Learning begins in the home

By LOUD HAM

SAC goes through a period of semi-formal. While some said that the event was a success, others feel that the organization needs to improve its planning.

SAC approves all funding appeals; spends over $9500

By BARBARA THOMPSON

The Student Activities Council (SAC) has approved all funding appeals submitted for the spring semester, according to SAC Treasurer Anthony Henderson.

HRE living program to open in fall

By GEORGE FAULKNER

A new community living program designed to introduce students to career opportunities and to provide students with a better understanding of the career services at the university will open for the fall semester.

After dismissals, HUP workers express fear over job security

By PATRICK O'NEILL

The dismissals at Presbyterian Hospital have left employees feeling uncertain about their future. The hospital has laid off 110 workers in the past six months, and an additional 26 workers are expected to be laid off soon.

HLP lays off workers, cutting $15.4 million

By BRIEF FACTS

As part of a $13.4 million budget cut, the hospital eliminated 110 jobs, affecting a total of 239 full-time positions.

Rebel Yell

A Week in Nicaragua
Sponsored by the White Dog Cafe and Whole World Travel
February 27 - March 5, 1988

Visit the large cities and small towns of this Central American country whose history and destiny have become entwined with our own, and draw your own conclusions about U.S.-Nicaraguan relations, the most hotly debated since Vietnam. Meet the Sandinistas and their political opponents including a tour of the mountains and lakes, and much more. Attend three days of classes and lectures from the University of California and then work on additional compilation of personal essays. Given the intense interest with so much interest in the working class, he has chosen to locate his next project at the American middle class. Specifically, Fussell plans to examine the American middle class and military conflict and how they have affected our society. The response of Americans, especially parents, ties the reality of war expressed through their words and ideas fascinates Fussell. After high school, Fussell "fled" from his native California, "it's a real place if you've ever been there," he says. Fussell entered the University of California at Berkeley in 1940 and then the Army during World War II. He left his parents in only his second year on day. But after a hernia surgical injury in March 1944, Fussell wanted to stay instead of fight. Upon returning to America, the young officer began his studies at Harvard University and then moved to London. His first book, "The & of Leaching," was published in 1957 by Faber and Faber. He has lectured on both 18th century British literature and American middle class. Specifically, Fussell plans to examine the American middle class and military conflict and how they have affected our society.

STUDY FOR ONE YEAR OR LESS AT OXFORD
Several Colleges of Oxford University have invited WISC to recommend qualified students to study under the tutorial system as Visiting Students or Associate Students for one year or for one or two terms. Upper Sophomore status is required, and graduate study is available. Integrated student housing, social activities, tours offered by WISC. A special summer session is directed by WISC.

Do it out of respect for the dead. And the living.

Equal standing for women at the U. saw much opposition from males

By LISA SPACK

In a gesture that the University was the first by any college in the country to do, an invitation was issued to women under the age of 21. It was an offer which would allow women to attend the university in order to provide higher education for women, and it was the first such offer to be made by any college. The University was a driving force in the fight for women's rights, and its efforts were supported by a number of other colleges and universities.

Key Dates

1917 — An article in the Alumni Register states that it would be possible for women to attend the university.

1920 — Opposition to policies for women was expressed by male students.

1933 — Bennett Hall built as home of College for Women.

1974 — College for Women merged with the University (at which time it was made) to form the Faculty of Arts and Sciences.

Students should look past the label when shopping for guts

Last semester I took a class in Consumer Education. The course lasted three hours a week and required only a test. Not so bad, I thought. Really.

I was wrong.

At any rate, it was easier to understand the text, which was all about the role of consumer behavior in shaping our lives, than it was to understand the professors, who seemed more interested in discussing the history of consumerism than in helping us develop useful skills.

The course was interesting, but I couldn't help feeling that I was missing something.

Edlines

Carol Vinyard

For students, a gut is an embarrassment, so it is for students to spend their time on other activities that might be more interesting.

GSE tries to ready students for jobs

By BECKY WALDMAN

The Graduate School of Education (GSE) is attempting to meet the challenge of an increasing need for teachers by recruiting undergraduates as potential candidates.

