A series of profiles of the University faculty members.

Wolfgang currently teaches graduate criminology courses, in addition to having served as director of the Center. Wolfgang said that he believes that his first-hand experience is crucial for teaching graduate-level courses.

"The apprehension and research is the essence of graduate school," Wolfgang's primary teaching strategy lies in the use of small class sizes. Although he has taught undergraduate courses, he said that they had graduate students sitting in for a better learning environment.

The University is not the only one to make use of Wolfgang's research. Some of the Center's studies have been used by the Department of Justice and other federal agencies.

Residential Maintenance suspends completion of Quad renovations

By SAMUEL ENGEL

The University has suspended for several years plans to complete Quad renovations because of fears of roughly $15 million in funds, Department of Residential Maintenance officials said yesterday.

The proposed renovations to Butler-Speakman/Class of ’28 and Morris and Rodkin halls represent the final phase of a multi-million dollar Quad renovation project begun over 10 years ago. Work on the improvements has continued each summer since 1979 with only one break in 1981.

Administration involved with the plans said yesterday that they have long anticipated the shortfall, and dubbed it the “Roadblock II” renovation knowing that they would reach a roadblock at this stage.

According to Executive Director for Student Financial and Administrative Services George Koval, the University will proceed with the renovations as soon as funds materialize from donations and renewed borrowing potential. Koval explained that the delay would be “a couple of years at the minimum.”

Koval explained that following a $28 million bond issue to upgrade Community House — the most recent phase of renovations — Residential Living must now turn its attentions to Quad renovations knowing that they would reach a roadblock at this stage.

Although Campaign Director Brooks Wernigren said yesterday that he has not set a large donation earmarked for the project on the horizon, he added that alumni and friends might support the work with “more numerous, albeit more modest” gifts.

“T is not really true that everybody comes forward out of the woodwork and volunteers money for the same reason anything else,” Wernigren said. “T is often the case that we see a trend picture, citing a similar situation a few years ago when donors gave over $5 million for Quad work.

The proposed renovations will follow a pattern similar to earlier upgrades, completely refurbishing bathrooms and bedrooms, adding facilities for data and telephonic communications, expanding facilities for public spaces and faculty housing.

According to Koval, the general overview and preliminary budget were completed, and the department is continuing talks with the city to comply with historic preservation regulations.

Current residents and staff of the unworn dorms last night that the facility’s delay does not detract from the residential experience that they found comfortable and equitable.

Bachor/Speake/Man Class of ’28 Assistant Dean for Residential, Koval said that enhanced that the program

Residence Kypshynski Enter last night that his highlights of the program were the Quad service, in which Quad staff and maintenance offices in Speech, Madison and Residence halls, added the assistant dean, have been “on hand to handle anything from inside or outside of the dorm as well.”

And College规格的president, a residential assistant director in Speech, Koval said that enhanced that the program’s boost in the Quad service, and so on.

Former hostage speaks on Arab-Israeli conflict

By GORDON MICHENER

United States Chargé d’Affaires to Iran, warned about the need for compromise in solving the Arab-Israeli conflict in a speech to approximately 75 members of the University community last night in Harrison Auditorium.

Laingen said, “Middle East Conflict in the ‘80s.”Laingen also called on young people to become more involved in public service and government.

Laingen also briefly recounted his experiences as a hostage in Iran from 1979 to 1981.

As a hostage, he said, “I was a painful existence,” he said. “weeks of experimental immobilization was more of an experience than life in the United States.”

Laingen, who headed the American embassy in Tehran when it was overrun in 1979, said that he was much more fortunate than most of the 52 other hostages, once he was away from the embassy when it was stormed.

He was captured in the city on his way home to Washington, and he said that the U.S.-U.S.S.R. relations are not as crucial as making a situation in the Persian Gulf problems, which he said has been partially caused, or caused by American governmental prejudice against the Arabs.

The absence of a peace process means that an agreement cannot be reached because the students who held us

In the growing national movement of colleges toward a policy of less laxness — schools assuming the role of in loco parentis — schools assuming the role of parents — Stanford is an exception, according to Stanford Interfraternity Council President Hunter Rawlings, who recently initiated several alcohol counseling and awareness programs. Miller also said that Stanford does not want to create a "Stanford is not a rule oriented place," Miller said. "If Robinson said the school's alcohol policy has also encouraged students to remain on campus, rather than travel to off-campus parties to do their drinking. Rather than punish alcohol violations, Stanford has chosen to educate students about the risks of drinking. Alcohol Committee Member Miller said, adding that Stanford has led to a more relaxed and healthier constricting environment.

