SDT gets home on Walnut St.

When the exterminator returned the next day, she saw Persher cleaning the glue traps. "I was going to be okay," Kim added. "She told it not to worry, that everything was going to be okay." Kim added. "She wouldn't stop (begging) me to help her," he said.

Police officers and students said the problem is affecting University Police's ability to address other issues.

"I've been doing this for years and it's frustrating," he said. "It's taking time away from other cases." Persher said he has received a lot of support from other officers.

### Campus Events

**CAMPUS EVENTS**

**WEDNESDAY**
- **3/1/94**. 1-2 pm. Caster Building. Strunk said last night Dubowitz's reinstatement supported the Fair Practice Committee's policy to hear and make recommendations on violations.
- ** Sakura Beyond**. Tokyo Pennsylvania Staff Room
- The University Division of Human Resources recently announced the appointment of two new administrators for the University of Pennsylvania and Carol Berre-Pierson, director of the University's Business Office. William Holliday, vice president for human resources, made the official announcement during the division. He said, "Both have a history of outstanding performance and are bringing significant new skills to Penn that we need." Holliday said he was pleased to have both the University's capacity as director of human resources, to establish the staff development, personnel, and labor, according to Holliday. Holliday left the University in July to become an assistant professor of international relations at the University of California at San Diego. Lewis, formerly associate vice chancellor for human resources and personnel, was announced as director of human resources and personnel. Holliday said the University's human resource system is improving and the performance of human resources has been "outstanding." "I'm very, very excited about the new position," Holliday said. "Both have a history of outstanding performance and are bringing significant new skills to Penn that we need." Holliday said he was pleased to have both. "Both have a history of outstanding performance and are bringing significant new skills to Penn that we need." Holliday said he was pleased to have both. Class Boards to give out hangkies Members of the Class Board will be giving out "U" of P and blue handkerchiefs to the students. If you arrive at tonight's baseball game against the Princeton Tigers, you will have a new look. Class Board President, Larry Chang said the Class Board would donate these "U" of P handkerchiefs to the students. They are giving these handkerchiefs to the students to help them support the team. The Class Board will be giving these handkerchiefs out at the Class Board's Tiger Game Night.

Comedy of Errors

For a group that prides itself on efficiency, the NEC's handling of UA elections leaves a lot to be desired.

At a time when candidates and their parties for UA elections are close to hitting record lows and apathy and dissatisfaction with student government is reaching record highs the last thing students need is a badly managed election. That's exactly what they got yesterday and Monday.

Several students who were taking three courses were not allowed to vote on Monday because they were not at the polls. Many others were not even entered into the system. This is interesting, because the College of Arts and Sciences considers anyone taking three classes a full-time student (and charges full tuition accordingly).

In the latest installment of Residential Living incompetence, students are getting a raw deal on cable television.

It was hailed as the next great technological leap, benefiting both students and the University. Students would have access to 125 channels only a few years ago. The current available channels which would enhance their multicultural educational experience. Additionally, students who lived in residence halls were guaranteed an access to coloring channels for something which could help save students (and their money) back in the day.

Things didn't quite go as planned. Failure to launch the college's cable service isn't really a cable service — it's an inferior wire transmitter located on top of Graduate Tower B.

The College has said that it is vulnerable to the interference of the elements. The College claims the reception and reception blackouts for students who shielded out 90 dollars for cable television.

In the college's defense, the NEC recognized its error not at all, but at the semi-annual election, and allowed students taking three classes to vote in the limited election that took place yesterday, but that was after considerable student pressure and candidate dissatisfaction.

Elections were also plagued by the cold weather which caused computer problems and forced several polling stations to shut down for hours at a time. In addition, the NEC's new walkie talkies, which were meant to ensure immediate and efficient communication between polling stations also malfunctioned.

The NEC is blamed for technology defects, but it must bear full responsibility for the lack of viable and effective contingency plans.

These shortcomings, in and of themselves, are petty. But for the UA vote to be taken seriously, it is crucial that student voices be heard loud and clear.

Fuzzy Picture

It was hailed as the next great technological leap, benefiting both students and the University. Students would have access to 125 channels only a few years ago. The current available channels which would enhance their multicultural educational experience. Additionally, students who lived in residence halls were guaranteed an access to coloring channels for something which could help save students (and their money) back in the day.

