewhat faceless. We may have a lot of numbers, but that doesn't mean it's more offensive or right, that is the reason for a lot of people to come to the movie that we do do.

DP: PUC always shows the film, because it attracts more people than any other movie. How do you feel about that? Women's Alliance feels that the film is not a priority at that point.

Women's Alliance: We are the Women's Alliance and the PUC wrote a letter asking the PUC not to show the movie, but it wasn't a priority at that point. They've been very open and I can't say that anyone from different sides of the campus ever did work together as opposed to working against and putting each other from different sides of the campus. Because of that, I think people were concerned about the implications of pornography, and going beyond that is not a business. We are a student community. This is a personal entertainment. Entertainment is important, but it is not a business.

DP: How do you feel about the November 1 general meeting was that they were very pleased that we had shown the movie. Would you consider not showing the movie, and why? Women's Alliance feels that the film is not a priority at that point.

Women's Alliance: It's not a priority at that point. We have been on this campus for almost 10 years and have seen that there was an X-rated movie being shown. Maybe they knew in the back of their minds that they got around but they were not alone because it was not a priority at that point.

In response to the question of whether we should have continued with the plan, I say we should not. We have a lot of students who are involved in groups and they can't do anything we don't allow.

RIDDLE ME THIS/Leif Owen

"Dethhhhpicable!

The administration pledged last year to cut its lobbying efforts to oppose the Solomon Amendment lobbying draft legislation and financial aid. The lobbying efforts haven't been effective on the floor, the Undergraduate Assembly is entertaining a resolution calling on the administration to stop its efforts to oppose the measures. If anything, lobbying should be increased.

The Solomon Amendment is the public policy pure and simple. It links usually unrelated entities - political action committee campaigns and higher education. It pays off the holders of universities the clearly un- wanted responsibility of entertaining them.

The Undergraduate Assembly is debated long and short, and we often fail to recognize that it is the only chance that students have to make their voices heard. This is why we should strive to make it as effective as possible.

Evaluation: Outstanding Value

The Philadelphia sheriff has three main duties: to adjudicate criminal cases, which include sentencing; to enforce county and state law, which includes patrolling; and to manage the county jail.

The sheriff is the head of the county's corrections department, which includes the jail, the courthouse, and the traffic control division. The sheriff also has the responsibility of overseeing the county's law enforcement agencies, including the police department, the sheriff's department, and the district attorney's office.

The sheriff is elected to a four-year term and is subject to recall. The sheriff is responsible for the administration of the county jail, the courthouse, and the traffic control division. The sheriff is also responsible for the enforcement of county and state laws, including the enforcement of traffic laws.

IFC announces plans for Greek 'letter day'

By ISAAC BARLOW

The Interfraternity Council will hold Greek Letters Day on Monday, an event that students are expected to enjoy. It is expected that the event will take place on November 29.

The office of Fraternity and Sorority Affairs proposed the event in an attempt to clean up the image of fraternity and sorority organizations on campus.

"There was a need for an event that would help students understand the fraternity and sorority system," said Kevin Caswell, the course instructor. "I was surprised how much the students appreciated it."

Caswell said that he was pleased with the results of the event and that he hopes to see it continue in the future.

IFC President Bob Wilson supported the plan.

"I think it's a neat idea," he said. "I was impressed with the level of interest that it generated."

Wilson said that he was pleased with the results of the event and that he hopes to see it continue in the future.

"I think the debate forced him to rethink some of objections to it," he said. "Egan's no more conservative than his colleagues, just as he's more business-oriented.

Egan said his housing proposal was interesting, but he was not satisfied with the student's assurances that the houses would not suffer under the plan.

"I think there's a lot of work to be done to make sure that the houses are safe and comfortable," said Egan. "We are going to talk to the students and present them with the facts."

The Morris Arboretum has a good tradition of attracting students to attend meetings. Many students take advantage of this opportunity to learn about the arboretum's events and the opportunity to meet other students who are interested in the same field.

The arboretum, located near the campus, offers a variety of programs and events throughout the year, including concerts, lectures, and workshops. The arboretum also hosts several annual events, such as the Arbor Day Festival and the Arbor Day Tree Planting.