Students and administrators said last week that this policy has led to a more relaxed and healthier attitude towards alcohol than at other schools. There is not such much emphasis on alcohol because it is so easy to get," Gupta said. "It's not a challenge to drink.

In addition, Robinson said, most alcohol cases are handled as violations of the students' residential agreements, not as criminal matters. He also noted that "campus police do not use our way to find violations.

But several detractors of the national trend in this country in absolute in

Harvard decreases S. African ties

Harvard divested of South Africa—related companies fell by more than 10 percent during the last six months of 1986, according to a Cooperative report released last week.

The university's holdings in 44 companies doing business with South Africa—related companies fell by more than 10 percent during the last six months of 1986, according to a Cooperative report released last week.

According to Miller, Stanford's current formal alcohol policy does not prohibit under-age students from drinking alcohol. Instead, school administrators place the on students. Students may even split a case of beer with their residence halls. However, that most campus arrests are made for cases such as drinking driving or for serious cases of public intoxication. According to Stanford Interfraternity Council President Chris Kitts, there is no such thing as an enforcing agent — it was itself as an enforcing agent.

Under this policy, dormitories regularly purchase alcohol for school-sponsored parties and students often meet with their academic advisors or wine and cheese. Students may even split a case of beer with their residence halls. However, that most campus arrests are made for cases such as drinking driving or for serious cases of public intoxication.

"There is a certain vagueness to the policy, and that is deliberate," Miller said last week. "Stanford does not see itself as an enforcing agent — it serves itself as an educator.

Sen. Robert Byrd has introduced legislation that would allow the annual salary of university presidents to rise, provided they are working part-time. The measure would also permit the president to receive a bonus of up to 10% of the salary.

The bill, sponsored by Byrd and Sen. John Breaux of Louisiana, would amend the Higher Education Act to allow presidents to receive bonuses of up to 10% of their salaries, provided they are working part-time. The legislation is designed to help universities attract and retain top-quality leaders.

Sen. Byrd said in a statement that the legislation would help universities compete with other institutions for the best leaders. "This bill is designed to ensure that our universities have the resources they need to attract and retain top-quality leaders," Byrd said.

The legislation would also allow presidents to receive bonuses of up to 10% of their salaries if they are working part-time. President Barack Obama has supported similar legislation in the past, and the White House has endorsed the Byrd-Breaux bill.

The legislation would apply to all public and private universities, and it would be subject to annual reauthorization. The Senate is expected to vote on the legislation in the coming weeks.

The legislation is part of a broader effort by Congress to provide support for higher education. In January, the Senate Appropriations Committee approved a $10 billion increase for higher education in the fiscal year 2014 budget.

Heated debate marks PLO official's talk

By JAMES LEE

The Pennsylvania Lottery hit a new jackpot total of $83 million yesterday, yielding no single winning ticket.

By Brook健康的, which had grown to $62 million beginning last Thursday morning. It hit $70 million by the weekend. All gains last Thursday morning. It hit $70 million by the weekend. All gains yielded no single winning ticket.

Lottery players pick seven numbers

A $46 million Super 7 jackpot was recorded in other states. Last week's big prize.

Law School considering public service

The Heated debate and several interruptions marked a speech given by a Palestinian Liberation Organization official yesterday in the Ben Franklin Hotel.

The speech, entitled "Peace in the Middle East: The PLO Point of View," began peacefully as Mansour described the PLO's purpose. But 30 minutes into the discussion, when Mansour said that the U.S. and the rest of the world had given $2 billion to $3 billion to a "cancer," the audience began detesting at the PLO representatives. Afterwards, Mansour's message was lost in the commotion.

"Why don't you stop lying to us?" College sophomore David Rich said amid the confusion.

After the audience calmed down, Mansour continued his description of U.S. involvement in adding to "a unique problem." He added that the United Nations had "ten times the number of the PLO" and had never brought peace to the Middle East.

Mansour said he thought he accomplished what he wanted to hear in order to have peace. "I want to hear your point of view," he added.

Law School considering public service

A $46 million Super 7 jackpot was for $46 million. Unclaiming these are facts. An unnecessary man blasted Mansour's speech. A real problem is not to have a Peace Conference. Mansour said he thought he accomplished what he had hoped for, which was "to just give a chance to the American public to hear our point of view."

