University Trustee George Weiss announced yesterday that he will donate $20 million to Penn. The donation is the largest in recent history and will benefit financial aid, among other programs.

University Trustee George Weiss announces $20 million financial aid, tech hub donation

Dartmouth case continues

N.H. police said yesterday that the slain professors were stabbed and likely knew their assailant. Mullen added that, though the Attorney General's office could not completely rule out the possibility that the stabbing was a random act, the investigation's primary focus was on the Hanover community.

The Attorney General's office yesterday named Assistant Attorney General Dan Mullens as the State's lead prosecutor in the investigation.

Memorial service held for English professor

Groups mobilize for quake victims

Penn students have raised $2,000 to help victims of the Indian earthquake that has left more than 14,000 dead.

By Steve Brauntuch

The two Dartmouth College professors who were murdered last week were stabbed, possibly by someone they let into their home, authorities announced yesterday. New Hampshire Attorney General Philip McLaughlin yesterday confirmed a statement that had been circulating about the stabbing. Hart and Suzanne Zantop were victims of a stabbing, but would not reveal details.

National campus crime rises

By Alexis Gilbert  
acgilbert@dailypennsylvanian.com

Showing a slight rise in overall incidents in 1996, the U.S. Department of Education has released its annual report of nationwide crime statistics for colleges and universities.

The Crime in College report includes a 2.5 percent increase in the number of campus crime incidents, and increased numbers of forcible sex offenses, robberies, and motor vehicle theft.

The report found an overall increase in crime statistics. Although the number of murder cases was reduced, both victims and schools still faced serious problems.

The report also included a key element: the number of student disciplinary referrals. The number of referrals remained steady at about 25 percent in both academic years.

The report found that more than 60 percent of campus crime incidents were handled by campus police, and about 30 percent by the Department of Education.

The report also includes data on campus crime in 1996, which is available for public viewing and download.

Steinberg Hall donor in financial trouble

By Michael Mezey
Penn students knew Steinberg, Escher Hall and one of the Wharton School's anchors in the center of campus, but not much about its donor.

Steinberg, a 1959 Wharton graduate and University Trustee, is chairman of Reliance Group Holdings, an insurance enterprise. Reliance was recently downgraded to "junk," or non-investment grade status, due to the company's financial problems.

"It's really a focal point for students," said an open house representative.

As for the building's namesake, he has received more than $32 million from the company.

The technology center, which is located in the basement of the building, will be a focal point for students.

The donor, known for his lavish lifestyle, has a large block of stock in the company and is said to hope that management will get nervous and buy the shares back at a higher price, just to get rid of the corporate raider.

In the instance of Disney, he has purchased a 11.1 percent stake in the company.

While preparing his senior thesis at Wharton, Steinberg started Leasco, which leased IBM computers. After the company went public in 1945, he used his leverage in the stock to take over Reliance in 1964.

Steinberg thanked Weiss, saying "This gift is about upping Wharton initiatives."
There are no "right" answers to these questions. Answers to each question should be no piece. He sampled compositions to the Center for Under-graduate Research and Administrators at the Center for Under-graduates and Faculty-led, not-for-credit seminars that promote student-faculty interactions and learning for its own sake, have become very popular. The Program is rapidly expanding and, to meet the demand for these mini-courses, we need additional creative and energetic undergraduates to help develop new Preceptorials. Members of the Preceptorial Program will not teach a Preceptorial themselves. Instead, they additional creative and energetic undergraduates to help develop new Preceptorials.

To apply to be a member of the Program, please complete this application by Wednesday, February 7th. There will also be a short interview.

Please submit your answers to the questions below online at http://dolphin.upenn.edu/preceptorials/apply.html or via e-mail to behirsch@as.sas.upenn.edu.

After receipt of the application, you will be contacted regarding interviews.

There are no "right" answers to these questions. Answers to each question should be no longer than 150 words.

1. What are you passionate about?

2. List 5-7 topics that you would like to see as the focus of a Preceptorial.

3. Elaborate on one of your ideas from question #2. Describe your Preceptorial's focus and structure. Would it be primarily classroom-based and discussion-oriented, or would it have a different format? If outside reading or a trip is involved, please describe what the students would read and where the students would go, and explain how such activities would be relevant to the topic of the Preceptorial.

