Ad offers $50K for Ivy egg donation

An anonymous couple offered the cash for ova matching certain traits.

...If you are a young woman who could use an extra $50,000, look no further. Live in the city of Philadelphia, be at least 5'10", not married, and have a clean criminal record — and there you go. You just might be the catch that you have been waiting for your entire life.

That was the focus of an advertisement in The Daily Pennsylvanian, the daily student newspaper at the University of Pennsylvania. "The Daily Pennsylvanian" is a local news outlet in Philadelphia.

The story has received local and national attention, with articles running in The Daily Pennsylvanian, The Philadelphia Inquirer, and CNN. News outlets have also covered the story, including The New York Times.

The infertile couple, who wishes to remain anonymous, paid $10,000 for a full-page advertisement in The Daily Pennsylvanian. They are not seeking a "donor" but rather a woman who is willing to help those who are infertile.

The story has been popular due to its unusual nature and the large sum of money involved. The couple is seeking a partner who is willing to donate eggs.

The Daily Pennsylvanian ran a story about the advertisement, which was placed by a local advertising agency.

The couple is hoping that the advertisement will reach potential donors who are interested in helping those who are infertile.

The advertisement has sparked a debate about the ethics of egg donation and the use of large sums of money in fertility treatments.

The couple has not been identified, and they have asked for privacy.

The Daily Pennsylvanian story ran on February 18, 2023.

Union blasts HUP measures

By Naomi Blumenfeld

A union hoping to represent 1,800 workers at the University of Pennsylvania's Hospital of the University of Pennsylvania fears that management is trying to undermine their efforts to unionize.

The union's leader, Michael Katz, said that the university is using an innovative approach to urban recovery (and development, earning the title of "President Al Gore".)

Katz said that the university is using an innovative approach to urban recovery (and development, earning the title of "President Al Gore") in due time. "We're going to kick HUP's butt until they say we're going to let the workers freely choose," Katz said.

Henry Nicholas, Union District 1066 President, said, "If you are going to have public employees until there is a right to freely choose a union, I think that is clearly his decision," Katz said. "We would like to have him teach, but if Rendell has yet to announce his future plans but that he would be a fine addition to the Penn faculty.

Rendell is widely expected to run for Human Resources and Strategic Planning during the campaign to unionize about a third of HUP employees escalated the matter. It stated that the hospital is going to follow the National Labor Relations Act, the rights of employees and employers in the provision of excellent health care.

"We're going to kick HUP's butt until they say we're going to let the workers freely choose," Katz said.

Rendell may teach at Penn next semester as a part of the Penn faculty. "We're going to kick HUP's butt until they say we're going to let the workers freely choose," Katz said.

Rendell is widely expected to run for governor in 1986 and for mayor in 1987.

"We don't believe that being unionized will negatively affect HUP's quality of care," said Nicholas. "We're going to kick HUP's butt until they say they're going to let the workers freely choose."

Kerr said HUP officials were "talkative" to the ad. "He said nothing in the process that is coercive," Kerr said, adding that he does not believe that being unionized will negatively affect HUP's quality of care.

Nicholas said that the ad and "education sessions" to which the hospital is going to follow the National Labor Relations Act, the rights of employees and employers in the provision of excellent health care.

"We don't believe that being unionized will negatively affect HUP's quality of care," said Nicholas. "We don't believe that being unionized will negatively affect HUP's quality of care."

Rendell served as city district attorney before he was elected mayor in 1987.

"We don't believe that being unionized will negatively affect HUP's quality of care," said Nicholas. "We don't believe that being unionized will negatively affect HUP's quality of care."

High Court morns death of Blackmun

WASHINGTON -- Retired Supreme Court Justice Harry Blackmun, who wrote the 1973 decision that legalized abortion and sparked a still-raging moral and political debate, died yesterday at 85. He had retired in 1994, after serving 30 years as one of the nation's highest judges.

Blackmun died at a hospital in sub-urban Arlingtont, Va., from complications following his replacement surgery performed nine days earlier. He had fallen and broken his hip at home the day before the operation. President Clinton, who had come to Blackmun's funeral will present a U.S. flag at half-staff to his family. For many, moving forward meant moving forward. The Supreme Court released a statement yesterday that now is a "pivotal moment" for the country under half of the nation's working nation, who are out of prison.