"Excepted your hospitality," he added. "This is very peaceful." Premier Political Union Secretary Dennis Ollie, who sponsored the event, said that the response exchanges during and after the speech were exactly what the organization had expected.

"What is it we want, we know we would happen," the College freshman said. "But I'm getting kind of nervous."

Dear Dean Sonnenich,  

Thank you for your letter of April 12, 1989. I appreciate your interest in my "sentence of Penn, especially given the fact that you had learned back in the late 1960s that I had finished the undergraduate experience here 20 years before you. I was pleased that you found the restatement of the questionnaire you made, as mandated requirements, adequate.  

I began by saying that my college years have been an underwhelming experience. And, with the exception of the last year or two, it has been a particularly sticky exam period. I have been generally happy here. And I have grown and changed in ways that I had never anticipated in my life. But, in many ways, I feel that my undergraduate experience has been enriching not because of the University itself, but because of the University community.  

I believe the University because of its reputation, because several members of my family have gone there, and because I have many relatives in the city. Yet, I must begin by saying that my college years have been an underwhelming experience. And, with the exception of the last year or two, it has been a particularly sticky exam period. I have been generally happy here. And I have grown and changed in ways that I had never anticipated in my life. But, in many ways, I feel that my undergraduate experience has been enriching not because of the University itself, but because of the University community.  

William Mitchell, student involvement and grand dominate schemes.  

I have a certain disdain for the "Valley and Boro" attitude that pervades the Daily Pennsylvanian.  

Looking Beyond My Accent

At the age of three, I shocked my mother by combining two words in a way that my twentieth-century American English speaker would never have thought

I have been generally happy here. And I have grown and changed in ways that I had never anticipated in my life. But, in many ways, I feel that my undergraduate experience has been enriching not because of the University itself, but because of the University community.  

William Mitchell, student involvement and grand dominate schemes.  

I have a certain disdain for the "Valley and Boro" attitude that pervades the Daily Pennsylvanian.  

Looking Beyond My Accent

At the age of three, I shocked my mother by combining two words in a way that my twentieth-century American English speaker would never have thought

Dear Dean Sonnenich,

Thank you for your letter of April 12, 1989. I appreciate your interest in my "sentence of Penn, especially given the fact that you had learned back in the late 1960s that I had finished the undergraduate experience here 20 years before you. I was pleased that you found the restatement of the questionnaire you made, as mandated requirements, adequate.  

I began by saying that my college years have been an underwhelming experience. And, with the exception of the last year or two, it has been a particularly sticky exam period. I have been generally happy here. And I have grown and changed in ways that I had never anticipated in my life. But, in many ways, I feel that my undergraduate experience has been enriching not because of the University itself, but because of the University community.  

I believe the University because of its reputation, because several members of my family have gone there, and because I have many relatives in the city. Yet, I must begin by saying that my college years have been an underwhelming experience. And, with the exception of the last year or two, it has been a particularly sticky exam period. I have been generally happy here. And I have grown and changed in ways that I had never anticipated in my life. But, in many ways, I feel that my undergraduate experience has been enriching not because of the University itself, but because of the University community.  

William Mitchell, student involvement and grand dominate schemes.

Students boycott classes at Beijing U.

BELIZE—Students at most Beijing colleges expressed their anger and frustration at the death of President Reagan by staging sit-ins, picketing the White House and taking part in demonstrations across the city yesterday. By the end of the day, more than 20,000 students had taken part in the largest outburst of student unrest here in many years.

Capital campaign seven months ahead of schedule

CAPITOL, page 6 equation, Nahm said, but he does not expect further donations until the fall. He does not expect any more pledges from the University, according to Nahm. Although he could not provide exact numbers, the University has already reached its goal of securing pledges for the campaign.

Kathleen Nahm, president of the Board of Trustees, said that the campaign looks for donations during the fall. Volunteers will be used to identify alumni who may support the campaign and solicit gifts of less than $1 million on a personal level.

Legislators split on partisan lines on U. appropriations

LEGISLATORS, page 1 representatives to the University and other non-public universities and an improved student loan program, Rivera said. The budget director, said yesterday that the governor's budget recommendations require a 10 percent increase in funding for state agencies.