GSE tries to recruit undergraduates for many different positions as possible.

Offering several majors and doctoral programs in language, psychology, and education, the School trains the sub-

Academic Standing. It was not a particularly pleasant note.

Academic probation a fact of life for many U. students

Walter Wales

According to Acting School of Arts and Sciences Dean Walter Wales, there are one to two failures of classes that pass each year. This occurs because of the difficulty in the courses. He has raised this issue with the College of Arts and Sciences, which is responsible for the academic probation process.

The graduate course carries a cost of $540, which includes tuition and fees.

The current Penn Course Guide for the Class of 2017 rates it as "4.5,

Student Health board approves move

By BEIL PÄRKER

The proposed move of the Student Health Service to the Penn Tower is proceeding on schedule and should be completed this summer with the aid of 150 employees known as Student Health Advisory Board.

When the University announced in September that Student Health would move to the Penn Tower, the Undergraduate Assembly forwarded a resolution on the proposal.

The board, consisting of eight students and supervisory Health Educator Susan Villari, got the official go-ahead from Student Health and students. The board approved a resolution that the Student Health board is to provide the service.

"I know how I would do it," said Robben Schwartz, the Undergraduate Assembly's representative. "I feel bad for these people," added many workers may be able to find other work. "I have to be worried," explained Flood. "I haven't the slightest idea how to go about looking for a new job," he said. "I haven't the slightest idea how to go about looking for a new job," he said. "I haven't the slightest idea how to go about looking for a new job," he said. "I haven't the slightest idea how to go about looking for a new job," he said. "I haven't the slightest idea how to go about looking for a new job," he said.

The combined costs of the layoffs and elimination of extraneous positions totalled a budget of $4.2 million. The hospital also slashed $1.2 million by implementing an incentive system at the campus and another $2.4 million by lowering the price of medical equipment sold in the hospital.

The hospital will foot the bill, but employees need to be paid for two weeks of severance pay and another $2.4 million by altering the bonus system. Schwartz said that the hospital will try to keep open the health service and that 90 employees involved in the hospital.

Employee layoffs fear loss of jobs

Reagan makes final State of the Union address

WASHINGT0N — President Reagan, declaring America is "strong, prosperous, at peace." asked Congress in his final State of the Union address to "continue to fight for the people of Nicaragua what Lafayette, and other heroes, did for our country in our day."

The governor also laces a March 9 deadline for the Mecham Recall Committee to announce whether Mecham should be recalled. The radio network said they killed him for "betraying the country." The network also said the body was found about 15 miles southeast of Managua in Rio San Juan, a province bordering Costa Rica.

World

Sandinistas question Contra chief

Washington, D.C. — Nicaragua's Marxist government yesterday questioned a case on a rubber boat that plied both sides of a canal that separates the two nations. Nicaragua's foreign ministry said the boat, which is being used to smuggle goods to and from Cuba, has been stopped by Nicaragua's security forces.

Prosecutor kidnapped in Colombia

BOGOTA, Colombia — A leading opposition politician was kidnapped yesterday by two men dressed in black who said they were from a group called "Black Magic," which is known to be involved in kidnappings in Colombia. The man, who has been a vocal critic of the government, was taken to an unknown location.

Task force calls for controls on ATVs

WASHINGTON — A task force of state attorneys general was formed to study the impact of all-terrain vehicles, saying an agreement between the federal government and manufacturers should protect young riders.

Schultz says U.S. will act if Soviets violate arms pact

WASHINGTON — Senator Gary Hart, a strong critic of President Reagan's policies, said yesterday that the United States and its allies would take strong action against the Soviet Union if it violates the new arms control treaty in Europe.

Dukakis upsets training of troops in Central America

Dukakis had tried to delay the deployment of the 450-man unit, but a federal judge granted a stay to publisher Rupert Murdoch that will allow him to comply with media cross-ownership rules for 45 days.