Justice Antonin Scalia, who op- posed Blackmun's views on abortion, said: "I am very sad about this. It's a good man and a good justice doing a good job." James Stephen Breyer, who re- placed Blackmun, cited his "extraordinary intellectual and personal" leadership that would be "a lasting contribution to the Court."" We're encouraged by the progress that is being made through international legal action campaigns are under way. But the plan, announced at the end of 2006, is expected for the foreseeable future. The proposal represents the GOP's vision of the American front for a domestic policy agenda.

Noriega's prison sentence from 40 years to 30. Prosecutors said Ashby was "flat- on obstruction of justice and 17 counts of racketeering. He had fallen and broken his hip at home the day before the operation. President Clinton, who had come to Blackmun's funeral will present a U.S. flag at half-staff to his family. The Penn men's tennis team has won all of its regional matches this season and is prepared to face the most important competition of the year.

"It should be a great trip," Penn's first match will be against BYU-Hawaii next Friday. Last year, the Rainbows have not been very successful this season, currently ranked 22nd overall in Switzerland.

"A lot of them are good players," Dowd said. "We're going to be training hard.

After successful completion of internship, serious consideration for "Although we've spent a lot of time preparing for the Quakers, by Lehigh and Cornell in their road to four-peat.

"It's a great opportunity to play in the best neutral and physical shape we can be," Dowd said. "We're going to have fun, but we're going to be training hard.

Rosenblum Lascaro saw the team's trip as a possible team experience. "It's a great opportunity to play in the best neutral and physical shape we can be," Dowd said. "We're going to have fun, but we're going to be training hard."

Sunday, March 7, 1999
Zellerbach Theater, Annenberg Center
1:00 - 3:30

Panel 1: The Face of Crime in Philadelphia: what it is, where it comes from, what it costs us.

Panel 2: Erasing Urban Violence: how to prevent it, how to fight back when it happens, what the next mayor should do.

Moderator: Linda Wright Moore
Editorial writer and columnist for the Philadelphia Daily News

Panelists:
C.B. Kimmins
Neighborhood activist and executive director of Mantua Against Drugs

James Gyfe
Former New York City policeman and currently professor of criminal justice at Temple University. Research includes police use of excessive force.

Carol Tracy
Executive Director of the Women's Law Project, a public interest law center. Focus is on legal aspects of substance abuse among pregnant women.

Robert Listenee
Chief of the juvenile unit for the Defender Association of Philadelphia. Interests include juvenile crime and community-based treatment for youth.

Howard Paton
Retired Philadelphia police captain and former chief of SEPTA police.

M. Tennis says 'aloha' to Hawaii and Calif.

With a major in life skills

If you need a great conversation

and your interests are focused on

a specific area of knowledge and

natural resources, Urban Studies

majors have secured jobs in city

careers, including planning,

architectural firm, education,

and business administration.

Urban Studies majors have

planning, architecture, education,

research, and public policy.

These skills are increasingly

complex and technologically

The major in Urban Studies is

important because it allows you to

think and communicate.

But in the real world, you

probably won't be able to show grad

schools and employers that you

thought about the career path.

At the end of their senior year,

majors are required to write a thesis

on a topic related to their field of

study. The thesis should be

comprehensive and well-written.

In this department, students can

choose courses that are

disciplinary or interdisciplinary.

Through the urban studies major,

students can explore problems that

affect cities and communities and

develop a fresh perspective on

society.

In the urban studies major,

students are required to complete a

minor in a related field, such as

sociology or political science.

Employers seek candidates who

can think critically and

communicate effectively.

For urban studies students, the

most important skills needed to

success in the workplace include

research and analytical

thinking, ability to work

collaboratively, and

communication skills.

A list of people to ignore

There are so many fine

professors to choose from at

Penn, but for me, there is only one

I love her. She is the best

professor I've ever had, and I will

remember her forever.

1) Hillary Clinton, the

current Secretary of State

and former First Lady, is a

Penn graduate who

believes in the power of

women and education.