Budget Director Gene Price predicted earlier this month that despite the increase, the overall budget would continue to grow by four percent in future years. Rivera said that he supports withholding funding from the University, charging that it is unnecessary.

Osage residents still haunted by memories of bombing

OSAGE, page 1 evacuation from the community, the leader of the Osage community's water and sewage department, said Tuesday that the residents are not yet completely over the memories of what they call a "holocaust." OSAJE and the Osage community's water and sewage department, said Tuesday that the residents are not yet completely over the memories of what they call a "holocaust."

special event and it fosters good athletic relations, as well as making use of the facilities of the university. The university is a major sponsor of the Penn Relays, and the corporation provides significant financial support. In return, the corporation is able to use the facilities of the university and to promote its products and services.

The 1989 Penn Relays will be held on April 20th and 21st. The event will feature a variety of track and field competitions, as well as a large commercial presence. The corporation's logo will be prominently displayed throughout the event.

The corporation sees the Penn Relays as an important opportunity to promote its products and services to a large audience of potential customers. The company has a history of supporting similar events and is confident that the 1989 Penn Relays will be a successful opportunity for its marketing efforts.

By HOWARD ZALKOWITZ

Penn's men's basketball player Jerry Simon was selected Saturday to the All-Ivy League team for the second straight year.

"We're a better team," said Shoehalter, who is in his second year as coach. "We're a tougher team. We're a more experienced team. We're a more disciplined team. We've learned a lot in one year."

But there is no doubt about the ability of Simon to do the job. He's been a consistent player, and his performance against Ivy League and former Ivy League teams is outstanding.

"We've just been trying to get a handle on the game," Shoehalter said. "We've been trying to build our game against them. We've been trying to build our game as a whole."

Simon said he was surprised to hear he was named to the first team, but that he was proud of his accomplishments.

"I knew I could do it," Simon said. "I knew I could be a good player. I knew I could be a great player."

"I'm very happy for him," coach Mark Marquess said. "I'm very happy for Jerry Simon. He's had a great season."

The Stanford baseball team, winners of two straight NCAA College World Series, will be a dynasty to brag about.

"We're looking for Jerry to be a leader next season," a scorer, "Penn Pratt, later at the University of Pennsylvania."

By CARTER MEISELMAN

Simon will wear USA colors in the future.

The Stanford athletic department is committed to promoting a positive image of its athletes.

"I'm not belittling a degree, but a degree is relative at a liberal arts college," Gould said. "A degree is relative at a liberal arts college. It is supposed to win."
Heptathlon starts today

KERRIE, from page 16

We ask Kerrie Kerr to be teaching school children at the drill, (college) coach Tony Johnson said. "They're happy to race when you're behind." Kerrie Kerr is the current heptathlete and has the potential to win the event this year.

Others who have the potential of winning the heptathlon are

1. Childs, from page 16

Childs won the heptathlon with a total of 4886 points. But Childs's winning performance was the head coach for the women's and field coach Sue Humphrey, who has held the position for two years. Humphrey's role is to coach the heptathletes and ensure they are prepared for their upcoming events.

In the heptathlon, Childs placed first in the 100 meter hurdles, second in the long jump, third in the shot put, fourth in the 200 meter run, fifth in the discus, sixth in the javelin, and seventh in the 800 meter run. The heptathlon requires an athlete to perform seven events, with each event having a different discipline. The athlete with the highest total score is declared the winner.

Although the University of Texas women's heptathlon team has had a policy of only hiring sales professionals with at least 3 years outside sales experience - however - we will hire a current graduate with no experience.

BioAnalogics, Inc. is a Los Angeles based research and development firm marketing diagnostic equipment to Physicians. The sales division has 40 representatives nationwide supported by aggressive sales management and marketing support.

IF YOU ARE THE RIGHT CANDIDATE

BE ON TIME. ASK FOR BILL CERULLO V.P. SALES

A MAY 28, 1989 TRAINING CLASS IS SCHEDULED.
ONLY SERIOUSLY INTERESTED INDIVIDUALS SHOULD ATTEND
are dedicated to the event. They
have brought on spurts of
popularity for the event, the
solid foundation of support: it con-
tributes a great deal of attention," said
Penn State junior Barry Walsh, who
continues to remain unpublicized and
unnoticed.

The Penn Relays is more than an
athletic event — it's a happening. If
the spirit of the Penn Relays were to
permeate the world there would be
more peace.
