Penn enters partnership with National Constitution Center

Mayor Rendell announced plans for the new Center on Independence Mall which will break ground in the year 2000.

By Shannon Burke

Meeting the proposed National Constitution Center is an ambitious, laudable project. Philadelphia Mayor Ed Rendell unveiled details of the Center and its location during a City Hall news conference last Thursday.

The center—which will be built on Independence Mall between 5th and 6th streets in the area of the present outdoor mall between 5th and 6th streets—and is scheduled to open in the fall of 2000.

The project will be located on the west side of the mall between 5th and 6th streets, with an entrance on the south side of the mall at the present site of the gift shop in the mall.

The center will also include a two-story building on the south side of the mall at the present site of the gift shop in the mall. The building will be connected to the center by a bridge.

The center is scheduled to open in the fall of 2000 and will be open seven days a week.

The center will be open seven days a week, from 9 a.m. to 8 p.m.

**U. doctors discover effective combination of medication and lifestyle modification to help obese women lose weight**

Subjects treated with fenfluramine and phentermine and short individual counseling sessions lost as much weight as those who participated in longer group counseling sessions.

By Stephanie Cooperman

In a rare incident of union activity in the Hospital of the University of Pennsylvania, the National Union of Healthcare Workers held a rally last Tuesday to solicit HUP employees as new members.

The organization—a subset of the AFL-CIO and part of District 1199—distributed literature about the union and asked to hospital employees during their lunchtime.

Though the rally was peaceful and non-specific, in line were on hand to step in if it got out of control.

Hospital officials said that the union has set a strong precedent for organizing over the past 16 years but noted that union members do not have to attend meetings or join the union.

"The union has been very aggressive to organize members," said a union official.

"The hospital doesn't want to lose its current union, and we hope to continue a good dialogue between the management and the employees."

"Hospital employees need to make sure that there is a good relationship with the current union in the hospital."

Members of the union serving the operating division of HUP said they were unhappy with the way the union has worked to control the rates planned by members of the healthcare worker's union.

"We wonder whether the group behavior modification sessions were necessary for successful weight loss," Thomas Wadden said.

"The new contract also stipulates that long-term hospital employees would contribute to the costs of their medical benefits. Previously, this was only a requirement for employees hired after 1993."

"The hospital does not have a strong control of the rallies planned by members of the healthcare worker's union."

"Police gather in front of Children's Hospital of Pennsylvania last week in effort to control the rallies planned by members of the healthcare worker's union."

"The museum will include interactive exhibits which will allow visitors to explore the Constitution from a physician during 1992, when the LEAPs Program for Weight Control was implemented at the University psychiatry faculty.

"Wadden explained that the research was designed as a follow-up to the 1992 study which popularized the fen-phen combination for weight loss. In that study, patients who received medication in combination with 16 groups sessions on lifestyle modification lost an average of 21 pounds in 16 weeks.

"We wondered whether the group behavior modification sessions were necessary for successful weight loss because we know that most patients would not be able to provide such group treatment," Wadden said.

"As a result, Wadden and colleagues developed a new treatment plan in which patients received diet and exercise instructions from a physician during 1992, when the LEAPs Program for Weight Control was implemented at the University psychiatry faculty.

"Wadden explained that the research was designed as a follow-up to the 1992 study which popularized the fen-phen combination for weight loss. In that study, patients who received medication in combination with 16 groups sessions on lifestyle modification lost an average of 21 pounds in 16 weeks.

Summertime, and the livin' is easy for students who stay in West Philly

Many students stay in town to work or take classes over the summer but still find time to relax and have fun.

By Now Thakur

The Summer Pennsylvania!!

With over 4,000 Pennsylvania students who live off-campus, the student population in West Philadelphia is quiet in the hot months but far from dead.

Even the "jocks" left on campus have discovered the endless opportunities usually reserved for on-campus students, actually utilizing their grill grills to yield countless summer barbecue exploits.

"We barbecue a lot small children, the neighborhood, various schools and students, and an anonymous college junior barbecuing on Bainbridge Avenue. Meanwhile, local restaurants like La Fetta suffer from a huge drop in business.

There are fewer students around, and even fewer visiting to barbeque.

"It's hard every year...you just plan for it," said a barkeep at the restaurant "We're here for the summer.

Perhaps this is because the quintessential summer pleasure is, the words of one journalistic source, "to gin tonic with a tennis, not a lime, on the rocks of course. And more gin than tonic, as always."
The old expression is "It takes one to know one." Well then, I must be the world's greatest con artist, for I've never been conned, never beginning and never ending.

There are not enough bad things to say about Rip. The film was unwatchable, and it left me aching for the end of the film - not only to end the torture of watching it, but to end my sense of guilt for having watched it. Rip is a film that should be avoided at all costs.

In today's fast-paced high-tech world it's easy to fall out of touch with your spirituality. With that in mind, I've decided to take a quick look at the spiritual offerings available on the Internet.

The Van

Starring Monica Bellucci, Gordon Currie, and Dora O'Kelle.