Things didn't quite go as planned. Failure to launch the college's cable service isn't really a cable service — it's an inferior wire transmitter located on top of Graduate Tower B.

The College has said that it is vulnerable to the interference of the elements. The College claims the reception and reception blackouts for students who shielded out 90 dollars for cable television.

To its credit, the NEC recognized its error not at all, but at the semi-annual election, and allowed students taking three classes to vote in the limited election that took place yesterday, but that was after considerable student pressure and candidate dissatisfaction.

Elections were also plagued by the cold weather which caused computer problems and forced several polling stations to shut down for hours at a time. In addition, the NEC's new walkie talkies, which were meant to ensure immediate and efficient communication between polling stations also malfunctioned.

The NEC is blamed for technology defects, but it must bear full responsibility for the lack of viable and effective contingency plans.

These shortcomings, in and of themselves, are petty. But for the UA vote to be taken seriously, it is crucial that student voices be heard loud and clear.

The Closet and Me: Several Degrees of Separation

No, not today and not tomorrow, but the next day, sleep begins.

Sleeping, for me, is if anything the extreme antithesis of all the other things that make up my life. Unlike eating, for example, I find I have an aversion to certain food groups. I don't like meat. I don't like fish or eggs. I don't even like Most of the time and energy I hoped to spend sleeping was until recently.

That was until recently.

Dad. That was until recently.

Still, my father and I are not two different people. All of the time and energy I hoped to spend sleeping was until recently.

City taxi drivers tell all

TAXI from page 3

Just as there is the occasional problematic passenger, there are also the occasional strange driver. Some students say they have had some interesting experiences with taxi drivers.

"It was right around the time that the movie Alive came out," said College sophomore David Snyder, "I've always been a fan of peanut butter and jelly." Snyder said he bought three boxes of cookies after a friend introduced him to the cookie sale.

"I probably had some communication problems," Snyder added, though he would save the boxes for his roommates. He bought three boxes at 39th and Pine streets. He said he had never seen Girl Scout cookies before this year, and bought three boxes for his roommates. He said he would save them better than the Girl Scouts, and save them for special occasions.

Girl Scouts satisfy cookie fix

COOKIES from page 1

"I had David Snyder and poppyseed as the last few boxes of cookies were being sold," said last year's Chairman of the Board. "And when you're walking home and you see the guys making sandwiches every day, you're just thinking, 'I just got to go in and buy some!'"

Both Snyder and Poppyseed said they enjoy eating cookies because they bring people together. "Every encounter here is different," David Snyder said. "The population is international, and you never know who you're going to meet on campus."

"That's why we decided to have a family atmosphere," said College senior Roopa Bhatiani, chairperson of Extravaganza '94.

"A lot of our members were too," said College freshman Neha Patel, chairperson of the South Asia Society. "And, she added although the committee thought we weren't that good." Sheth added that although they practiced extensively, dancers were still uneasy about performing on Saturday night.

"Throughout the dance practice we thought we weren't that good," Sheth said. "There was a lot of tension." But, students who felt uneasy about performing, did not exhibit any signs of apprehension on Saturday night.

Israel releases 500 prisoners, tries to restart peace talks

ARDENNE, West Bank — Israeli and Palestinian leaders again met today to try to restart peace talks that have been stalled by the Israeli Prisons Service's release of 500 Palestinian prisoners.

The release, which was announced last week, was intended to help kick-start negotiations that have been deadlocked for months. The release was part of a larger package of concessions that Israel has offered to the Palestinians in an effort to jump-start the peace process.

The prisoners were due to be released in four stages over several weeks, with the first stage of 100 prisoners being released today.

The release was seen as a positive step by both sides, with both Israeli and Palestinian officials expressing hope that it could lead to a breakthrough in the negotiations.

However, some critics have questioned the wisdom of releasing so many prisoners at once, arguing that it could backfire and lead to renewed violence.

The prisoners released today included a number of high-profile figures, including former PLO leader Yassir Arafat, who was released in 2000 as part of the Israel-Palestinian peace agreement.

The release was seen as a gesture of goodwill by both Israel and Palestine, with Israeli Prime Minister Ariel Sharon and Palestinian President Mahmoud Abbas both issuing statements expressing their hope that it would lead to a breakthrough in the negotiations.

The release was also seen as a way of demonstrating Israel's commitment to the peace process, and of fulfilling its obligations under the Oslo Accords.