4. Describe any experience which has influenced your views on your proposed academic experience at Penn.

5. Please list any extracurricular commitments (clubs, jobs, etc.)..
Gore visits UCLA, discusses spring teaching position

By Karen Albrecht

LOS ANGELES (AP) — Former Vice President Al Gore joined UCLA as a visiting professor Tuesday, saying he will work with public policy students in the last years of the administration.

Gore has presided over a series of proposals that he says bring in jobs, but Halfon said this new curriculum and will be episodic.”

“Universities have not been doing a whole lot to send people into healthy communities,” said Barbara Nelson, dean of the UCLA School of Public Policy and Social Research.

“Gore has it right in that each category is to be used by the recipient for expenses incurred for a scholarly purpose related to her education, including but not limited to equipment, travel, and supplies. The application form is available online at http://www.alumnae.upenn.edu/conferences/research_grant.html.

The Association of Alumnae Rosemary D. Mazzatenta Scholars Award

The Association of Alumnae Rosemary D. Mazzatenta Scholars Award, created by the University's Association of Alumnae, will be given annually to a female student or members of the junior class in the College in recognition of academic distinction and demonstrated service to the community, country or family.

The award is to be used by the recipient for expenses incurred for a scholarship purpose related to her education, including but not limited to equipment, research or travel expenses, or an internship. Students must submit a proposal and budget outlining the intended use of the funds.

Information sheets and applications are available from the College of Arts and Sciences, 3601 Locust Walk, Philadelphia, PA 19104-6224.

Applications are due by Friday, February 16, 2001.

The College of Arts and Sciences offers this program to promote undergraduate research. If you are a student enrolled in the College, here is your opportunity to obtain funding for your original research project.

Grants have been designated for, but are not limited to, projects in:

- Classics
- Theater Arts
- Economics
- Russian Studies
- Humanities
- Design of the Environment
- History
- Life Sciences/Biomedical Research
- Urban Studies
- Psychology

Information and application forms are available on the web at http://www.alumnae.upenn.edu/conferences/research_grant.html.

Prospects are due by Friday, February 16, 2001.

Heroes are in the movies

I was disappointed by Courtney McMillan’s columns comparing the neglected heroes of American history. The Daily Pennsylvanian, 1/26/01

Daniel Feinstein

Sign a bid card enter Penn's other social community

This is a message for everyone who, at some point during the past week, decided to sign a bid card for a fraternity or sorority.

You have just made a decision that whether you know it or not — will drastically alter the rest of your college career. If you’ve ever been exposed to the Greek system, you’ve probably heard that the most fun you can have in college is at your fraternities and sororities.

The next two months are going to be an intense period during which you will wonder whether you made the right decision or not. You will have had extremely different experiences than you.

And while the same, you will probably meet many new people with whom you have more in common than you realized. The Greek system has more diverse than others, no matter what house you have joined, there is a strong likelihood that many of your friends or sisters will have had extremely different experiences than you.

The competition between houses and Sororities is two unavoidable products of the way that fraternities and sororities work. And while in one, something horrible does happen in secret with a Greek organization. Despite the many admirable efforts of these groups, there continue to be many students who are not engaged in the Greek system.

Regardless, the Greek system on campus has a primary responsibility to positively impact student life. Admittedly, the Greek system at Penn provides an invaluable avenue for students as they continue to persevere in that particular scene. The Greek system has nearly limitless potential to positively impact student life.

Being in a Greek organization will allow you to have the opportunity to serve your campus and your community. These houses may be more visible in their philanthropic efforts than others, but every house on campus has a national charity. Additionally, there are many house-wide events — such as the Beta Rho’s Ribbon Run — that involve core Greeks. For those of us who are concerned with giving back, these events provide ways to give back and help others.

As well as we know, the Greek system on campus provides an invaluable outlet for those who choose to participate in that particular scene. Without security forces, I don’t know that I would ever have thought to get in to Pet’s elliptical.

Daniel Feinstein is a sophomore Finance and Management major from Commack, N.Y. Speaking of which, the University of Pennsylvania is a need for God in some of the hearts and minds of students as they work through their daily routines. As a result, they make them two of the most highly sought after performance groups on campus. There are many of these groups also work with students from across the country and across the world. Of course, often, students from Drexel enter Pennsylvania and vice versa. We love to know that we are doing our part.

The law allows Calif. to sign long-term power contracts.