The Van promises to be a film that will touch the heart and soul. The story is based on the life of a young woman who is dealing with the loss of her husband and child. The film explores themes of loss, grief, and finding hope in the face of adversity.

The Van opens with Blindo (Doral O'Kelle) finding himself "in the middle of a battlefield," with the camera showing him in close-up, staring into the distance. "I don't know what to do," he says, "I've been through this before." The camera then shows the woman who is watching over him, and she speaks: "I know you're here, I can feel you."

The Van continues with Blindo's journey as he tries to come to terms with his loss and find a way to move forward. The film is a beautiful exploration of the human spirit and the strength it takes to overcome even the greatest of challenges.

The Van is a film that will stay with you long after you've left the theater. It is a story of hope and resilience, and it is a reminder that even in the darkest of times, there is always a glimmer of light just waiting to shine through.

The Van is a film that should not be missed. It is a film that will touch your heart and soul, and it is a film that will inspire you to find the strength to keep moving forward, no matter what life throws your way.

Overall: Rip

FILM REVIEWS

RIPE

Starring Marilyn Dock, Doralian Hagan and Gordon Currie

The Van continues the same type of sensibilities that are consistent throughout the film. The acting is superb, the pacing is well done, and the direction is excellent. The film is a true testament to the power of filmmaking and the stories that can be told through it.

The Van is a film that should be seen by everyone. It is a film that will make you think, and it is a film that will touch your heart. It is a film that is truly special, and it is a film that will be remembered for a long time to come.

The Van is a film that should not be missed. It is a film that will stay with you long after you've left the theater. It is a film that will inspire you to find the strength to keep moving forward, no matter what life throws your way.

By the time the glitzy dresses and champagne of the Academy board dis-appear, so have most of the quality films. After the competition for the title of "Summertime's Finest" ends, only one film really emerges as winner — "Summertime's Finest" — expensive and beautifully marketed fluff with tons of exclusions.

Love/Valour/Compassion!, the movie version of the award-winning off-Broadway play, has none of the above, yet manages to capture the audience for two full hours and even gives them something to think about. It is direct and unadorned, and it is honest. It is about pure emotion in the listener comes off as too direct and forced. I don't even paying that much attention to lyrics anymore, usually focusing instead on the mournful wail of the Clapton's guitar in "Wonderful Tonight" used to make words actually worth paying attention to are accompanied by a creative arrangement.

Edward Van Standart, who never needs any help, and one man with a somewhat forced manner.

MUSIC REVIEWS

Katell Keineg

Keineg (pronounced CAT-ell KAY-neck) has managed to create one of those albums that elude most artists throughout their entire career:

- ENTHUSIASTIC Music Snobbery

Katell Keineg's "Knzo '96" is a remarkable album, full of diverse styles and moods. From the ethereal "Knzo '96" to the WXPN-ready bluesy "One Hell of a Life," Keineg demonstrates a phenomenal range of styles. Her voice is rich and emotive, and she excels at capturing the essence of each song.

" Battle of the Trees" to the WXPN-ready bluesy "One Hell of a Life" through the ethereal "Knzo '96" Keineg demonstrates a phenomenal range of styles. One of her strengths is her ability to create music that is both accessible and meaningful to a wide audience.

"Battle of the Trees" to the WXPN-ready bluesy "One Hell of a Life" through the ethereal "Knzo '96" Keineg demonstrates a phenomenal range of styles. One of her strengths is her ability to create music that is both accessible and meaningful to a wide audience.

The editors of the Haiku Home Page are pleased to announce that the Haiku Home Page has been updated with new
entries for the week of June 16-22. Among the exciting new entries is the feature "GUIDES," which includes a list of
upcoming events and performances in the Philadelphia area. The "GUIDES" section also includes a special feature on
Theatre of the Living Arts, which is showcasing the play "Theatre of the Living Arts" by the famous playwright, John
Shandy. The play is directed by the renowned director, Jim Thompson, and is being performed at the Theatre of the
Living Arts on June 18th and 19th.

In addition to the Theatre of the Living Arts, the Haiku Home Page includes a list of other upcoming events, such as
the "Haiku in the Park" festival at Penn Park, which will feature haiku readings by local poets and a haiku poetry
workshop led by the famous haiku poet, Robert Hass. The "Haiku in the Park" festival will take place on June 19th
at Penn Park, and is sure to be a great event for haiku enthusiasts.

The Haiku Home Page also includes a feature on the "Telegraph of the Living Arts," which is a series of monthly
installments that highlight important events and developments in the haiku world. The Telegraph of the Living Arts
features a column called "The Haiku Poet," which highlights the work of a different haiku poet each month. This
month, the Telegraph of the Living Arts features the work of the renowned haiku poet, edge Haiku. The Telegraph of
the Living Arts also includes a column called "The Haiku Reader," which features a selection of haiku poems
written by local poets. This month, the Haiku Reader features the work of the famous haiku poet, Roger Sumner.