Schultz's tax plan would cut taxes

WASHINGTON — A Senate committee has recommended a tax cut plan that would cut taxes for most Americans and provide a $350.1 billion campaign loan to candidates for the 1988 elections. The plan was unveiled yesterday by Senator Al Gore, the sponsor of the proposal.

Mayoral commission: Scranton is 'sick'

SCRANTON, Pa. - - Some residents of Scranton are worried that the city is becoming a "sick" city. They say that the city's expenditures are rising and that the city is not living within its means.

Weather

Today: Mostly sunny. Highs in the mid 30s. Winds north to northeast.

Thursday: Sunny. Highs in the mid 30s. Winds north-northeast.

The defectors, said the official, "had the right to be free of the announcement proving the Soviets already have nuclear weapons or the secretaries of state doing what they do." He added that he had been told by the National Security Council that "conclusive evidence" of the treaty's violation was not enough to conclude that the treaty was actually violated.

"We believe the problem is relatively simple and that the Soviet Union already is exploiting an agreement that has been reached and that we should be able to verify it," he said.

Dukakis, a strong critic of the Contras, said intentional flaws will be left in the contract between the National Aeronautics and Space Administration and the contractors to ensure that the treaty is not violated.

"The problem is that the treaty is not being implemented perfectly," he said. "We believe that it is possible to verify the treaty's violation, and we believe that it is possible to do so."
Who said high SAT scores never got anyone a good job?

If you did well on your SAT's (at least 700 on either math or verbal), the Princeton Review may have a high-paying, enjoyable part-time job for you.

Philadelphia's finest SAT course is looking for a few juniors, seniors, and grad students to teach classes on weekends and evenings in the greater Philadelphia area.

You must be articulate, enthusiastic, and like working with kids. You must have a car. We'll train you in our revolution ary techniques, and then pay you handsomely to work closely with small groups of students.

If you'd like to join the SAT superstars, call us at 923-2077. Hurry; openings are limited and will go to the first respondents.

The Princeton Review
New York — Track and field star Jackie Joyner-Kersee was named the Associated Press Female Athlete of the Year for 1986, disagreeing with selectors who awarded the honor to the U.S. women's soccer team.

Joyner-Kersee, 29, set nine world records and tied or set five more in nine years.

"A lot of people consider me the greatest female athlete to compete on the world stage," Joyner-Kersee said.

"It means I've been consistent over time," Joyner-Kersee said.

"I don't think I'm the greatest female athlete of all time, but I'd rather be known as the greatest female athlete of the last 10 years."

Joyner-Kersee will attempt to win a sixth Olympic gold medal, a world record and another gold in the 1988 games.

"It's nice to be recognized for your achievements," Joyner-Kersee said.

"But I don't think that's the most important thing."

"I think it's most important to compete and win in the Olympics."

Joyner-Kersee said she'll continue to train at the University of Southern California, where she has been since 1977.

"I'm glad that the national selectors have finally acknowledged my talent."

"I've been waiting for this for a long time."

Joyner-Kersee said she'll continue to train at the University of Southern California, where she has been since 1977.

Joyner-Kersee will attempt to win a sixth Olympic gold medal, a world record and another gold in the 1988 games.

"It's nice to be recognized for your achievements," Joyner-Kersee said.

"But I don't think that's the most important thing."

"I think it's most important to compete and win in the Olympics."

Joyner-Kersee said she'll continue to train at the University of Southern California, where she has been since 1977.

"I'm glad that the national selectors have finally acknowledged my talent."

"I've been waiting for this for a long time.
Leopard's zone defense denies Penn Quakers' offense after change

By Jay Seiber

It doesn't hurt to have a good one.

Just ask the Penn women's basketball team. They could go 1-0 against Lafayette.

For most of the first half, the Quakers played tight defense, shutting down the Leopard offense.

The junior placed first in the 60-yard hurdles, two times despite running on a slow track.

"We won't playing well in the first half," said coach Tenisei. "They have a good defense and I couldn't afford to have anyone but I was confident in our performance.

"We're going to do everything we can to try to show Penn the hole we have."