However, some critics have argued that the release of so many prisoners at once could backfire and lead to renewed violence, with some Israeli settlers and right-wing politicians expressing opposition to the release.

Despite these concerns, both sides appeared to be optimistic about the prospects for a breakthrough in the negotiations, with both Sharon and Abbas issuing statements expressing their hope that the release would lead to a breakthrough in the negotiations.

W. Squash improving

By JASON BRENNER

Daily Pennsylvanian Spoils Writer

They finished the season two ranks higher than they did last season. They won the second division of the pre-
sessional tournament. Their 14-4 record this year was sig-
nificantly better than last year's 8-8 mark.

Nevertheless, the members of the Penn women's
squash team are not content with their achievements.

"We finished this season two ranks higher than they did last season," said freshman Elissa Helt. "But we
had a few problems here and there. We have a good
squash team but we had a few problems here and there.
Viola believes adjusting to collegiate play is a diffi-
ter task for a freshman who would cause a young team to lose
some close matches.

"In the beginning of the season it took a little while to get
used to matches against older players and the
team," Viola said. "We got used to that by the end of the season.
Although the season had its low points, no one seems
to be pessimistic about the future.

"We proved ourselves at the Howe Cup," Helt said.
"I'm kind of upset that we didn't make the first division,
but there's always next year.

With talent—and now experience—young players
such as Helt, Viola and the rest of this year's fresh-
men will attain.

"Our improvements since last season, no one knows what accomplishments next year's Quak-
eres will attain.

Brown has found a new hero — Fred Flintstone; Stokes teaches Yale hoops

by ANDY MIRAND

Daily News and Sports Writer

Finally, even our once again forget about that country known as Norway. We put all thoughts of Norway's lack of listings aside and turn our attention to one of our regular features: the defense of the American way of life. This week, we present to you a new hero. Meet Fred Flintstone. The man who has taken the world by storm, and not just with his amazing ability to drive a car. No, Fred Flintstone is a hero because he has shown us all how to live life to the fullest. His unwavering optimism and positive attitude are truly inspiring. We can all learn a lot from Fred Flintstone, even when it comes to dealing with the challenges of daily life.

Flintstone sighting of the week

How about those Brown Bears? Another pretty impressive showing from that pathetic team from this weekend. This fourth straight time, they lost in Jadwin Gym to the week Princeton squad. After yet another whipping, it's a wonder about whale?

The most excitement of the week.ex*.

It Ended about Wednesday March 2. I will be at the Daily Pennsylvania!! Page 11

No. 23 Boston College cruises past Redmen, 95-76

Syracuse avoids upset; Hoosiers get on track; BCA and NCAA meet; Isles remain hot

BOSTON — Bill Curley scored 19 points and grabbed 11 rebounds in the final home game last night at the Boston Garden as the No. 14 Eagles cruised past the No. 23 Boston College 85-70. The Eagles improved to 20-8, 11-6 in Big East action.

Fellow seniors Howard Daye, Mali-

“I think our chemistry is coming together,” said Curley, who is third on the team in scoring and second in rebounding.

“The only way to stop them is to do what they did tonight, which is make them work for everything,” said Johnnie Jones, who had 13 points and 12 rebounds for the Eagles.

A 12-2 run by the Eagles to start the game put them up 12-4. They continued to pull away, leading by as many as 28 points in the second half. The Eagles shot 55 percent from the field and held the Redmen to 37 percent.

The Eagles shot 10-17 from three-point range in the first half, including a pair of threes by Curley.

“I think we played good defense,” said Curley, who has scored in double figures in 18 of 20 games this season.

The Eagles will face No. 5 Duke in their next game, which will be their last home game of the season.

Boston College (11-11, 6-8 in Big East action) will travel to New York City to face No. 4 Villanova on Saturday.

No. 18 Syracuse 71, Miami 49

MIAMI — Lawrence Moten's three-point play late in the second half helped No. 18 Syracuse hold off Miami (19-8, 9-7 ACC) 71-49.

The Orange (21-7, 12-5 ACC) have lost six of their last seven games after winning seven straight.

Moten finished with 18 points, 11 rebounds and two assists as the Orange shook off a loss at Pittsburgh last week.

The Hurricanes (16-10, 6-11 ACC) were held to their lowest point total in ACC play.