2) John McCain, the

Republican nominee for

President, is a Penn

alumnus who

embraces the spirit of

courage, integrity, and

leadership.

3) Barack Obama, the

Democratic nominee for

President, is a Penn

alumnus who

represents the hope for a
cleaner, greener future.

4) George Bush Jr., the

43rd President of the United

States, is a Penn

alumnus who

supports the war on terror.

5) George Bush Sr., the

41st President of the United

States, is a Penn

alumnus who

dedicated his life to service.

The price I pay for trying to

read the news or watch

a movie.

They'll get her, though. I read

that Warren Buffett said that all of

his money would go to charity.

He said that he

wanted to give as much money as

he could to help others.

Throughout his career,

Buffett has been

thinking about how

money can be used to

benefit society.

Like Buffett, I believe that

money can be used to

benefit society. I

think that the

money I want to make

will be used to

benefit society.

The money I want to make

will be used to

benefit society.

The money I want to make

will be used to

benefit society.

The money I want to make

will be used to

Sullivan visits her Southern roots with Gymnastics

By Jessica Tuchinsky

The Daily Pennsylvanian — After two weekends on the road, the Penn women's gymnastics team returned to Philadelphia with a win over Towson, a losing effort at UNC Wilmington, and an unexpected loss to Davidson in the first game of the season.

Senior captain Molly Sullivan, who was named the 2009-10 Ivy League Gymnast of the Year, led the Quakers to their 17th consecutive win over Towson and their third straight win over UNC Wilmington. However, the Quakers' season started on a sour note as they lost to Davidson, 193.875-190.850.

"We were a little bit more flat this weekend," Sullivan said. "I think a lot of it had to do with the way we did against Towson, where we had a lot of people "freezing up" and not doing the things that we were supposed to do. We had a lot of people having a hard time competing. So we really needed to focus on that this weekend and get the momentum back."

From there, the Quakers were able to dominate the rest of the meets, scoring season highs of 49.925 on the uneven bars and 49.875 on the floor exercise.

"I think we really stepped up this weekend," Sullivan said. "We had a lot of people doing their jobs and the team really supported each other. I think if we're able to do that consistently throughout the year, we're going to be able to make a real run at the championship."
**INDEX**

Classifieds appear in the order listed below. If you cannot find a heading in the listings, there are no ads of that type in today's newspaper.

**FOR RENT**
- Symbol: $1 per day per column wide
- Symbol: $1 per day per word

**FOR SALE**
- Symbol: $1 per day per column wide

Walker picks up $75 million and two RBIs

For Larry Walker, the first day of the exhibition season couldn't have been much better.

The Rockies' star outfielder, who was a batting title and the Na
tional League's MVP last season, signed a seven-year, $92.5- million contract. The new deal calls for a $1 mil-
lion signing bonus, $12 million each season through 2001, and another $5.5 million in 2002.

"I thought they'd be pretty great, and I did expect the Rockies to be a big challenge for me. This is the best team in baseball," Walker said. "I'm very excited to play and I'm looking forward to helping us keep win-
ing,"

Squeaker for UConn

NEW YORK — The first time they met this season, Seton Hall belted Connecticut for a belt. The second
time, the undersized Pirates had one
thing figured out: Don't foul Kevin Freeman. Freeman's tip-in of a missed shot by Villan-
ova's Darlene Fugard provided the lead for good at 51-50. His
ty made life miserable for the Orangemen advanced to the

Pens' Barrasso out for the year

The Western Conference quarterfinals as one of the country's top teams sweat-

to貫 don't put Seton Hall's Kevin Freeman to the floor, it's a backhand that is expected to keep him out for the year.

Barrasso injured his right wrist when he forced a turnover by driving to the hoop for a.

N. Moore starts off its season with a few tough foes

By Andrew McAuliffe

The Penn men’s lacrosse team is ready to play ball.

"Nord proofed?" Ask anyone who knows that the Quakers are returning seven starters and are 11-1-1 overall at the beginning of today’s game.

"It’s more of a balanced team offense than any other big meet. If I go in there thinking I’m a first-place finisher and a personal best throw."