The arboretum's mission is to foster a love for nature and to promote the understanding and appreciation of the natural world. It is open to the public and offers a variety of educational programs and activities for all ages.

If you are interested in attending one of the arboretum's events, you can check their website or visit the arboretum in person to learn more about their upcoming programs and events.

The arboretum is a great place to unwind and take a break from the hustle and bustle of campus life. It is also a great place to meet new people and make new friends.

If you have any questions or would like more information about the arboretum, you can contact them through their website or by contacting them by phone. They are always happy to help answer any questions you may have.

Please take time to explore the arboretum and take advantage of the many opportunities they offer. You will be glad you did!
Famous Chinese artist gives lecture on campus

By MARY BETH BOYES

The leading authority of art in the People's Republic of China spoke about his theories on Chinese art in a speech on campus last night. Wu, who does not speak English, discussed the video through interpreter Anne Kennedy, an English major. A projected display of his art and scenes of Chinese landscapes accompanied by Chinese music and taped lectures in Chinese were also shown.

Wu, who is currently on an East Coast lecture tour, is visiting the Central Institute of Fine Arts in Beijing. His paintings combine ideals with physical forms and leaves the artist freedom to flow through his own imagination, he said. "This makes it possible for artistic creations to transcend through physical forms and leaves the artist freedom to flow through his own imagination," he added.

"This is a history of the director of the Central Institute of Fine Arts in Beijing, and the visiting senior curator for the Nelson Atkins Museum of Art in Kansas City, Wu is a leading authority of art in the United States as the Edgar Snow Professor of Art History at the University of Missouri.

Atkins Museum of Art in Kansas City. His research in Chinese art during this period became, in a sense, was made to express the nature and the people of China. "This made it possible for artistic creations to transcend through physical forms and leaves the artist freedom to flow through his own imagination," he added. Communicated from back paper in error on previous page.

They will have to mark tonight's victory as a step forward in their season. The Quakers currently have a 4-4 record, which is not bad before the season has even started.

The Quakers have the Big Green next week, and this is our hands really - we just have to continue winning," Fabens said. "This has been a great season so far, and we're having fun."
**Penn-Yale Notes**

1. Yale (8-3, 2-1 Ivy) will face off against Princeton (5-6, 3-0 Ivies) in the first game of the season.
2. Yale has a record of 2-0 against Princeton over the last two years.
3. Both teams are playing for the Ivy League championship.
4. The game is scheduled for 1:00 pm at the Yale Bowl.

For Field Hockey, a win over Yale fulfills Sage's goal

B-STEVE BERNSTEIN

The Crimson scored enough early in this two-week-old win over the visiting Quakers to make your correspondent think that Sage's team will make the Ivy League playoffs. Hopefully, the Chop will end the season on a positive note.

Quaker tight end Lal Harghaghts looks at Lafayette's Stan Kivitski last week

B. STEVE BERNSTEIN

The Penn soccer team has had an easy ride to this Yale week. All the Quakers need to do is win the proper way, get a few goals, and then call it a day. No pressure for the Quakers, just a pressure-cooker for the Red.

Bucknell coach and former I.S.M.S. National team defender Mark Catanza said last week that he and the rest of the Yale team were prepared for a tough week. "We've been working on our defense, and we're ready for this team," Catanza said.

But Penn should be prepared. The resurfacings of one round four quarterfinals, has resulted in a whole new look to the team. The Quakers have no defense, and that's the way they want it to be.

Oxford, in another week of top-notch soccer, still shows itself to be a top-notch team. The Quakers have scored more goals than anyone else in the Ivy League, and they look good doing it.

But Yale, in its first year under new head coach John Donahue, has been inconsistent. The team has been up and down, and that's the way the season has been going for the Quakers.

Yale's record is not that good, but anytime we play them we should be in the game. The Quakers have been winless in league play, and that's a fact. But they have been in control of the game and have been able to get a few goals.

With the head coach gone, the Quakers have been left with a new system. The team has been forced to adjust, and they have done a good job of it.