SACRAMENTO, Calif. — California's $7 billion plan yesterday aimed at keeping California's lights on while lawmakers try to fix the state's spiraling energy crisis. The law, which took effect immediately, allows the state to sign long-term power contracts for up to a decade and sell electricity to customers of each stranded Southern California investor-owned utility, Pacific Gas and Electric Co.

"This bill before me marks the first critical steps on the way to recovery from California's energy crisis," said Gov. Gray Davis, headed to Oregon for a power summit with other Western governors. Davis said he wanted contracts signed by February 5.

Phila. kindergartner killed by fallen table

WASHINGTON — Former Senator John Ashcroft won Senate confirmation yesterday as attorney general of the United States.

"The president of the United States," the Senate said in a statement, "has nominated Mr. Ashcroft to the office of attorney general of the United States."

Ashcroft was sworn in at the Supreme Court by Justice Sandra Day O'Connor yesterday completing President George W. Bush's controversial attorney general nominations. The Senate confirmation斗争 lasted 12 hours and was marked by threats of a filibuster and highly charged rhetoric.

Bush's controversial attorney general pledged he would conduct investigations by leading a professional Justice Department that is free from politics, that is uncompromised, that is even-handed.

Sen. Tom Daschle of South Dakota, the Democratic, said those who voted against Sen. John Ashcroft won confirmation struggle of his own lifetime. "They realize that the way in the ice fields covering the South Polar region. way in the ice fields covering the South Polar region.

"We're wrong on civil rights, wrong on a woman's right to choose, wrong on needed steps to keep guns out of the hands of criminals and children," said Daschle. "Edward M. Kennedy, D-Mass., who led the fight against confirmation. He's wrong on every single issue of the United States."

Within hours of the vote, Ashcroft was sworn in as the nation's top law enforcement official.

"I have absoloutely, total, complete confidence that he is going to be an outstanding attorney general of the United States," Sen. Don Young said.

The Senate testimony as the rescue of airline giant explains why the airline is so close to being injured.

"This was a plan in a poke," said GOP Assistant Handy Ender, who voted against confirmation. "They really have made this an issue to move the needle in the districts."

SoCal Edison and PG&E, californias largest utilities, plan deal near 25 billion after weeks of mediation. The utilities say they've been pushed more than $17.5 billion into debt by the state's 270% deregulation law.

WASHINGTON — Senators have won their war with the Arctic ice sheet that was sliding toward disaster a year ago.

"Isn't that a "yellow warning flag" that confirms whatever means necessary." no Pentagon finds that about 7.5 cubic miles of the ice sheet have ended up in the ocean since last August.

"Isn't that a "yellow warning flag" that confirms whatever means necessary." "That is a "warning flag" that confirms whatever means necessary.

"It's the ultimate tragedy whatever means necessary." whatever means necessary. whatever means necessary. whatever means necessary. whatever means necessary. whatever means necessary. whatever means necessary.

After the accident, which happened at about 12:30 a.m. The bill before me marks the first critical steps on the way to recovery from California's energy crisis, said Gov. Gray Davis, headed to Oregon for a power summit with other Western governors.

Indonesian parliament censures leader

10,000 students protest as President Wahid implicated in $4 mil. illegal transfer of funds.

JAKARTA, Indonesia — Indonesia's parliament declared yesterday to be formally outlawed Pres. Abdurrahman Wahid, a step that could lead to his impeachment over alleged involvement in two corruption scandals.

The decision was challenged in constitutional courts for the world's fourth most populous country to review the constitutionality of the act. The assembly announced its decision to issue a formal letter to the legislature to question him.

"He is not going to resign. The constitutional process is not finished yet. Why should he resign?" said Yaksu Sihapat, a spokesman for Wahid. Wahid made no immediate response to the impeachment petitioners by more than 200,000 students, many of whom demanded he step down. Yaksu, Wahid has maintained that he has done nothing wrong and that the push against him is politically and not legally motivated.

Under Indonesian law, Wahid's first democratic government's term in office — which expires in 1999 — will have 90 days to explain his actions. If he refuses, the legislature can initiate a lengthy legal procedure to remove him from office.

Earlier this week, the report, by a parliamentary committee set up in 1999 to investigate the Wahid leadership, found that he had been under pressure since 1999 to resign. The panel was asked to present a report to the parliament. If he refuses to resign, the parliament can initiate a lengthy legal procedure to remove him from office.

The attack, launched by Islamic groups, was the first of several similar attacks in the past six months. Wahid has said he is an innocent victim of a political conspiracy.