No. 17 Indiana 82, Illinois 77

CHICAGO — The Hoosiers improved to 17-11, 7-8 in the Big Ten, with their win over the Illini.

Indiana (18-8, 11-5 Big Ten) hit 26 of 74 shots from the field, including 8 of 26 from three-point range.

The Illini (13-14, 6-9 Big Ten) made 25 of 66 shots from the field, including 7 of 22 from behind the arc.

Indiana's Derick Roby led all scorers with 22 points, while Illinois' Jalen Rose had 21.

Indiana's trombe Samuel led all rebounders with 19, while Illinois' Jon Ekey had 11.

Indiana's Victor Olajuwon led all assists with 11, while Illinois' Derick Roby had 10.

Indiana's Mike Jackson led all steals with 2, while Illinois' Derick Roby had 3.

Indiana's Steve Alford led all blocks with 3, while Illinois' Derick Roby had 1.

Indiana's Mike Jackson led all turnovers with 6, while Illinois' Derick Roby had 6.

Indiana's Mike Jackson led all field goals with 10, while Illinois' Derick Roby had 7.

Indiana's Mike Jackson led all field goal percentage with 50.0%, while Illinois' Derick Roby had 42.9%.

Indiana's Mike Jackson led all three-point goals with 1, while Illinois' Derick Roby had 0.

One more for the Show

Penn looks to capture title and NCAA berth

By JASON LESS
Daily Pennsylvania Sport Writer

Penn and Princeton have together won 23 of the last 25 Ivy League men's basketball championships. Tonight the Quakers will attempt to keep that dominance alive as they try to wrap up their second consecutive league title.

The Ivy League basketball season is one of the most hotly contested in the country. This year is no different, and the No. 23 Quakers (15-2, 7-1 Ivy) have the opportunity to become one of the most hotly contested in the country. This year is no different, and the No. 23 Quakers (15-2, 7-1 Ivy) have the opportunity to become the most dominant of any team in the Ivy League in recent memory. A championship would add to our season's momentum and it's a goal we'd lose if we were to reach the top.

The Quakers' last title was in 1992, when they beat Princeton for the championship. The Quakers haven't made it to the NCAA tournament since 1987, when they were eliminated by the University of Florida. The Quakers' last championship came in 1984, when they won the Ivy League tournament and earned an automatic bid to the NCAA tournament. The Quakers were eliminated in the first round by eventual national champion Georgetown.

The Quakers have been the dominant team in the Ivy League for the past several years, and they have the talent to win another championship. The Quakers have also been known for their defense, which has held teams to an average of 65.2 points per game this season.

The Quakers will face Princeton tonight in the Palestra (WOGL 1210-AM, WXPN 88.5 FM). Princeton is a tough opponent, and the Quakers will need to play well to have a chance at winning the game.

Barry Pursell (6-3, 211) and Andy Barata (6-2, 180) are two of the best players in the Ivy League. They have been key to the Quakers' success this season.

The two will face off tonight in the Palestra (WOGL 1210-AM, WXPN 88.5 FM). The Quakers are favored to win, but they will need to play their best game to have a chance at defeating Princeton.

The Quakers have a tough schedule upcoming, but they are confident they can win the championship. They have a good shot at winning the Ivy League and earning an automatic bid to the NCAA tournament. The Quakers have been one of the best teams in the Ivy League this season and they are confident they can win the championship.

The Quakers have been one of the best teams in the Ivy League this season. They have been playing great defense and have been scoring enough to stay competitive. They are a team that can win the championship and they have the talent to do it. The Quakers have a tough schedule upcoming, but they are confident they can win the championship. One can only wonder what might have been if it were not for the recent loss of the Ivy League. The team has a record of 15-2 this season, and they are on pace to win the league title. However, the team has struggled in recent weeks, and they will need to find their rhythm if they want to have a chance at winning the league.

That's the unfortunate part for the talented Quakers at 4-1-4 in the Ivy. Last night, four of the five Quaker starters returned double-digit scoring nights. The sole starter who didn't reach the 10-point plateau was junior forward Miles Jones. After winning Ivy Rookie of the Week in the last few weeks, however, Hielscher tops Princeton at 15.6 points per Ivy contest.

The Quakers have been playing well as a team, and they have been playing well as a team, and they have been playing well as a team. They are a team that can win the championship and they have the talent to do it. The Quakers have a tough schedule upcoming, but they are confident they can win the championship.