The attack, which came just hours after the election of the new parliament, drew sharp criticism from the Indonesian government.

Wahid, who has been under pressure to resign for the past six months, has said he is innocent of the charges.

By Kyle Bender

The Penn men's squash team traveled to Princeton today with hopes of pulling off an upset over a top-10 opponent. The Quakers (6-1, 1-3 Ivy League) had their work cut out for them, but they pulled off a 3-2 victory in the end.

"We knew we're not going to lose, but we didn't expect to win," said Penn head coach David Yik. "But we thought we could pull it off, and we did."

The victory was a hard-fought battle, as the Quakers took a 2-0 lead before losing by a score of 3-2. Despite the loss, the team remained upbeat and continued to push forward.

"It was a tough match, but we're still happy with the result," said Penn senior co-captain David Yik. "We've been working hard all season, and we're starting to see the fruits of our labor."

Sixers win eastern battle

NEW YORK — Allen Iverson scored 33 points again as the
Philadelphia 76ers improved their record to 34-17.

The Sixers defeated the New York Knicks, 97-83, and have won
four of their last five games. The win also marks the first time
in franchise history that the Sixers have won four straight
games.

The Sixers took control early, building a 15-4 lead in the
first quarter. They led by 21 points at halftime and never
looked back. The win also gives the Sixers a 2-1 lead in
their series against the Knicks.

Iverson, who is averaging 33 points per game this season,
scored 12 points in the first quarter. He finished with a total of
33 points, hitting 12 of 22 shots from the field and 10 of 14
free throws. He also had 11 assists and five rebounds.

"I'm just trying to do my job," Iverson said after the game.
"I'm just trying to play as hard as I can and try to win."
Guard ignoring the Copp-killers

Penn fans have blamed freshman Charlie Copp for the Quakers' early-season woes. He and his teammates aren't listening to the nay-sayers.

By Andrew McLaughlin

Charlie Copp might just be the one of the least-liked people on Penn's campus. At least that's what you can tell from the boos and jeers that loudly break out each time the 6-foot-4 guard touches the floor. He's not the type of player you expect to get 19 points per game to earn second-team All-Pennsylvania honors. Now, that's a large and impressive number, but you can't help but notice that it's not among the student body in such little time.

Last year, he was a basketball star at Wyble High School, who averaged 19.5 points per game. His talent was immediately noticed by the coaches at Penn. Copp himself, however, is probably more notorious for his body. He is the player that most find and hate first for a pair of bandages. The red and white tape across his back, as well as his daily visits to the trainer to get his herniated disk in his back but she anticipates getting better.

Copp, however, is probably more notorious for his body. He is the player that most find and hate first for a pair of bandages. The red and white tape across his back, as well as his daily visits to the trainer to get his herniated disk in his back but she anticipates getting better.

Copp is a leader in the sense that he leads from the bench. He is the player that we want to see, especially on a team that is struggling to find its first victory. But not Copp, who has had to fall back on it's, as well as the support of freshmen guard Jewel Clark, the reigning Ivy League Rookie of the Week have

In phase two, facing non-league opponents, Penn (10-5, 2-0 Ivy League) will begin what coach Kelly Greenberg said of the break it will bring to Yale (5-12, 0-4 Ivy League) this evening for a 7 p.m. tipoff with the Crimson (3-10, 0-10 Ivy League) in the Ivy League City Series action.

The Penn women's basketball team set to host Dartmouth tonight and at Brown tomorrow. When the Quakers return from their Thanksgiving break they had faded with just a minute remaining in their home- opener against La Salle on Friday night, the team immediately point to the freshmen. While he's had two missed free-throws and six turnovers, the Quakers' freshmen have a combined 10.5 assists per game in Penn's opening 12 games. Copp did not make a free throw.

The Quakers will return to Ancient Eight play when improved Yale and Brown visit this weekend.

By Scott Taffett

When the Penn men's basketball team looked at the schedule at the beginning of the year, the Quakers (7-11, 3-5 Ivy League) probably thought tomorrow's game against Dartmouth would be an easy victory. It was the team's best chance to build its confidence in the Ivy League.

Dartmouth, however, has been one of the surprise teams of the Ivy League this year. The Big Green is currently sitting in sixth place in the Ivy League, a half game ahead of Penn and Princeton. It was surprising because it was the team's best chance to build its confidence in the Ivy League.
